Business opportunities between India and South Africa are immense and over the last few years, there has been enormous leap in the bilateral trade.

Keeping in view the business scenario, Council is launching an “**India Engineering Center**” (IEC) – a multi-purpose outlet of Indian engineering exporters under MAI Scheme of the Ministry of Commerce, Government of India. For : Carrying out, on an engineering, procurement and construction basis, phases 6, 7 and 8 of a gas sweetening project in the Souch Pars gas field development in Assaluyeh. The aim of the project is to produce 3,900 million cubic feet a day (cf/d) of reservoir fluid from three wellhead platforms, 1,300 million cf/d each, and to transport the fluids, after separation of free water, to mainland Assaluyeh, where the onshore treatment facilities are installed at a distance of about 100 kilometres from the offshore dedicated block. The onshore plant consists of reception facilities, gas/liquid separation, condensate stabilisation, sour gas dehydration, natural gas liquid extraction, C3 and C4 liquefied petroleum gas recovery and treatment, and dry/sour gas recompression for transportation by pipeline to oil fields for injection. The gas plant consists of six parallel trains, each designed to handle 650 million cf/d of reservoir fluid equivalent. The scope of works comprises : the installation of four trains of gas sweetening and sulphur recovery units to produce sweet gas instead of sour gas and satisfy national demand for domestic gas whenever it becomes vital. With the modifications implemented, the treated gas produced from these phases of development could be routed to the domestic network and/or into the oil fields for injection.

INDIA ENGINEERING MEET & EXHIBITION

(22nd to 25th January, 2007)

Engineering Export Promotion Council is pleased to announce one of its mega events “India Engineering Meet & Exhibition”, to be held at India Expo Centre, New Delhi-Greater Noida Expressway from 22nd to 25th January, 2007. Member-exporters have the golden opportunity to meet a wide spectrum of buyers from Africa, Latin America, ASEAN+2, CIS, America and Europe at one single point.

India’s Engineering Exports

Exports of engineering goods and services from India have reached to US\$ 19.8 billion in the year 2005-06 and registered a robust growth of 24.68%.

<i>Region</i>	<i>Engineering Exports in Million US\$</i>		
	<i>2003-04</i>	<i>2004-05</i>	<i>2005-06</i>
Europe	2398.29	3900.95	4307.95
USA & Canada	1411.40	2472.43	2892.19
ASEAN+2	1225.06	1911.00	2695.63
AFRICA	1158.66	1782.45	2294.01
LAC Region	210.13	461.57	572.12
CIS Region	79.74	110.90	186.86
Others – Asia & Services	5069.51	4754.94	6234.56
Total	11552.79	15394.24	19183.32

The trend of growth in exports of engineering goods and services over the last three years indicates a steady growth of above 20%. In terms of regional groupings, the most important three markets - NAFTA, EU and ASEAN accounted for more than 47% of the Indian engineering exports. The most important individual market remains the United States, which accounts for more than 14% of the total exports of engineering products and services from India. The European Union in particular the UK, Germany, France, Belgium and Italy are the most important contributors to the engineering exports basket of India. It is notable that South Africa and Nigeria have emerged as top destinations in the African markets. Certain important countries of Indian exports that are primarily trading centres for further distribution include the UAE and Singapore.

Indian exports have shown a higher year - to - year increase in terms of global market share of engineering exports, however, this remains a low at about 0.47%. In order to foster the engineering exports growth, the Council continues its endeavour to double exports of engineering items from India in next 5 years and to take India’s share in the world engineering close to 1%.

India Engineering Meet and Exhibition

The Council has been organising the Buyer Seller Meets periodically to benefit its members. Indo-LAC, Afro-India, Euro-India, Indo-ASEAN, Indo-CIS and Indo-NAFTA etc. have been successfully organized by the Council in the recent past.
