It has always been EEPC's endeavour to foster exports of India's state-of-the-art Engineering Industry into world market.

In line with above EEPC is pleased to announce one of its major events – INDEE, Johannesburg – to be held in South Africa at Expo Centre, Nasrec, Johannesburg during 23-26 October, 2007. This is a major step forward to enter into the South African market.

About South Africa

South Africa is the economic powerhouse of Africa with a Gross Domestic Product (GDP) four times that of its Southern African neighbours and comprising around 25% of the entire continent's GDP. The country leads the continent in industrial output (40% of the total output) and mineral production (45%) and generates most of Africa's electricity (over 50%). Its major strengths include its physical and economic infrastructure, natural mineral and metal resources, a growing manufacturing sector, strong growth potential in the tourism, high value-added manufacturing and service industries. The financial and industrial sectors are concentrated in Gauteng Province which on its own accounts for over 30% of the country (GDP).

South African economy has been showing an upward trend since September-1999 and the annual economic growth rate from September-1999 through June-2005 has averaged at 3.5%. Gross Domestic Product (GDP) was running at an annualized 4.8% at the second half of 2005 (compared to 3.7% in 2004 and 2.8% in 2003).

Total trade between the two countries has grown significantly since 2001 with surge in both export and import, but India has remained a net Importer. But in the engineering sector, India's export to South Africa has maintained a steady growth 89.5% in 2005-06 and 94% in 2004-05 on year on year basis.

Potential growth areas for Indian exports to South Africa are – Vehicle and vehicle components, Transport equipments, Castings, Forgings, Hand Tools, Agricultural equipments, Two wheelers etc. There are also good potential for exports in the service industry like Software expertise, technical man-power training.
