

**Chairman's Pen**

*My dear fellow exporters,*

*EEPC INDIA is now ready to take its flagship exclusive engineering exhibition INDEE to Yangon in Myanmar. The 28th edition of INDEE is scheduled to take place from 13 – 15 March 2014 in Yangon, Myanmar.*

*MYANMAR is rich in natural and mineral resources, which provides significant economic potential. India's Look East Policy is a great starting point for us to build closer economic relations with Myanmar. The two countries can work together in a large number of countries particularly as Myanmar can serve as a bridge between India and ASEAN and India and China to promote trade in the region. The Myanmar government has put huge emphasis on infrastructural development projects as it saw connectivity as one of the main factors in promoting trade, thus creating huge opportunities for Indian engineering exports.*

*Members are requested to participate in INDEE and make it a grand success.*

*Yours sincerely,*

*Anupam Shah*
