**Chairman's Pen**

*My dear fellow exporters,*

*The Department of Commerce, Ministry of Commerce & Industry, Government of India has begun the exercise for collecting suggestions for the Union Budget for the next fiscal 2013-14. Accordingly, they have requested for suggestions from our members. It may be noted that the budget proposals should be provided in the light of the following :*

- (i) Budget Proposals should be complete in all respects, properly categorized and HS Codes for each commodity must be provided;*
- (ii) Justification given in favour of the proposals should be restricted to 300 words and annexure should be used, if necessary;*
- (iii) Issues discussed year after year but never agreed to, may not be raised again.*

*Members are requested to send the suggestions/proposals along with suitable justification to [sgupta@eepcindia.net](mailto:sgupta@eepcindia.net), [eepcho@eepcindia.net](mailto:eepcho@eepcindia.net) latest by July 30, 2012 for preparing a suitable memorandum for submission to the Department of Commerce.*

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Amman Chadha', written in a cursive style.

**INDIA - GCC (Gulf Cooperation Council) Relation**

The GCC countries, namely Bahrain, Kuwait, Oman, Qatar, Saudi Arabia and UAE, are moving ahead with their economic integration efforts and offer tremendous potential for cooperation in trade, investment, energy, manpower etc. The Gulf region has historical, political, economic, strategic and cultural significance for India. India has traditional and friendly relation with all GCC member states. With a bilateral trade estimated at USD 145 billion during 2011-12, GCC is now our largest trading partner in the world.

The Gulf countries provide an excellent market potential for India's manufactured goods and services, especially in project services exports. The trade and investment flows between the two have increased substantially. There has been intensification of high-level interactions. Increasing number of Agreements and MoUs have been signed in last few years in wide ranging areas.

Export of engineering items to GCC region during the period 2010-2011 stood at US\$ 8194.53 million compared with US\$ 4014.08 million during the same period of the previous year, registering an overall growth of 104.14 per cent.

UAE holds special significance for India. UAE is India's top trading partner in the whole of West Asia and North African region, representing nearly 42.50% of India's exports to the GCC countries. Indian exports to the UAE account for approximately 7% of its global engineering exports.

### About The Big 5 & PMV

**The Big 5** is the largest trade exhibition in the Middle East for construction products and materials and offers a unique platform for international buyers to interact with local entrepreneurs.

The event has been running in Dubai for over 30 years and the 2011 event attracted over 50,000 construction professionals from across the MENA region.

The 2012 event will also feature The Green Build Conference, The Concrete Sustainability Conference, The World FM Congress and 130 'free to attend seminars'. There will be focused programme on **"How to do business in Middle East ?"**

**PMV** is a dedicated showcase for the construction Plant, Machinery, Equipment and Vehicles sector. For 4 days construction machinery manufacturers and distributors from across the globe use the Big 5 PMV as a unique platform to meet face-to-face with visitors as they attend specifically to learn about and purchase the latest products in the market. The phenomenal success of the 2011 events has ensured high demand for space in PMV Live 2012.

## **EEPC India Invites Participation for India Pavilion at Sri Lanka Plast 2012, Colombo, Sri Lanka (10 - 12 August 2012)**

### **Economy**

India and Sri Lanka enjoy a vibrant and growing economic and commercial partnership, with bilateral trade growing rapidly in the last decade and a number of leading Indian private sector companies investing in Sri Lanka and establishing a presence in this country. Sri Lanka is India's largest trade partner in SAARC. India in turn is Sri Lanka's largest trade partner globally. Following a downturn in 2009 on account of the global economic recession, trade has rebounded and, according to Sri Lankan statistics, bilateral trade during in 2010 has reached 3.04 billion USD compared to 2.07 billion USD in 2009. Indian exports to Sri Lanka stand at 2.57 billion USD compared to 1.73 billion USD in corresponding period in 2009, registering a growth of 32%.

Sri Lanka has long been a priority destination for direct investment from India. India is among the four largest overall investors in Sri Lanka with cumulative investments over US\$ 600 million. India was the top investor in Sri Lanka in 2010. Out of the total FDI of US\$ 516.30 million, India's investment was US\$ 110.24 million constituting 21.35% of the total investment. Sri Lanka is the first top destination for exports of India's engineering goods after Bangladesh in SAARC Region achieving a growth rate of about 40% during 2011-12 over the previous year.

The India- Sri Lanka Free Trade Agreement (ISLFTA) has led to significant upturn in overall bilateral trade. Though the bilateral trade declined to US 2.023 billion in 2009 due to global economic downturn, the figures for the earlier years would indicate a trend of robust and sustained growth. In 2008, the overall trade turnover was US\$ 3265 million while it was US\$ 3266 in 2007. This is almost a five-fold increase from US\$ 658 million in 2000, when FTA came into effect.

### **Plastics Industry in Sri Lanka**

Plastic processing which commenced around a decade after independence is now over 45 years old. Currently there are 400 Companies in Sri Lanka engaged in plastics processing for both domestic and international market. A total sum of LKR 15 billion has been invested in the industry. Almost 50% of this has come through Foreign Direct Investments. The industry processes many commodity plastics and engineering plastics using modern technologies. The capacity of the domestic processing industry is presently around 140,000 MT per annum with an annual average growth rate of around 10 – 12%. Sri Lanka is exporting plastic products to large number of countries around the world. However, USA is the dominant buyer of plastic exports over the last number of years. Nearly 40% of the total exports go to the USA market.

### **Opportunities in Sri Lanka for the Indian Plastics Industry**

The present market is estimated @ 1,40,000 MTs per annum and growing at 10-12% and the trend is comparable to other developing countries in the world. Almost all developing countries register faster growth rate in plastics processing than the corresponding GDP growth rate. The per capita consumption of plastics for China is around 14 kgs, India around 7 kgs and Sri Lanka presents enormous scope for creation of capacities. The challenge is to make available affordable and appropriate technology and equipment for expansion of existing industries and setting up of new industries too. India, the most favoured neighbor, is the ideal country that can provide great access for processing machinery particularly at the entry level. The Indian plastics machinery industry, with its experience gained over 4 decades, can provide the right technology and equipment at affordable costs and perhaps can usher in the Next Plastics Industry Revolution in Sri Lanka and Sri Lanka Plast is the perfect forum.

**Sri Lanka Plast 2012** will be held at Colombo, Sri Lanka during 10-12 August 2012. Enterprising Fairs (India) Pvt. Ltd. is the organizer of this event. Sri Lanka Plast is the initiative of two groups – SMART EXPOS and KMG Business Technology, who have rich experience in organizing international exhibitions and strong connections with the entire plastics industry in India.

EEPC INDIA is organizing an **India Pavilion at Sri Lanka Plast 2012, Colombo, Sri Lanka** which would provide an excellent opportunity for establishing business relationships with customers from all parts of Sri Lanka. A large number of visitors from all parts of Sri Lanka will be targeted to attend the first edition of Sri Lanka Plast. The aggressive visitor promotion efforts will focus both on existing industries and aspiring new entrepreneurs to invest in this industry.

## **EPEC India Invites Participation for India Pavilion at METALEX Vietnam 2012, Ho Chi Minh City, Vietnam (4-6 October, 2012)**

Vietnam has emerged as one of the most potential destinations in SE Asian region for doing business. The country has achieved about 6% GDP growth in 2011 in spite of financial recession in many countries particularly in Europe which is commendable. The economy positively grew in the first five months of 2012 as solutions for curbing inflation and stabilizing macro-economy are taking effect. Positive signals included the sharp decrease of consumer price index (CPI) which only increased 0.18% in May, interest rate reduction, better liquidity, stable exchange rate, and rising foreign currency reserve.

Vietnam's global trade has increased from US\$ 155 billion in 2010 to US\$ 201 billion in 2011. The bilateral trade between India and Vietnam has increased significantly to US\$ 3900 million approx. in 2011 from US\$ 2753 million approx in 2010. There has been serious impact on the growth in bilateral trade particularly after signing India ASEAN FTA in 2009 which was made effective from 1st January, 2010. Indian engineering exports to Vietnam have achieved three-fold increase during 2010-11 as compared to corresponding previous year.

Nearly 13,670 valid foreign direct investment (FDI) projects have operated in Vietnam by mid-December with a total registered capital of US\$ 198 billion. India has 62 projects of investments in Vietnam with total registered capital of US\$ 234.26 million, ranking 27th among countries and territories which have investment in Vietnam. During 2011, India has 13 fresh projects with total registered capital of US\$ 13 million.

With this objective in view, EPEC INDIA has decided to organize India's participation at METALEX Vietnam 2012 (The 6th International Machine Tools and Metalworking Technology Exhibition), Ho Chi Minh City, Vietnam and putting up an India Pavilion which would provide an ideal platform to the Indian business community in the engineering sector to interact with a cross-section of business visitors not only from ASEAN but also other countries in the world. It is expected that around 500 exhibitors from 25 countries will participate in the 2012 edition and 10,000 quality buyers from all over the world will converge in the Show. In the last edition 10,578 visitors visited in the Show.

METALEX Vietnam will be co-located with NEPCON Vietnam, Vietnam's only exhibition on assembly, measurement and testing technologies for the electronics manufacturing industry, a part of world-renowned NEPCON series of event, so exhibitors will benefit from the synchronization of the two shows by seeing more technologies and seeing more people.

## Council's Activities

**EEPC INDIA**  
**Invites Participation in**  
**“THE INDIA SHOW”**  
**at MSV – 54th International Engineering Fair**  
**Brno Exhibition Centre**  
**Brno, Czech Republic**  
**September 10 – 14, 2012 (5 days)**  
**India is the Partner Country at MSV**

EEPC India is poised to take the next India Show to Central Europe.

India Show is an initiative of Ministry of Commerce & Industry, Govt. of India to showcase prowess of diverse sectors as well as to promote Brand India image across the globe.

EEPC India, as one of the lead agencies, is pleased to announce **The India Show in Czech Republic** – gateway to Central and East European markets – coinciding with **MSV-International Engineering Fair at Brno Exhibition Centre, Brno** during **10th – 14th September, 2012**. Around 150 companies from small, medium and large sectors will be participating to explore the potential opportunity.

MSV-International Engineering Fair, Brno is a leading industrial trade fair in Central Europe offering a platform for concurrent presence of key areas of manufacturing industry. Organised by **BVV Trade Fairs Brno**, the Show is well attended by exhibitors and visitors from all across Europe and provides an opportunity for new business contacts, investment decisions, knowledge transfer etc.

The 2012 Show is the 54th edition where India will be present as the **Partner Country**.

### Concurrent Exhibitions

#### IMT – 8<sup>TH</sup> INTERNATIONAL MACHINE TOOLS EXHIBITION

- Machine tools
- Forming machines
- Precision tools
- Equipment and accessories for metalworking and forming machines, etc.

#### PLASTEX – 3<sup>RD</sup> INTERNATIONAL PLASTICS, RUBBER AND COMPOSITES FAIR

- Polymers – raw materials and auxiliaries
- Machines and equipment for processing plastics and rubbers
- Moulds, tools and jigs
- Computer, testing and measuring technologies for plastics and rubbers etc.

#### FOND-EX – 14<sup>TH</sup> INTERNATIONAL FOUNDRY FAIR

- Foundry equipment – design, construction, production and engineering
- Melting plant equipment, refractories
- Casting machinery, equipment and accessories
- Castings etc.

### **WELDING – 21<sup>ST</sup> INTERNATIONAL WELDING ENGINEERING FAIR**

- Flame welding, surfacing and oxygen cutting machinery and equipment
- Arc-welding, surfacing and cutting machinery and equipment
- Resistance welding machinery and equipment
- Machinery and equipment for pressure welding etc.

### **PROFINTECH – 4<sup>TH</sup> INTERNATIONAL SURFACE TECHNOLOGY FAIR**

- Machinery and equipment for cleaning and treatment of surfaces
- Electroplating equipment and accessories
- Coating materials etc.

### **INTERPROTEC – 11<sup>TH</sup> INTERNATIONAL FAIR OF PERSONAL PROTECTIVE EQUIPMENT, HEALTH AND SAFETY AT WORK**

- Hand, head, eye and ear protection
- Respiratory protective equipment
- Body and foot protection, measuring and test equipments
- Textiles, materials and semi-finished products for the manufacture of personal protection and safety equipment etc.

#### **Statistics – 2011**

- **Total Exhibitors** : 1600 exhibitors from 28 countries
- **Total Visitors** : 78,500 visitors from 59 countries
- **Exhibition area** : 42,000 sqm. net

- **Major visitors from** : Germany, Slovakia, Austria, Hungary, Italy.

### **Why Czech Republic**

- Located in Central Europe and Landlocked by Germany, Poland, Slovakia, Austria – Gateway to Central and Eastern Europe;
- India's share in Czech's total engineering import is around 0.4%;
- India's share in import of engineering items to East & Central Europe are 0.41% & 0.46% respectively;
- In a study conducted by Ernst & Young, Czech Republic has been identified as core market with significant potential for export;
- India's relations with the former Czechoslovakia, and with the Czech Republic, have always been warm and friendly;
- The two countries enjoy Double Taxation Avoidance Agreement, which was signed in October 1998.

### **Benefits to Exhibitors**

Partner Country status to India – Additional publicity and VIP presence :

- New markets
- New business opportunities
- New contacts
- New know how
- Networking

### **Fair Focus**

- **Automobile components, spares, accessories**
- **Mining, metallurgical, ceramic and glass engineering**
  - Machines and equipments for open cast mines and pits
  - Machines for working and processing raw minerals
  - Equipment for metallurgical plants, steel works, rolling mills and for manufacturing ferrous and non-ferrous metals

- Sheet metal & fabrication machinery
- Welding & brazing equipment
- Machines and equipment for the ceramic and glass industries
- **Materials and component for mechanical engineering**
  - Castings & forgings, and pressings
  - Fasteners
  - Pumps, valves & compressors
  - Hand tools, power tools & accessories
  - Vessels, tanks, boilers & heat exchangers
  - Seals, bearings
  - Gears, clutches, brakes, lubricating technology
  - Steel pipes, tubes & fittings
