

EEPC India Invites Participation for India Pavilion at METALEX Vietnam 2012, Ho Chi Minh City, Vietnam (4-6 October, 2012)

Vietnam has emerged as one of the most potential destinations in SE Asian region for doing business. The country has achieved about 6% GDP growth in 2011 in spite of financial recession in many countries particularly in Europe which is commendable. The economy positively grew in the first five months of 2012 as solutions for curbing inflation and stabilizing macro-economy are taking effect. Positive signals included the sharp decrease of consumer price index (CPI) which only increased 0.18% in May, interest rate reduction, better liquidity, stable exchange rate, and rising foreign currency reserve.

Vietnam's global trade has increased from US\$ 155 billion in 2010 to US\$ 201 billion in 2011. The bilateral trade between India and Vietnam has increased significantly to US\$ 3900 million approx. in 2011 from US\$ 2753 million approx in 2010. There has been serious impact on the growth in bilateral trade particularly after signing India ASEAN FTA in 2009 which was made effective from 1st January, 2010. Indian engineering exports to Vietnam have achieved three-fold increase during 2010-11 as compared to corresponding previous year.

Nearly 13,670 valid foreign direct investment (FDI) projects have operated in Vietnam by mid-December with a total registered capital of US\$ 198 billion. India has 62 projects of investments in Vietnam with total registered capital of US\$ 234.26 million, ranking 27th among countries and territories which have investment in Vietnam. During 2011, India has 13 fresh projects with total registered capital of US\$ 13 million.

With this objective in view, EEPC INDIA has decided to organize India's participation at METALEX Vietnam 2012 (The 6th International Machine Tools and Metalworking Technology Exhibition), Ho Chi Minh City, Vietnam and putting up an India Pavilion which would provide an ideal platform to the Indian business community in the engineering sector to interact with a cross-section of business visitors not only from ASEAN but also other countries in the world. It is expected that around 500 exhibitors from 25 countries will participate in the 2012 edition and 10,000 quality buyers from all over the world will converge in the Show. In the last edition 10,578 visitors visited in the Show.

METALEX Vietnam will be co-located with NEPCON Vietnam, Vietnam's only exhibition on assembly, measurement and testing technologies for the electronics manufacturing industry, a part of world-renowned NEPCON series of event, so exhibitors will benefit from the synchronization of the two shows by seeing more technologies and seeing more people.

Focus Products

- Machine Tools and Machining Centers
- Sheet Metalworking
- Welding Technology
- Factory Automation
- Pump & Valve
- Material Handling
- Mold and Die
- Wire, Tube, Cable Technology
- Control Measurement
- Tools and Tooling

Special Feature

- Plastic & Rubber Manufacturing Machinery
- Mold & Die Manufacturing Technology
- Automotive Parts Manufacturing Machinery
- Automation & Assembly Technology

Venue

Saigon Exhibition & Convention Center (SECC)
799 Nguyen Van Linh Parkway, District 7
Ho Chi Minh City
Vietnam

Date of Event

4 - 6 October, 2012 (3 days)

Participation Charges

One side open built up booth : US\$ 500 per sqm or
(Minimum 9 sqm) Rs. 28,500 per sqm

10% extra for two sides open booths (subject to availability)

Two sides open booths are limited in number and will be allocated on a first-come, first-served basis only on payment in full.
