

**Chairman's Pen**

*My dear fellow exporters,*

*I met the Hon'ble Union Commerce, Industry and Textile Minister, Shri Anand Sharma, on 17th May 2012 in New Delhi along with other Export Promotion Councils and Apex Chambers of Commerce. I presented all the issues before him pertaining to the problem faced by Indian engineering exporters some of which were also raised by other segments of industry. The Minister was appreciative of the issues that were raised and listened to the views of all concerned. This interaction will be followed by the Board of Trade meeting on 1st June 2012 where upon the Annual Supplement to the Foreign Trade Policy (FTP) will be released.*

Yours sincerely,
