Chairman's Pen

My dear fellow exporters,

Engineering exports to the US are likely to increase to US\$15 billion in the next 2-3 years by maintaining the tempo achieved in this year. Engineering exports, including value-added products such as aircraft and spacecraft parts, to the US increased close to 30 per cent to US\$ 5.8 billion during April-December over US\$ 4.45 billion in the same period last year.

The fiscal may close with shipments of engineering goods to the US in the range of US\$ 7.5 billion and may even touch US\$ 15 billion in the next two to three years.

Yours sincerely,

Anupam Shah
(ANUPAM SHAH)
