

Important Notice

Kolkata Port Trust Traffic Department

Tfc/CPO/Procedure

Date : 5th December, 2007

Notice

Subject : Addendum to Notice No. Tfc/CPO/Procedure dt. 27.11.2007 regarding multiple entry of vehicles inside the docks within the validity period of daily permit

In order to ensure better utilization of vehicles/equipment for cargo/container related operations it has now been decided that vehicles entering the docks on the strength of daily permits will be allowed any number of entry and exit within the validity of the permit. It has further been decided that at the time of taking the permit, option will be available to indicate multiple zones so that on completion of scheduled work in a particular zone the vehicle can move to another zone that is mentioned in the permit within the time limit specified without having to procure another permit as was being insisted in the past.

The various zones related to cargo handling designated under ISPS access control code are as under :

- (i) Netaji Subhas Dock with adjacent Garden Reach Jetty.
- (ii) Kidderpore Dock-I
- (iii) Kidderpore Dock-II

This will be effective from 1st December, 2007.

Addendum

Multiple entries within the validity of the vehicle permit will be valid only for cargo berths at KPD & NSD and NOT for Lock Gate Area, Dry Dock Area or Passenger Berths.
