Council's Activities

EEPC India Invites Participation for International Technical Fair 2013, Plovdiv, Bulgaria (30 September - 05 October 2013)

The International Technical Fair (ITF) is the most renowned Bulgarian forum of investment goods and technologies in southeastern Europe. The International Technical Fair gives an opportunity to world's leading companies in machine building, automobiles, transport, electronics, electrical engineering, construction, power engineering, information technologies, software products, ecology, etc. to showcase their strength in this important fair.

The 69th edition of The International Technical Fair (ITF) will be held in Plovdiv fairgrounds which is a modern exhibition venue, designed to display all kinds of exhibits, spread on an area of 352,000 sqm. The exhibition space totals approx. 159,100 sqm, the indoor area is 64,500 sqm, while the outdoor area amounts to 94,600 sqm.

International Technical Fair (ITF) which is an annual event is the ideal platform to promote products and services and comprises of 10 concurrent events focusing on different sectors of manufacturing and processing industry.

Over 1,250 (752 direct exhibitors and 505 represented companies) from 43 countries participated in ITF 2012. There were 15 country pavilions from Argentina, Austria, Belgium, Chinese Taipei, Czech Republic, Greece, Hungary, Iraq, Italy, Poland, Romania, Russian Federation, Slovakia, Turkey and the UK.

The fair successfully attracted over 40,000 trade visitors including from outside Bulgaria- viz Albania, Algeria, Armenia, Austria, Azerbaijan, Belarus, Belgium, Bosnia and Herzegovina, Croatia, Cyprus, Czech Republic, Denmark, France, Germany, Greece, Hungary, Kazakhstan, Kosovo, Libya, Malta, Moldova, Monte Negro, the Netherlands, Norway, Poland, Romania, Russian Federation, Saudi Arabia, Serbia, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Turkey and Ukraine.

Bulgaria

Bulgaria has been included in the Focus Market Scheme of the Foreign Trade Policy with effect from January 2013 to increase exports to that country given the export potential. Five years after joining the European Union (EU), Bulgaria offers tremendous investments and business opportunities with second-lowest government debt in the European Union (17.0% of GDP) and one of the lowest budget deficits (2.1%) as of 2011.

The country now enjoys political stability; Bulgaria has the most favourable tax regime in Europe. Corporate income tax rate is 10%, the lowest in the EU together with Cyprus. Personal income tax is 10%, flat rate. Industries in high-unemployment areas are granted 0% tax rate. There is a 2-year VAT exemption for imports of equipment for investment projects over Euro 5 million, creating good job opportunities.

Bulgaria is expected to grow on an average of 1.3% in the coming years. This is relatively low compared to the average of other Central and Eastern European countries and also relatively low compared to the global average of 3.7%. Because of its own economic growth and that of its main trading partners, Bulgaria's exports are expected to grow 12% annually to US\$56 bn in 2017, making Bulgaria one of the larger among the exporting countries worldwide. Similarly, import demand will grow with an average of 10% per year to US\$57 bn in 2017, meaning that Bulgaria will take the 52nd position on the global list of largest importers. By 2017, Bulgaria will mainly import fuels, office telecom & electrical equipment and ores & metals, which together account for 38% of total imports of Bulgaria. Similarly, Bulgaria's exports will mainly consist of ores & metals, basic food and textiles (including fibres, yarn and products). Together these products will represent 51% of total exports in 2017.

The Bulgarian Government introduced the lowest tax rates in the region – ten per cent rate both on personal income and on corporate income, which contributed to strong foreign investment inflows.

Located at the heart of the Balkans, Bulgaria is a strategic logistics hub and provides excellent launching pad for sales into the European Union, Russia, Turkey and the Middle East.

INDIA'S LARGEST INTERNATIONAL ENGINEERING SOURCING SHOW

The third edition of India's largest international engineering sourcing show will open on 22 January 2014 in Mumbai. Organized by the Ministry of Commerce & Industry, Government of India, with EEPC India as the lead agency, the India Engineering Sourcing Show (IESS) 2014 will expand its ambit and include a whole range of business services and a special show on cutting-edge technology. As in the second edition, IESS 2014 will be an expansive showcase of India's manufacturing capabilities to an international audience.

362 Indian and foreign companies displayed their capabilities in IESS 2013. International country pavilions were from Czech Republic, France, Japan, South Africa, Thailand and Yemen. Australia, Canada and Hungary also sent their exhibitors. Various Indian Ministries/Government Departments like Department of Heavy Industries, Indian Army, DGQA, Ministry of Defence, Governments of Madhya Pradesh, Punjab and Rajasthan, Maharashtra Industrial Development Corporation, The National Small Industries Corporation Ltd., Rail Wheel Factory (Ministry of Railways), MMTTC Ltd., and the Indian Space & Research Organization participated at IESS 2013.

Top Indian corporates included Bajaj Electricals Limited, Birla Ericsson Optical Limited, Finolex Cables Ltd., HPL India Ltd., Jindal Steel & Power Limited, JSW Steel Ltd., Mahindra World City, etc.

India and the Czech Republic attach a great deal of significance to their bilateral partnership. This was confirmed again by the fact that the Czech Republic participated as the Partner Country in IESS 2013. According to the Minister of Industry and Trade of the Czech Republic, Mr M Kuba, the participation of the Czech Republic in IESS 2013 was an unprecedented step forward in forging bilateral economic and commercial relations. The Czech Republic brought about 100 business delegates. The focus sectors for the Czech Republic were Heavy Machinery, Auto, Defence, Energy and Science & Technology. Czech multinational companies like Vitkovice Machinery Group, Skoda Group were part of 33 Czech exhibitors.

Nearly 1000 international delegates attended the show from all over the world. The Show was visited by around 6,000 serious business visitors who included CEOs and decision makers.
