

Council's Activities

EEPC India Invites Participation for India Pavilion at MIDEST 2009 Paris, France (17 - 20 November, 2009)

MIDEST is the world's largest show exclusively dedicated to Industrial Subcontracting and business conferencing. It is the sourcing platform for International Suppliers of Industrial Subcontracting. It is a show for the forging of partnerships and monitoring technology, serving manufacturers, component suppliers and assemblers who are looking for face-to-face meetings with providers of solutions in metal working, plastics, electronics and industry services.

MIDEST 2009 is scheduled to be held from 17th to 20th November, 2009 at Hall No. 6 of the Paris-Nord Villepinte Exhibition Center in Paris, France. This show attracts an average of 2,000 exhibitors every year out of which 39% exhibitors are from countries other than France. Last year the fair was visited by 37,640 visitors, 14% of which came from 54 foreign countries. MIDEST is organized by Reed Exhibitions, the leading trade show organizer in France.

The export of engineering goods from India to European countries has reached a level of US\$ 8.81 billion in 2007-08 against a value of US\$ 6.73 billion during 2006-07 thereby registering a growth of 30.97%. The last three years trend indicates an average growth of 40.40%. This shows that the Indian engineering goods are regularly finding a favourable place in European market.

EEPC India is organizing an India Pavilion at MIDEST 2009, Paris which would provide an excellent opportunity for business relationships with customers from all over the world.
