INDO-CIS REVERSE BUYER SELLER MEET - 2008

Preamble

The CIS Countries have been trade partners of India for centuries. The discovery of Oil opened a new era of Industrialization of this region. The CIS markets are new markets for Indian engineering goods. India exported US\$ 266.13 million worth of engineering goods to this region, which was up by over 39% compared to exports in 2005-06. However, it is far below the potential.

Keeping in view the growing trade prospects in CIS Region and genuine interest on the part of the CIS buyers to further engage with Indian exporters of engineering goods, the Council has decided to hold a Buyer Seller Meet between Indian exporters and importers of CIS Region in March 2008 at Jalandhar and Bangalore. For this Buyer Seller Meet the Council is expected to receive 20 buyers from CIS Region.

Objectives

1. To provide an opportunity to prospective importers in CIS Region to interact with Indian counterparts about their requirements.
2. To provide an opportunity to Indian exporters to adjudge the acceptability of their products in the above markets, so that they are in a position to plan their strategy accordingly.

Depending on your choices, meetings will be fixed with foreign counterparts. Each exporter will be provided with minimum of 3 meetings. Each meeting will be of 20 to 30 minutes duration. Final match making will be done keeping in view the areas of matching interest of both sides and choices thereof. Council will, thereafter draw up time schedule for interaction between overseas delegates and Indian participants. Meeting schedule of each Indian Company will be forwarded to them in advance.

The participation fee (for one centre only) has been fixed as follows :

Rs. 15,000/- for 1st participant of a firm

Rs. 7,500/- for subsequent participants of the firm

The participation charges will partially cover the expenses on account of portfolio bag containing background papers and profiles of overseas delegates and lunches on Conference days.
