

Chairman's Pen

My dear fellow exporters,

EEPC India will be presenting its Sectoral Review with the DGFT on February 23, 2012. The Council is making a detailed representation received from its members and this will all to be discussed at the first meeting of the Foreign Trade Policy Committee scheduled to be held on February 17, 2012 via video conference to finalise Council's suggestions.

We do hope the forthcoming amendments to the Foreign Trade Policy will provide more incentives for engineering exports.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Aman Chadha'. The signature is fluid and cursive.

(AMAN CHADHA)
