

**EEPC India Invites Participation at  
The First Myanmar Manufacturing Equipment, Components &  
Engineering Technology Exhibition (MMT Yangon 2013)  
(16 -18 January, 2013)**

Enriched with minerals and energy, the opening up of Myanmar is seen to be attracting investors who are scouting for opportunities in a country with untapped potential. The momentum is evident from the fact that businessmen around the world are visiting this country in large numbers. Moreover, the national economy is predicted to expand by 5.2 percent in 2012-13 with a record high of US\$3.563 billion from export of natural gas in 2011-12.

During the visit to Myanmar in May 2012, Prime Minister Dr. Manmohan Singh extended US\$500 million Line of Credit by India to Myanmar for upgrading its agriculture, irrigation, rail transportation and electric power system. The Line of Credit would provide ample opportunities to Indian businessmen to enter and expand trade with this country.

Since the industries in Myanmar is more or less very old and need immediate development, opportunities are enormous in all the sectors. Besides, there is immense scope for foreign investments in various sectors. The Investment Law in Myanmar is yet to be approved by the President and expected to be announced shortly by end of the year. A lot many relaxed provisions for FDIs are expected from the law. In the proposed new law, almost all sectors are open for the FDIs except agriculture sector.

Considering enormous trade potential, EEPC India is proposing to organize India's participation in the first-ever Engineering Exhibition under the style and name: **Myanmar Manufacturing Equipment, Components & Engineering Technology Exhibition (MMT Yangon 2013) scheduled to take place in Tatmadaw Hall, Yangon, Myanmar from 16th to 18th January 2013.** MMT Yangon 2013 will focus on equipment, components and engineering technology upgrading for the following industries. Arrangements will be there for B2B meetings on request.

**Myanmar offers potential in the following products/sectors:**

- ❖ Automobile Parts
- ❖ Commercial Vehicles
- ❖ Cutting Tools & Hand Tools
- ❖ Electric Motors, Generators, Batteries
