EPC INDIA INVITES PARTICIPATION FOR INDIA PAVILION AT WIN (WORLD OF INDUSTRY) METALWORKING 2013, ISTANBUL, TURKEY (6 – 9 June 2013)

Hall No. 10, Tüyap Fair Convention and Congress Center, Istanbul, Turkey

The Turkish economy has shown remarkable performance with its steady growth over the last eight years. A sound macroeconomic strategy in combination with prudent fiscal policies and major structural reforms in effect since 2002 has integrated the Turkish economy into the globalized world, while transforming the country into one of the major recipients of FDI in its region.

While many economies have been unable to recover from the recent global financial recession, the Turkish economy expanded by 9.2 percent in 2010, 8.5 percent in 2011, and 3% in 2012, thus standing out as the fastest growing economy in Europe, and one of the fastest growing economies in the world. Moreover, according to the OECD, Turkey is expected to be the fastest growing economy of the OECD members during 2011-2017, with an annual average growth rate of 6.7 percent.

World of Industry Metalworking exhibition is a must attend show to discover a complete range of products and services, from machine tools to precision tools, automation components and customized systems; and to learn, network and sign deals at this in-depth showcase for the latest products and trends in Metal Working, Welding and Surface Treatment. EEPC India Invites Participation for India Pavilion at JIMEX 2013, Amman, Jordan (3 - 6 June 2013)

JIMEX 2013 is the 10th International Machinery & Electro-mechanical Exhibition held in Amman, Jordan. The Exhibition is organised by Golden Gate for Organization of Exhibitions and Conferences Services and Jordan Engineers Association. The exhibition will be focusing on Machinery, Electricity Automation, HVAC & Water Technology, Energy, Renewable Energy and Industrial Supplies.

Amman is also the gateway to nearby markets like Syria, Iraq, Palestine and others because of Jordan's strategic location, open relationships with neighboring countries and business friendly laws for foreign investors. Jordan is very attractive for foreign investments. JIMEX already a benchmark and the only event for machinery and electricity under one roof in Jordan meets not only the needs of the Jordanian and Middle East markets, but increasingly also shows to have a strong regional and international appeal. JIMEX 2013 will be very special due to the fact that this event is organized under the slogan: "10 Years of Growing – 10 Years of Success..." More than 500 trademarks are attending in this event direct or indirect through more than 200 exhibitors participating that will occupy 30,000 square meters, the total space of the fairgrounds of AIMS Venue (including 11000 covered Halls, 3000 outside show and 16000 Sq for cars parking).

According to the auditing reports of the last three editions of JIMEX, thousands of trade visitors are attending this event. JIMEX is the event of professionals and trade visitors. The attendants profile is covering the trade visitors, experts, engineers and businessmen from the infrastructure sectors, industries, electrical utilities, water authorities, contracting and consultancy firms, official organizations and institutes. The record of the countries of JIMEX visitors also exhibitors is including Jordan, Palestine, Iraq, Egypt, Saudi Arabia, Turkey, Gulf Countries, Europe, China and India. JIMEX 2013 will have around 7000 professional and trade visitors.

In order to reach full potential for economic and social development, the Jordanian government has focused on developing the Industrial sector, it provides the majority of new jobs and produces much of the creativity and innovation that fuels economic progress. The main industrial sectors of Jordan – Manufacturing and Mining contribute about 18% and 2% respectively of GDP.

This shows that there is a great potential to tap the growing market. Indian engineering exports to Jordan stood at US\$ 73.14 million in 2011-12, an increase of 63.18 % compared to US\$ 44.82 million engineering exports from India to Jordan in 2010-11.
