ENGINEERING EXPORT BULLETIN

WEEKLY NEWSLETTER VOL. 10 ISSUE NO. 28 JULY 14, 2008

Highlights

INDEE – Kuala Lumpur 2008, Malaysia

EEPC is organising an Indian Engineering Exhibition (INDEE) in Kuala Lumpur, Malaysia from September 25 - 27, 2008. Members are requested to register their participation within **14th August, 2008**

INDEE – Shanghai 2008, China

EEPC is organising an Indian Engineering Exhibition (INDEE) in Shanghai, China from November 4 - 8, 2008. Members are requested to register their participation within **30th August, 2008**

India Pavilion at Automechanika 2008, Frankfurt, Germany

EEPC is organising an India Pavilion in Automechanika 2008, Frankfurt, Germany to be held on September 16 - 21, 2008. Members may avail the opportunity by displaying their company catalogues through EEPC Information Booth.

Govt. Notices/ Notification/ Circular/

Public Notice No. 49 (RE-2008)/ 2004-2009 dated 8th July, 2008
– Appendix 31A and ANF 2C-1 added.

Policy Circular No. 17 (RE-2008)/ 2004-2009- dated 4th July, 2008
– Submission of multiple application and part payments for claiming deemed export benefits under para 8.3.1 of HBP - Clarification regarding.

India Pavilion at Pumps & Systems Asia 2008 held at Singapore Expo, in Singapore City, Singapore on 2nd July, 2008.

Chairman's Pen

My dear fellow exporters,

It is now clear that the Indian economy is on the down swing with the industrial growth falling to just below 3% as per latest data given out by the Government. The major impact for exporters in particular relates to the menace of inflation in the economy. The Government and the RBI have tightened the monetary policy as a result of which credit cost has gone up substantially with the worst of the sharp increase in credit costs being borne most by the small and medium scale exporters.

In these trying circumstances, there are no easy solutions. Further, the political uncertainty has added to the economic uncertainty in the country. We do hope that this would a temporary phase and the present inflationary situation will be brought under control within next 6 months. During this period our member-exporters will have to do all they can to enhance productivity to stay competitive in world markets. The Council has been receiving some complaints with regard to the lack of availability of certain engineering raw materials like steel etc. We have requested the steel majors to supply raw materials to the member companies so that export commitments of our member companies can be made.

Moreover, the Council is also taking up with the Government other procedural handicaps and we hope that it will be possible to sort out procedural issues in present conditions.

Yours sincerely,

(RAKESH SHAH)

**Engineering Export Promotion Council
Invites Participation in
INDEE – Kuala Lumpur, 2008
(Indian Engineering Exhibition)
September 25-27, 2008
at
Putra World Trade Centre
Kuala Lumpur
Malaysia**

Preamble

EEPC is pleased to announce its next INDEE - Kuala Lumpur – to be held in Kuala Lumpur, Malaysia at Putra World Trade Centre during 25-27 September, 2008. This is a major step forward to enter into the Malaysian market. Our INDEE is coincided with **ASEAN International Woodworking Machinery Fair** and **SME International Trade Fair** which are considered to be major events - not only in Malaysia, but also in SE Asia.

This exhibition will be supported by the following trade associations of Malaysia in order to draw attention of their members to visit our event :

- Malaysia External Trade Development Corporation (**MATRADE**)
- Small & Medium Industries Development Corporation (**SMIDEC**)
- Malaysian Industrial Development Authority (**MIDA**)
- Professional Services Development Corporation (**PSDC**)
- Federation of Malaysian Manufacturers (**FMM**)

About Malaysia

Malaysia emerges as one of the most potential countries in the South East Asian Region immediately after Singapore and Indonesia. India's engineering exports achieved a growth of 6.08% during 2006-07 over the previous year. However, the growth during April-December 2007 as compared to the same period for the earlier year is 97.02% which is very encouraging. The recent trend in the export growth of engineering products and services to Malaysia could be a focal point to capitalize on the opportunities existing over there.

Malaysia boasts one of South East Asia's most vibrant economies, the fruit of decades of industrial growth and political stability. Malaysia's economic prospects remain healthy, although it faces fierce competition from its neighbours, and from China and India.

Malaysia's Business Landscape

Malaysia is among the world's top 20 trading nations with a strong, open economy and a Government committed to international competitiveness in terms of trade and investment. As part of Malaysia's commitment to WTO and unilateral liberalization measures, it has reduced or abolished important duties on almost 5,000 items. To facilitate trade, more than 60% of tariff lines are subject to zero duty.

Malaysia is also a part of the ASEAN trade block. The bilateral agreement between India and the ASEAN countries which is being negotiated at the moment, will provide newer opportunities to the Indian business community.

Under AFTA's Common Effective Preferential Tariffs (CEPT), ASEAN member countries have agreed to progressively reduce import duties, ranging from zero to 5%, on all products. As an original member, Malaysia fully implements CEPT.

Product Sector

- Automotive
- Pharmaceutical Equipment and Medical Devices
- Food Processing and Packaging
- Mining Equipment
- Textile Machinery
- Pipes & Tubes for Oil and Gas exploration sector
- Palm Oil Extraction Plant
- Machine Tools
- Metal Fabrication
- Moulds & Dies
- Hand Tools
- Sheet Metal processing
- Hardware & Power Tools
- Welding & Fastening
- Industrial Automation
- Castings
- Forgings
- Renewable Energy (Wind/Solar)
- Electricals & Electrical Power Equipments
- Construction Machinery & Equipment
- Copper Alloy/Wires
- Primary Steel based items
- Stainless Steel Utensils/Kitchenwares & Cutleries
- Agricultural Machinery
- Industrial Fasteners
- Small & Cutting Tools
- Pumps & Diesel Engines
- Woodworking Machinery
- Industrial Fans
- Oil Mill Machinery
- Aluminium & Aluminium Products

Other Salient Features

Venue : Hall No. 3, Putra World Trade Centre (PWTC), Kuala Lumpur, Malaysia

Date : 25 – 27 September, 2008

Display Booth

The in-built booth of minimum 9 sq. mtr. shall contain -

1 Round Table, 3 Chairs, 1 Waste Bin, 3 Spot Lights, Fascia, one 10 Amp. Electrical Socket, Wall-to-Wall Carpet. For additional furniture and other requirements, prior intimation has to be made to the Council against payment.

Larger booths in multiple of 3 sq. mtr. are also available.

Participation Charges

One side open booth : US\$ 360 per sq. mtr. or Indian Rs. 16,000/- per sq. mtr.
+ Rs. 1,978/- per sq. mtr. as deposit towards Service Tax.

Two sides open booth : US\$ 432 per sq. mtr. or Indian Rs. 19,200/- per sq. mtr.
+ Rs. 2,373/- per sq. mtr. as deposit towards Service Tax.

Early Bird Rates

One side open booth : US\$ 335 per sq. mtr. or Indian Rs. 15,000/- per sq. mtr.
+ Rs. 1,854/- per sq. mtr. as deposit towards Service Tax.

Two sides open booth : US\$ 400 per sq. mtr. or Indian Rs. 18,000/- per sq. mtr.
+ Rs. 2,225/- per sq. mtr. as deposit towards Service Tax.

- (a) Early bird rates are applicable to those who will confirm their bookings on or before 31st July, 2008.
- (b) Participants of this exhibition will get preferential rates for INDEE-Shanghai to be held on 4-8 November, 2008 at Shanghai, China.

Note : In case Service Tax is not chargeable, the deposit would be returned to participants.

If participants make payments in US dollars, then Service Tax is not applicable.

Due to limited availability of corner booths, allocation will be done on first-come-first-served basis subject to receiving full payment.

Payment & Cancellation

Full payment should be made along with **Application Form**, duly filled in latest by **14th August, 2008**. The payment should be made by way of **Demand Draft** drawn in favour of "**Engineering Export Promotion Council**".

Booking of space will be considered only after receiving 100% payment. 50% cancellation charges applicable if reservation is cancelled before 14th August, 2008. Any cancellation after this date would result in 100% forfeiture. Acceptance of application and allocation of space will be at the sole discretion of the Council.

Shipment of Exhibits

In order to facilitate shipment of exhibits, Council will appoint a Shipping Agent.

Selection Criteria

Final selection of the participants will be done by a Committee based on the criteria such as Accreditation to the International Standards (like ISO, QS, etc.), foreign collaboration, annual exports etc.

Travel and Hotel Accommodation

Council will assist participants in locating suitable airlines and hotels at Kuala Lumpur, Malaysia at negotiated rates through accredited Travel Agents. However, participants are free to make their own travel/hotel arrangements.

Visa

Council will issue recommendation letters in favour of the representatives of the participating Indian companies in INDEE for issuance of visa for the show. However, EEPC will not give any guarantee to this effect, as this is the sole discretion of the Malaysian High Commission in India.

MDA Grant

All eligible participants will be entitled to MDA grant under Focus ASEAN Programme of the Ministry of Commerce, Government of India as per the MDA Guidelines effective from April 01, 2006. The MDA Guidelines can also be downloaded from <http://www.commerce.nic.in/mda-guidelines.pdf>

Assistance would be permissible on travel expenses by Air on return Economy Excursion Class fare and charges of built up furnished stall subject to an upper ceiling of Rs. 1,50,000/- (Rupees One Lakh Fifty Thousand only).

Further, eligibility for MDA grant is subject to exporting companies having FOB value of exports not exceeding Rs. 15 crores in the preceding year, having completed 12 month membership with EEPC with regular filing of returns and fulfilling other conditions, details of which can be obtained from respective Regional Offices of EEPC.

Submission of Application

Interested firms may please send their Application Forms (enclosed) duly filled in and signed, along with the payment latest by **14th August, 2008** to any of the following offices in the respective regions :

**Engineering Export Promotion Council
Invites Participation in**

**INDEE – Shanghai, 2008
(Indian Engineering Exhibition)**

November 4-8, 2008

at

**Shanghai New International Expo Centre (SNIEC)
Shanghai, China**

Preamble

In order to have its first-ever foothold into the one of the most upcoming industrial nations in the world, EEPC is pleased to announce its forthcoming INDEE at Shanghai, China scheduled to take place at Shanghai New International Expo Centre (SNIEC), Shanghai, China during 4-8 November, 2008. This INDEE is being coincided with **Metalworking & CNC Machine Tool Show** which is the concurrent Show covered under **China International Industry Fair 2008** that is considered to be one of the major events in China visited by business community not restricting within South East Asia and Asia-Pacific but all over the world.

CIIF 2008 is being organized by **Shanghai World Expo (Group) Co., Ltd.**, in association with **Hannover-Messe International GmbH & Hannover Fair Shanghai Ltd.**, and co-organized by **China Machinery Industry Federation**. The event is supported by various departments of Government of China such as –

- Ministry of Commerce
- Ministry of Science & Technology
- Ministry of Information Industry
- Chinese Academy of Science
- Chinese Academy of Engineering
- China Council for the Promotion of International Trade (CCPIT)
- Shanghai Municipal People's Government

The previous event was organized in an area of **1,04,220 sq. mtr.** attracting **1,775 exhibitors** from all over the world and which was visited by over **95,000 business professionals and decision makers**.

It gives an ample opportunity to the participating companies to have two-way business interactions with a cross-section of business visitors all around.

China in Brief

The People's Republic of China has the second largest economy in the world after the US with a GDP of over US\$ 7 trillion (2007) when measured on a purchasing power parity (PPP) basis. In November 2007, it became the third largest in the world after the US and Japan with a nominal GDP of US\$ 3.42 trillion (2007) when measured in exchange-rate terms. China has been the fastest-growing major nation for the past quarter of a century with an average annual GDP growth rate above 10%. China's per capita income has grown at an average annual rate of more than 8% over the last three decades drastically reducing poverty. The country's per capita income is at about US\$ 2,000 at nominal exchange rates and US\$ 7,800 in PPP terms in 2006, according to the IMF.

The country is one of the world's largest producers of a number of industrial and mineral products, including cotton cloth, tungsten, and antimony, and is an important producer of cotton yarn, coal, crude oil, and a number of other products. Its mineral resources are probably among the richest in the world but are only partially developed. China has acquired some highly sophisticated production facilities through trade and also has built a number of advanced engineering plants capable of manufacturing an increasing range of sophisticated equipment, including satellites.

Industry and construction account for about 48% of China's GDP. Around 8% of the total manufacturing output in the world comes from China itself. China ranks third worldwide in industrial output. Major industries include mining and ore processing; iron and steel; aluminum; coal; machinery; armaments; textiles and apparel; petroleum; cement; chemical; fertilizers; food processing; automobiles and other transportation equipment including rail cars and locomotives, ships, and aircraft; consumer products including footwear, toys, and electronics; telecommu-nications and information technology. China has become a preferred destination for the relocation of global manufacturing facilities. Its strength as an export platform has contributed to incomes and employment in China. The state-owned sector still accounts for about 40% of GDP. In recent years, authorities have been giving greater attention to the management of state assets - both in the financial market as well as among state-owned-enterprises - and progress has been noteworthy.

India-China Bilateral Trade and the emerging opportunities

Trade relations between the two countries have been on the increase. At present the balance of trade is in favour of China. India's exports to China were to the tune of US\$ 1,26,262.68 million in the year 2006-07 and imports from China to India was US\$ 1,85,604.10 million. Thus the total trade was US\$ 3,11,866.78 million.

Engineering goods scope in China

China ranks first as an importer of engineering goods and machinery in the world with imports in this category reaching US\$ 335.30 billion in 2007. China mainly imports machinery and engineer-ng goods from Europe, Japan, South Korea and Taiwan. In 2007, to meet the demand of machine tools, China imported products worth US\$ 9.72 billion. Indian engineering industry is yet to tap this market largely on account of lack of understanding about Indian engineering industry in China.

China today is also a major importer of machinery items. There are niche areas where we can promote our exports to meet Chinese demand. Many Chinese companies are interested to source vendors and parts from India either for projects in China or for projects in third countries. Products that are looked to be sourced from India are :

Pressure Vessels, Pressure Vessels Internals, Air Coolers, Heat Exchangers, Storage Tanks, Furnaces, Boilers, Cooling Towers, Pumps, Compressors and Boilers, Agitators and Mixers, Fans, Turbines, Gears, Electric Motors, Valves, Pipes, Fittings, Flanges and Ring Joints, Transmitters and Converters, Control Room Instruments, Control Valves, Safety Valves, Instrument Cables and Tubes, Electric Cables, Transformers, Medium Voltage Panels, Low Voltage Panels.

Share of Small and Medium Industries in total exports is also growing at a steady rate. Out of the above mentioned items there are various items manufactured by Indian small and medium industries that have good export potential for the Chinese market.

Product Sector

CNC and Metalworking

- CNC & NC Metal Cutting Machine Tools, Components and Auxiliary Equipment
- Metal Forming Machines and special purpose Machines
- Inspection, Measuring Equipments, Abrasive, Cutting Tools, Tooling. Jig Fixture & related products
- Small and Cutting Tools including Engineers Files
- Steel Pipe, Tubes and Fittings
- Fabricated Steel Structures, Castings and Forgings
- Ferrous and Non-Ferrous Metals

Key Technology & Equipment

- Large-scale Hot and Cold Rolling Sheet Complete Set of Equipment
- Large-scale Underground Coal Integrated Mining Equipment
- Large-scale Construction Machinery
- Agricultural Machinery & Equipment
- Industrial Machinery for manufacture of Sugar, Paper, Cement, Chemicals including Pressure Vessels, Boilers and Heat Exchangers
- Industrial Machinery - Other including Heating, Cooling and other Air-conditions Equipment
- The large-scale Petrochemical Equipment
- Chemical Industry Complete Set of Equipment

Energy

- Power Stations, Power Station Technology, Power and Thermal Engineering
- Electricity Generating Sets, Boilers, Turbines and Engines
- Electric Power Machinery, Switchgear & Controlgear
- Energy Transmission and Conduction, Conversion, Distribution and Storage
- Control Equipment, Measurement and Control Equipment for Power Engineering
- Regenerative Primary Energy Sources, Renewable Energy

Industrial Automation & ICT Technology

- Mechanical & Electrical Engineering Equipment and Accessories
- Industrial IT & Software, CAD & CAM Systems and ERP Solutions
- Microsystems Technology and Nanotechnology
- Telecommunication and Network
- Information Security
- Electronic Components and Devices
- Instruments - all types

Environment Protection Technology & Equipment

- Water Treatment Technology and Equipment
- Waste Disposal and Recovery and Utilization Technology and Equipment
- Measuring, Control and Laboratory Technology
- Energy-Saving Technology and Equipment
- Pumps – all types

Scientific Technology & Innovation

- Achievements from Scientific and Technological Innovation by Enterprises, Research Institutes
- Design Technical and Consultancy Services
- Engineering Process Outsourcing (EPO)

Other Salient Features

Venue : Shanghai New International Expo Centre (SNIEC), Shanghai, China

Date : 4 – 8 November, 2008

Display Booth

The in-built booth of minimum 9 sq. mtr. shall contain -

1 Round Table, 3 Chairs, 1 Waste Bin, 3 Spot Lights, Fascia, one 10 Amp. Electrical Socket, Wall-to-Wall Carpet. For additional furniture and other requirements, prior intimation has to be made to the Council against payment.

Larger booths in multiple of 3 sq. mtr. are also available.

Participation Charges

One side open booth : Euro 200 per sq. mtr. or Indian Rs. 14,000/- per sq. mtr.
+ Rs. 1,730/- per sq. mtr. as deposit towards Service Tax.

Two sides open booth : Euro 240 per sq. mtr. or Indian Rs. 16,800/- per sq. mtr.
+ Rs. 2,076/- per sq. mtr. as deposit towards Service Tax.

Early Bird Rates

One side open booth : Euro 180 per sq. mtr. or Indian Rs. 12,600/- per sq. mtr.
+ Rs. 1,557/- per sq. mtr. as deposit towards Service Tax.

Two sides open booth : Euro 216 per sq. mtr. or Indian Rs. 15,120/- per sq. mtr.
+ Rs. 1869/- per sq. mtr. as deposit towards Service Tax.

(a) Early bird rates are applicable to those who will confirm their bookings on or before 16th August, 2008.

(b) Participants of INDEE - Kuala Lumpur will get 5% discount over and above the subsidized rates stated above.

Note : In case Service Tax is not chargeable, the deposit would be returned to participants.

If participants make payments in Euros, Service Tax is not applicable.

Due to limited availability of corner booths, allocation will be done on first-come-first-served basis subject to receiving full payment.

Payment & Cancellation

Full payment should be made along with **Application Form**, duly filled in latest by **30th August, 2008**. The payment should be made by way of **Demand Draft** drawn in favour of "**Engineering Export Promotion Council**".

Booking of space will be considered only after receiving 100% payment. 50% cancellation charges applicable if reservation is cancelled before **15th September, 2008**. Any cancellation after this date would result in 100% forfeiture. Acceptance of application and allocation of space will be at the sole discretion of the Council.

Shipment of Exhibits

In order to facilitate shipment of exhibits, Council will appoint a Shipping Agent.

Selection Criteria

Final selection of the participants will be done by a Committee based on the criteria such as Accreditation to the International Standards (like ISO, QS, etc.), foreign collaboration, annual exports etc.

Travel and Hotel Accommodation

Council will assist participants in locating suitable airlines and hotels at Shanghai at negotiated rates through accredited Travel Agents. However, participants are free to make their own travel/hotel arrangements.

Visa

Council will issue recommendation letters in favour of the representatives of the participating Indian companies in INDEE for issuance of Visa for the Show. However, EEPC will not give any guarantee to this effect, as this is the sole discretion of the Embassy of China in India.

MDA Grant

This project is under Market Access Initiative (MAI) Scheme of the Government of India. Therefore, the cost of participation is highly subsidized. In fact, the cost of direct participation is Euro 280 per sq. mtr. However, no separate subsidy under MDA is available for this event.

Submission of Application

Interested firms may please send their Application Forms (enclosed) duly filled in and signed, along with the payment latest by **30th August, 2008** to any of the following offices in the respective regions :

Catalogue Show at Automechanika Frankfurt, Germany

(September 16 - 21, 2008)

Engineering Export Promotion Council (EEPC) is organizing an India Pavilion at **Automechanika 2008**, Frankfurt which would provide an excellent opportunity for establishing business relationships with customers from all over the world.

All booths booked.

May still have presence in the Exhibition

Display your company Catalogues through EEPC Information Booth.

EEPC will do the rest.

What you need to do?

Send your catalogues (Maximum 25 Nos., not exceeding 5 Kgs.) at the following address with a payment of Rs. 10,000/- by way of Cheque/Demand Draft drawn in favour of Engineering Export Promotion Council.

Overseas Market Information

Ethiopia

Cement Project

Ethiopian firm Derba-MIDROC Cement PLC signed an agreement with three international and local financiers i.e. African Development Bank (AfDB), International Finance Corporation (IFC), European Investment Bank (EIB) and the Development Bank of Ethiopia for its new cement development project. The project is worth of US\$ 200 million. It is the first time the three international financiers have advanced loans to privately owned investment in Ethiopia. Amongst these three financiers the AfDB and IFC have invested US\$ 55 million each in the cement factory and US\$ 45 million have been invested by both EIB and DBE. The installation of the plant is projected to cost US\$ 351 million, of which the company contributed the remaining US\$ 151 million in equity.

Also, Derba-MIDROC signed a turnkey contractual agreement with China National Building Materials Co. Ltd. which involves the design, supply, erection, commissioning and handing over of the plant and expected to have a production capacity of 80,000 quintals a day, or 25 million quintals a year. The Indian company Holtec Consulting Pvt. Ltd. acts as a Consultant to the turnkey project of the Derba MIDROC cement plant. A booming construction industry has pushed the demand to more than double the what is currently produced. Hence, the Ethiopian Government has put in place a FRANCO VALUTA IMPORT SCHEME for investors interested in importing cement. A total of 24 companies including Derba-MIDROC, have subsequently penetrated the cement import business.

Public Notice No. 39 (RE-2008)/2004-2009

Dated 4th July, 2008

In exercise of powers conferred under paragraph 2.4 of the Foreign Trade Policy 2004-09, the Director General of Foreign Trade hereby makes the following amendments in Handbook of Procedures, 2004-09 Vol. I (RE-2008). The following shall be added at the end of paragraph 5.7.4 :

"Exports made against an EPCG licence/authorization, which have not been redeemed, shall not be added up for calculating the average export performance for the purpose of subsequent EPCG authorization."

The above provision shall be applicable to all EPCG licences issued on or after 1.4.2007.

Public Notice No. 40 (RE-2008)/2004-2009

Dated 4th July, 2008

In exercise of power conferred under paragraph 2.4 of the Foreign Trade Policy 2004-09, the Director General of Foreign Trade hereby makes the following amendments in the Handbook of Procedures (Vol. I) :

Para 6.21.5 of HBP shall be amended to read as :

“In case of sub-contracting of production process abroad, goods may be exported from sub-contractor premises subject to conditions that at the time of clearance of goods, the EOU/EHTP/BTP/STP shall declare (i) the transaction value of the finished goods to be cleared from the sub-contractor’s premises abroad; (ii) job work charges to be paid to the sub-contractor abroad; and (iii) value of intermediate goods, supported with documents like (a) sale price contract/or invoice for the finished goods, (b) job work contract and (c) the basis of arriving at the value of intermediate goods. The EOU/EHTP/BTP/STP shall also ensure full repatriation of foreign exchange declared as the transaction value of the finished goods cleared from the sub-contractor’s premises abroad.”

Policy Circular No. 17 (RE-2008)/2004-2009

Dated 4th July, 2008

Subject : Submission of multiple applications and part payments for claiming deemed export benefits under para 8.3.1 of HBP- Clarification regarding.

Sub paras 8.3.1(ii) and (iv) of HBP V I, inter alia stipulate that claims for deemed export benefits should be filed within a period of twelve months from the date of payment/date of receipt of supplies by project authority. It is also laid down that 100% TED refund may be allowed after 100% supplies have been effected physically and payment received at least up to 90%.

2. It has been pointed out by Trade and industry that in case of project supplies, there are large number of supplies and it will be difficult if only one application within 12 months time is allowed, as is being interpreted by some RAs. Another issue raised is that claims on the basis of part payments are being disallowed by some authorities on the ground that as per PN 102 dated 16.1.08, 100% TED may be allowed after 100% supplies have been made physically and payment received upto 90%,.
3. The issues have been considered. It is seen that sub-paras 8.3.1 (ii) and (iv) of Handbook v1 do not impose restriction on submission of multiple applications. However, to reduce the paper work and ensure proper monitoring, there is necessity to limit the number of applications which an applicant may file within a financial year. Therefore, it is clarified that in respect of all the claims arising for a particular calendar month/quarter (as per option of applicant), a single consolidated application should be filed within the stipulated time period. This may cover claims arising in respect of more than one EPCG licence and /or Invalidation letters/ARO, project supplies etc. Any subsequent application filed later on, in respect of claims arising in the same calendar month/quarter (as per exercised option of applicant) will be treated as supplementary claim for the purpose of applying cut as in para 9.4 of HBP v1.
4. Further, the condition of 100% supplies and 90% payment apply for 100% TED refund. Accordingly, TED reimbursement on prorata or actual basis whichever is less, would be admissible for part payments received, subject to production of documents evidencing payment of TED.
