M/s. Antenna Systems & Solutions, Inc., 931, Albion Avenue, Schaumburg, Illinois 60193-4550, USA (Attn.: Mr. Mike Tadros), Tel. : +1-847-584-1000, Fax : +1-847-584-9951, E-mail : mike@antennasystems.com, Website : www.antennasystems.com, is interested in locating industrial silver platers in India.

They have aluminium tubes that are 25 feet long that need to be silver plated to 22.5 +/- 4 microns. The tube length is 25 feet and is made out of 6061T6 aluminium.

Only the outside diameter is to be plated. Plating can be done with brush/lapping techniques or tank.

The company needs to get 24 pieces completed per quarter.

Interested Member-Exporters are requested to contact the above US firm directly with their credentials and offer.
