Mining and minerals

Sergey Chemezov, Head of Rostekhnologii State Corporation, being set up on the basis of Rosoboronexport assets, has found a strategic partner for his mining project – Renova Holding (Viktor Vekselburg). One of Rosoboronexport structures has established a joint stock company with Renova for implementation of capital-intensive projects of Rostekhnologii in Russia and overseas.

Energy Sector

JSC Atomstroexport and JSC Tekhnopromexport are reported to have agreed to set up a joint venture for construction of energy objects in Russia and abroad with the aim of reducing competition in the local market.
