

Chairman's Pen

My dear fellow exporters,

The Chief Economic Advisor to the Ministry of Finance, Dr. Kaushik Basu has stated that he hopes that next fiscal year will be much better for India's economic growth. It is believed that the Central Public Sector Units will invest around Rs. 14000 crores in the next fiscal.

While this will have a multiplier effect on private investment demand, we also hope that the foreign demand too will also pick up in the next fiscal.

Yours sincerely,
