## Chairman's Pen

*My dear fellow exporters,*

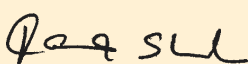

*I am glad to inform you that after many presentations from the Council to the Department of Commerce on the need to halt the declining export trend in the Hand Tools Industry, five tariff lines in the Hand Tools Industry has now been included in the Focus Product Scheme. The Council conveys its thanks to the Department of Commerce for recognizing the tremendous contribution that the Hand Tools Industry has made not only in promoting export, but also in creating employment generation in the country for which it needs to be supported through progressive measures such as the Focus Product Scheme. I hope this will provide the necessary booster for Hand Tools Exporters and they will take necessary steps to reverse the declining export trend in their sector.*

*The confusion with regard to the export duty Notification No. 66/2008-Customs dated 10th May, 2008 continues and the Council has also met Shri Vivek Johri, Joint Secretary (TRU), Ministry of Finance, Government of India, in this regard. Shri Johri has requested that in case of problems related to such confusion being created at the Customs Offices, members may kindly intimate the same by letter to Shri Johri. Members may kindly write to us mentioning the HS Codes on their products on which export duties are being charged by the Customs Authorities and can also write directly to Shri Johri, which can be sent by Fax to him at the No. 011-2309 2031*

*As I had informed to you last week, the Indo-EU Trade Sub-Commission will be held in the month of June 2008. The Council has made a detailed presentation to the Government in this regard highlighting the problem faced by our member exporters on issues such as Visa, technical standards, high certification charges etc. We hope that at the Trade Sub-Commission meeting will discuss threadbare these issues to enable Indian exporters to enhance their links with European Union. Some members have also mentioned to us about the problems faced by them with regard to GSP and GSTP Certification at EIC offices. We have already taken up this matter with the Department of Commerce and we hope that steps would be taken to streamline this process.*

*I would also like to inform you that the Council has submitted an application for the World TPO Awards 2008 for the best TPO from a developing country category. This is, indeed, a prestigious award and TPO's from various parts of the world apply for the award. We have presented an excellent document along with our application to justify why EEPC should get the award in this category and we hope that with your blessings, the Council will be able to achieve this milestone.*

*Yours sincerely,*

(RAKESH SHAH)

### Serbia, Croatia and Romania sign PEOP agreement

Serbia, Croatia and Romania signed an agreement on establishing a joint company that would participate in construction of the Pan-European Oil Pipeline (PEOP) in Bucharest. Slovenia and Italy will join the agreement, after they appoint companies which will take part in the project. PEOP would be 1,400 km long, whereas the annual capacity should be 60-90 million tons of oil. The value of works has been estimated to about USD 3.5 billion, and construction of the part going through Serbia is worth about USD 300 million.

**Circular No. 870/08/2008-CX**

Dated 12th May, 2008

**Subject : Payment of amount under Rule 6 of the CENVAT Credit Rules, 2004 – reg.**

The undersigned is directed to refer to Circular No. 599/36/2001-CX dated November, 2001, wherein the issue of the applicability of the provision of section 11D of the Central Excise Act, 1944 in cases of payments made under erstwhile rule 57CC (1) of the Central Excise Rules, 1944 was examined. It has been brought to the notice of the Board that there are some decisions of the Tribunal contrary to the said circular. Further, rule 6 of the CENVAT Credit Rules, 2004, has been amended w.e.f. 01.04.2008, necessitating re-examination of the circular of the circular in the light of these developments.

2. It is seen that the Larger Bench of the Tribunal in the case of Unison Metals Ltd. Versus Commissioner of Central Excise, Ahmedabad-I [2006(2004) E.L.T. 323 (Tri.-LB)] has held that section 11D provides that any amount which has been collected as excise duty and not paid to the credit of the Central Government shall be liable to be recovered. The scheme of the Law is that manufacturers shall not collect amounts falsely representing them as Central Excise duty and retain them, thus, unjustly benefiting themselves. However, in case of payments made under erstwhile rule 57CC(1), Section 11D of the Act is not applicable since the amount of 8% or 10% has already been paid to the revenue and no amount is retained by the assessee. The said order of the Tribunal has been accepted by the Department.

3. The matter has been examined. Sub-rule (3) of rule 6 of the CENVAT Credit Rules, 2004 has been amended w.e.f. 01.04.2008 to provide for payment of an amount equal to 10% of value of the exempted goods, instead of 10% of the price of the exempted goods as provided earlier. The value is to be determined as per section 4 or 4A of the Central Excise Act, 1944 read with rules made thereunder.

4. In the light of what is sated above, it is clarified that as long as the amount of 8% or 10% is paid to the Government in terms of erstwhile rule 57CC of the Central Excise Rules, 1944 or rule 6 of the CENVAT Credit Rules, the provisions of section 11D shall not apply even if the amount is recovered from the buyers. However, it may be noted that the CENVAT credit of the said amount of 8% or 10% cannot be taken by the buyer since such payment is not a payment of duty in terms of rule 3(1) of the CENVAT Credit Rules, 2004. Therefore, the said 10% amount should be shown in the invoice as "10% amount paid under Rule 6 of the CENVAT Credit Rules, 2004".

5. Board's Circular No. 599/36/2001-CX dated November, 2001 stands withdrawn.

6. The field formations as well as trade and industry may be suitably informed.

### **Exim Bank Extends US\$ 30 mn Line of Credit to Malawi**

Export-Import Bank of India has, at the behest of Government of India, extended a Line of Credit (LOC) of US\$ 30 million to the Government of Malawi. The LOC will be utilized to finance supply of irrigation, storage, tobacco threshing plant and one village- one project in Malawi. Under the LOC, Exim Bank will reimburse 100% of contract value to the Indian project exporter (s), upfront upon the shipment of goods/provision of services.

This is the first ever LOC extended by Exim Bank to Malawi, located in Southern Africa. Tobacco is the largest item, contributing 48.8% of the total exports of Malawi followed by sugar, tea and cotton. Main products exported from India to Malawi are : drugs & pharmaceuticals, machinery & instruments, manmade yarn & fabrics, transport equipment and plastic and linoleum products.

Besides promoting India's exports, Exim Bank's LOCs enable demonstration of Indian expertise and project execution capabilities in emerging markets. With the signing of this LOC Agreement, Exim Bank has now in place 90 Lines of Credit, covering 89 countries in Africa, Asia, Latin America, Europe and the CIS, with credit commitments amounting to US\$ 2.992 bn, available for utilization for financing exports from India. Exim Bank's LOCs afford a risk-free, non-recourse export financing option to Indian exporters.
