Chairman's Pen

My dear fellow exporters,

The export figures for the first five months of engineering products indicate that Iron and Steel, parts of Air Crafts and Helicopter, and certain Shipping products like drilling platforms, floating docks and burgess have shown a massive decline. In fact, the declines of these products have pulled down the entire engineering exports to the negative territory.

Accordingly, in view of the performance of the above five months, the Department of Commerce has requested to seek the views of exporters of these goods to get a feedback on their order booked position for the next 3 - 6 months starting from October 01, 2012.

We shall be grateful if you could kindly give us your views on the following queries :

- (i) Whether your order booked position from :
October 01, 2012 will be better than the
position during April-September 2012*
- (ii) If it is better then the percentage increase :*
- (iii) If it is worst then the percentage fall :*

Kindly send your urgent response to sgupta@eepcindia.net, eepcho@eepcindia.net .

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Aman Chadha'. The signature is fluid and cursive.
