ENGINEERING EXPORT

BULLETIN

EEPC INDIA

WEEKLY CIRCULATION

VOL. 8 ISSUE NO. 18 MAY 3, 2006

Highlights

Automechanika 2006, Frankfurt, Germany

EEPC is organising India's participation in **Automechanika 2006**, Frankfurt, Germany to be held on September 12-17, 2006. Members may avail the opportunity by booking the stall or by displaying their product catalogues.

India Pavilion at INTERPHEX ASIA 2006, Singapore

EEPC is organising an India Pavilion in the INTERPHEX ASIA 2006, Singapore from 27th to 29th June, 2006. Members are requested to enlist their participation within 15th May, 2006.

Govt. Notices/ Circulars/ Notifications

Public Notice No. 4(RE-06)/2004-09 dated 28.04.2006 – Amendments in the Handbook Procedures (Vol. I).
Public Notice No. 5(RE-06)/2004-09 dated 28.04.2006 – Amendments in the Handbook Procedures (Vol. I).
Policy Circular No. 2(RE-06)/2004-09 dated 10.04.2006 – Import of Compressors without ODS and Refrigerant Gas.

Her Excellency Dr. Angela Merkel, Hon'ble Chancellor of the Federal Republic of Germany and His Excellency Dr. Manmohan Singh, Hon'ble Prime Minister of India at the Indo-German Business Summit in Hannover Messe 2006. They are flanked by Mr. Rakesh Shah, Chairman, EEPC (right) and Dr. Heinrich V. Pierer, Chairman of the Asia-Pacific Committee of German Business (APA) (left).

EEPC INDIA

ADVERTISEMENT TARIFF FOR ENGINEERING EXPORT INFO BULLETIN

As you are aware, Council has been bringing out the weekly bulletin, since its inception so as to provide necessary feedback to the members relating to various important information such as, tenders and enquiries, commercial report from the Indian Missions, Government Policies, Public Notices, Market Information, latest developments taking place in various countries etc. This publication has become popular amongst the exporting community because of its news value and we are also receiving valued opinion from our members as to how to improve its news value and make the publication more informative. Presently, copies are distributed amongst 12,000 plus members and many more are also subscribing to this publication.

This publication could be used as a very strong media by which you can reach 12,000 plus members all over India comprising corporate houses, large, medium and small scale entrepreneurs and publicise your activities and products manufactured. In order to facilitate our members to have the fullest benefit of this media, we have contemplated to accept advertisements at a very reasonable cost. The advertisement must necessarily relate to engineering products and services only. The size of the ad and tariff are given below for your kind information. Please note that we will accept prepaid black & white advertisement only.

Mechanical Data	: Back Cover	19.5 cm x 18.5 cm
	Third Cover	23 cm x 18.5 cm
	Full Page	23 cm x 18.5 cm
	Half Page	11.5 cm x 18.5 cm

Advertisement Tariff	: Back Cover	Rs. 12,500/-
	Third Cover	Rs. 11,000/-
	Full Page	Rs. 10,000/-
	Half Page	Rs. 6,000/-

A Special Discount of 10% will be available to an advertiser for 3 consecutive insertions.

We hope, you will definitely avail of this opportunity. You are, therefore, requested to send your ad material (artwork or CD/Floppy in TIFF/JPEG format suitable for the above size) along with a draft payable in favour of Engineering Export Promotion Council, Kolkata for the requisite amount towards the cost of ad. Please note that the authority reserves the right to reject or cancel your ad. Also, please note that your ad material along with draft must reach the Head Office, Kolkata (Attn. : Shri R. Maitra, Addl. Executive Director & Secretary) at least two weeks before the ad schedule.

Chairman's Pen

My dear fellow exporters,

I am proud to inform you that the Saga of the biggest ever exposition of Indian Engineering Expertise has been scripted in Hannover Fair 2006 with active support from 343 entrepreneurs comprising large corporates from Public and Private sectors, State Governments, Associations and SME sector. During the exhibition, a number of joint venture agreements were signed between Kingfisher and Airbus, Mann Age and Force Motors, Deutsche Bahn and Indian Railways. Agreements were also signed between Indian Council for Medical Research and Helm Hotz for Research and Cooperation in areas of Bio-Technology and other medical areas.

A series of Business Summit, Conferences, and Seminars were organised highlighting on specific topics where India and Germany can join hands together for reaping the benefits in future. Your Council organised two seminars on "Auto Component Sector in India" and "Industrial Sub-Contracting in India" respectively. Both the seminars were well attended from the German side and it was felt that both Auto component as well as Sub-contracting offer tremendous potential for growth.

Energy was one of the focal areas in the exhibition and a bilateral Indo-German Energy Forum was formed where long term cooperation between the Germans and Indians in areas of solar and other non-conventional energy areas were discussed.

Friends, you will be happy to learn that total business generated during the exhibition was to the tune of US\$ 1.3 billion. Further an initial estimate reveals generation of serious enquiry to the tune of US\$ 100 million, which is equivalent to 18% of our present level of engineering exports to Germany.

On the visitors front, there was a footfall of more than 35,000 to the Indian Pavilion with an average visitor of 50 - 100 in each stall. Around 7000 Indian businessmen attended the exhibition as against 3000 last year.

I am happy to inform you that your Council has signed a Memorandum of Understanding (MOU) with German Engineering Federation (VDMA) for promoting and development of trade between India and Germany.

Friends, you will be aware of our dedicated website (www.hannovermesse2006.com) on Hannover Fair 2006 and I would request you to visit the same where all relevant information about the exhibition have been posted. The website generated tremendous interest and more than 100,000 hits were recorded in the 1st 3 days.

I wish to extend my heartiest thanks to all participants whose active contribution and support have made this event a grand success.

Yours sincerely,

(RAKESH SHAH)

India Pavilion in Automechanika 2006 Frankfurt, Germany (12 - 17 September, 2006)

Automechanika is the Leading International Trade Fair for the Automotive Industry. This Fair is the international meeting point for the automobile industry, automotive parts, components and systems, electronics, supply and maintenance equipment. This is the Show where the global automotive industry seeks information about the latest technology and concepts for success in the competitive environment of the future. Automechanika's international significance - all in almost 80% of exhibitors and 40% of visitors originate from other countries - provides interesting opportunities for the global industry.

The Council has decided to organize an India Pavilion of 56 sq. meters at this Mega Show in Frankfurt. Due to very limited space availability, it will not be possible for us to accommodate all requests received for participation in this Fair.

Participation Charges

For Exhibition : Rs. 2,36,250/- for Fully Built-up Booth of 10.5 sq. meters.
Rs. 1,96,875/- for Fully Built-up Booth of 8.75 sq. meters.

For Catalogue Show : Rs. 10,000/-
(Maximum 25 copies of the product catalogues will be permissible)

In case you are interested in taking advantage of this initiative, please rush your confirmation along with participation charges at the following address. It may kindly be noted that in view of limited space allocation by Messe Frankfurt, applications will be entertained on first-come-first-serve basis.

INDIA PAVILION at INTERPHEX ASIA 2006, SINGAPORE (27-29 June, 2006)

INTERPHEX ASIA 2006 - Asia's earliest and leading event dedicated to Pharmaceutical Manufacturing, Processing and Technology is scheduled to be held from **27th to 29th June, 2006** at Singapore. Engineering Export Promotion Council (EEPC) is organizing an **India Pavilion** which would provide an excellent opportunity for new business relationships with customers from all over the world. This will enable participants to become an integral part of the growing Asian market as INTERPHEX ASIA is the ideal platform for any participant to :

- Reach New markets
- Enhance Brand visibility
- Widen distribution channels
- Launch new products and
- Build relationship.

Focus Products

- Machinery for Pharmaceutical production
- Laboratory equipment
- Instruments - surgical and others, and
- Pharmaceutical packaging machineries.

Venue

INTERPHEX ASIA 2006, SUNTEC
Singapore

Date

Tuesday, June 27, 2006 to
Thursday, June 29, 2006.

Participation Charges

Rs. 19,500/- per sq. mtr.

- A minimum of 9 sq. mtr. is to be booked.
- Additional space is to be booked in multiples of 3 sq. mtr.
- Registration fees of Rs. 10,500 (S\$ 380) is payable extra towards Event Insurance, listing in show guide, website and on-line Appointment Scheduler.

The participation charge will include the following services :

- Invitation flyers for corporate marketing purposes
- Standard Company listing and Product Index in Show Directory
- Additional Company listing under the Country Pavilion in the Show Directory
- Standard Company listing and hyperlink on Interphex Asia website
- Additional company listing and hyperlink as a Pavilion on Interphex Asia website
- Standard listing in the online Appointment Scheduler
- Special Feature as a country Pavilion in the Show Daily
- Up to 150 word write-up in the Chronicle Pharma Biz Interphex Asia Special Feature
- One 45cc FREE B & W display ad (valued at 18,000 Indian rupees) in the Chronicle Pharma Biz Interphex Asia Special Feature.

The 9 sq. mtr. booth would include the following :

- Green fascia board with company name
- 2 Folding chairs
- 1 Information desk
(1 m x 0.55 m x 0.76 m)
- 2 Shelves (1 m x 0.3 m)
- 2 Fluorescent tubes
- 1 Wastepaper basket
- 1 Power point (13 amps)
- Green carpeting, and
- Daily booth cleaning.

Mode of Payment

Full payment is to be made **along with Application Form** - duly filled in, **latest by 15th May, 2006**. Payment must be made by **Demand Draft** drawn in favour of **Engineering Export Promotion Council payable at Kolkata**.

Cancellation of Participation

Requests for cancellation of participation will be accepted if the Council receives the same in writing on or before **19th May, 2006**. Any request for cancellation after the said date shall result in forfeiture of the amount already paid on this account.

Selection Criteria

In view of limitations of space availability, selection of participants will be done strictly on a **first-come-first-served** basis.

MDA Entitlement

Participants are entitled to get MDA Assistance *as per guidelines effective from 1st April, 2006 under Focus ASEAN + 2 Programme with an upper limit of Rs. 1,50,000/-*.

It may further be noted that the above Assistance shall only be available to those participants (1) whose Export Turnover is up to Rs. 15.00 crore in the preceding year. (2) who are having at least 12 months membership with EEPC, and (3) who are regular in filing of Export Returns. Further details may be obtained from any office of the Council.

Submission of Application

Interested firms may please send their Applications (*as per enclosed format*) duly filled in and signed, along with full payment **latest by 15th May, 2006** to :

Shri R. Maitra

Addl. Executive Director & Secretary
Engineering Export Promotion Council

Report on Passenger Cars and Commercial Vehicles in Indonesia

(Continued from previous issue)

Investment barriers

Indonesia's investment climate is poor. The World Economic Forum's 2003 competitiveness rankings scored Indonesia 97th of 102 countries. Foreign direct investment (FDI) has declined steeply since the 1997-98 financial crisis and in the last few years the numbers have been inflated by the inclusion of state-owned firms that were partially privatized. Government approvals for investment proposals reached \$ 14.6 billion in 2003, \$ 9.8 billion in 2002, an adjusted \$ 9 billion in 2001, and \$ 16 billion in 2000. Investment proposals from Asia, North America and Europe - traditionally large investors - declined from 2002. Most of this investment is never realized.

On January 1, 2001, Indonesia began to implement a large-scale decentralization of authority and budget from the central government to the provincial and district-level governments. Differences of opinion between the central and local governments about which has authority on certain issues has added to the level of uncertainty facing foreign investors. In many areas, even though contrary to law, local governments have instituted revenue-raising measures ("retribusi"), which are trade-distorting.

Decentralization has complicated government efforts to improve Indonesia's investment climate and reduce burdensome bureaucratic procedures and other requirements on foreign investors. Indonesian law provides for both 100 per cent FDI projects and joint ventures with a minimum Indonesian equity of five per cent. Currently, BKPM and other relevant agencies in certain sectors must approve proposed foreign investments, but under the proposed law, BKPM would be responsible for approvals in all sectors, including licences, tax incentives, and business registrations. The Government is considering proposing a revised investment law to Parliament in 2005 that would streamline foreign investment approval procedures.

Indonesia blocks or restricts foreign investment in some sectors in addition to those service sectors mentioned above. These restricted sectors are described in the "negative list." The most recent version, issued in August 2000, is based on Presidential decree 96, which opened some sectors, particularly certain medical services, to foreign investment. The negative list restricts foreign investment in industries producing marijuana, certain environmentally harmful chemicals, chemical weapons, and alcoholic drinks, and it closes to foreign investment casino and gambling facilities, air traffic and marine vessel certification and classification systems, and radio frequencies. However, various infrastructure, airline, medical services, marine and fisheries, industrial, and other trade sectors are open to investment subject to joint venture or other conditions.

Customs valuation

Since April 1997, the Customs Directorate of the Ministry of Finance has operated a post-entry audit system, which relies primarily on verification and auditing rather than inspection to monitor compliance. A paper-less electronic data interchange system that links importers, banks, and Customs was also introduced and is slowly being adopted. Indonesia is in compliance with the WTO Customs Valuation Agreement but US companies operating in Indonesia have reported problems with Customs procedures and valuations made by Indonesian Customs. The US government continues to monitor the situation.

Import licences and restrictions

According to the Directorate General of Customs and Excise the following goods are still subject to import restrictions, licensing and/or prohibition : narcotics, psychotropics, explosive materials, firearms and ammunition, fireworks, certain books and printed materials, audio and/or visual recording media, telecommunications equipment, colour photocopying equipment and parts and equipment thereof, endangered wild fauna and flora and parts thereof, certain species of fish, medicines, unregistered food and beverages at the Department of Health, dangerous materials, pesticides, ozone-depleting substances and goods containing ozone depleting substances, wastes, culturally valuable goods, and other items.

Import restrictions and special licensing requirements have been or still are imposed on other goods, such as alcoholic beverages, hand tools, artificial sweeteners, engines and pumps, tractors, rice and lube oil, although such requirements may not be consistently applied. The government controls the import of video tapes, laser discs and other entertainment products for both exhibition and private use. Such goods are subject to review by a censor board.

Export controls

Like Indonesia's import tariff regime, export controls are in a state of rapid change as the government works to implement reforms associated with the IMF programme. Many of the restrictions and taxes placed on exports affect agricultural products, including major cash crops like rubber, palm oil, coffee, and copra. Export restrictions and controls are applied by the government to a number of food commodities, most notably crude palm oil (CPO) which remains subject to a 5% export tax, in an effort to ensure adequate domestic availability and stable prices of such products, particularly with the weak economy in recent years.

EEPC INDIA

Import documentation requirements

The government requires the following for most imports : proforma invoice; commercial invoice; certificate of origin; bill of lading; insurance certificate; special certificates. According to the Indonesian Customs Law that came into effect in April 1997, importers are now required to notify the Customs Office in the first stage by submitting the import documents on a standard form computer diskette. Customs Inspections of imported goods may be made after they are imported in the importer's warehouse. Typically, the Indonesian importer takes care of the process.

Free Trade Zones and Warehouses/Import Provisions/Temporary Entry

The government encourages foreign investors who export to locate in bonded or export processing zones (EPZ). There are a number of EPZs in Indonesia, the most well-known being Batam Island, located 20 km. south of Singapore. Indonesia also has several bonded zones or areas that are designated as entrepôts for export destined production (EPTE). Companies are encouraged to locate in bonded zones or industrial estates whenever possible. Other free trade zones include a facility near Tanjung Priok, Jakarta's main port, and a bonded warehouse in Cakung, also near Jakarta.

There is a duty drawback facility (BAPEKSTA) for exports located outside the zones. Producers located within the bonded areas are allowed to sell up to 15% of their product into the local market. Foreign and domestic investors wishing to establish projects in a bonded area must apply to the National Investment Coordinating.

Labeling and marketing requirements

Food labeling regulations requiring labels in the Indonesian language and expiration date (rather than the standard "best used by" date) are in place but are not being enforced. A product registration regulation is also in place that requires detailed product processing information so as to approach proprietary information. The registration procedure can also be quite lengthy and expensive. Indonesian importers and US exporters have expressed concern that these regulations could act as non-tariff barriers to imports of packaged food products. The market for foreign pharmaceuticals has been open since the October 1993 Deregulation Package. Previously Indonesia limited pharmaceutical imports to those that incorporated high technology and were the product of their own company's research. The 1993 package also relaxed the registration requirements for pharmaceuticals approved in other countries. Foreign pharmaceutical companies report ongoing problems obtaining timely registration of new products from the Ministry of Health. New regulations issued in July 2000 have helped reduce some of the backlog in new registrations.

Membership in Free Trade Agreements

As a member of the Association of Southeast Asian Nations (ASEAN), Indonesia is party to the ASEAN Free Trade Agreement (AFTA). Through AFTA, ASEAN members are phasing in a Common Effective Preferential Tariff (CEPT) scheme, which will be completed for most traded goods in 2003.

Research and development

Hardly any of Indonesia's automotive parts and components production have an R&D department, thus they depend upon parent companies or technical tie-ups for complete support in the development of export parts. The R&D institutes operated by the Agency for Assessment and Application of Technology (BPPT) and the Indonesian Institute of Science (LIPI) have catered mainly to the needs of state-owned strategic industries. Their internal management and procedures face bureaucratic constraints. Recent efforts to encourage them to carry out research of more relevance to private firms, with government financial support, have not borne fruit. Due to poor funding and weak management structure, their equipment is outmoded and their staff poorly trained, paid and motivated. They are in no position to provide relevant services to manufacturing firms. Indonesia does not have productivity centers to improve the productivity, product quality, delivery and manufacturing methods of manufacturing firms.

New Tendering Law in Vietnam

Vietnam's new Law 61-2005-QH11 on Tendering became effective on 1 April, 2006, four months after it was passed by the National Assembly on 29 November 2005. The Tendering Law represents the sixth update of Vietnam's tendering regime since 1996.

As under the old tendering regulations, the Tendering Law requires tendering in respect of the following three types of contract :

- contracts for consulting services, such as project management;
- contracts for procurement of goods;
- contracts for construction and installation.

Like the old tendering regulations, the Tendering Law applies to joint venture enterprises, business cooperation contracts and foreign invested shareholding companies in which the Vietnamese party is a State owned enterprise with a capital contribution of 30% or more. As before, such foreign invested projects are required to put the above types of contract out to tender in accordance with Vietnamese tendering rules.

Exemptions from the requirement to conduct tendering are available (for foreign invested, domestic and State investment projects alike) in prescribed cases, such as :

- due to events of *force majeure* and the like;
- where a foreign donor requires direct appointment of a contractor;
- where it is necessary to appoint a contractor to ensure compatibility of facilities and technology of equipment;
- for tender packages under VND 1 billion in respect of procurement of goods or for construction and installation where the project is for investment and development; under VND 100 million in respect of procurement of goods for recurrent procurement; and under VND 500 million in respect of consultancy, unless tendering is "deemed necessary".

If an exemption is available, appointment of a preferred contractor is permissible. However, the selection process must comply with procedures yet to be stipulated by the Government.

Go to www.vietnamlaws.com for a full copy of update on the new Tendering Law; to keep up-to-date with other legal developments in Vietnam; and for access to English translations of close to 3,000 Vietnamese business and investment laws.

Heat Resistant Chain & Kiln Hanging Chain.

Renovation of Chain system for Kiln I and Kiln II

(1) Heat Resistant Chain

Quantity : 400 Nos. ; Length : 4694 MM
Type : 800 Degree C - 1000 Degree C heat proof
Material : A3; Unit Weight : 57.64 Kgs.
(Drawing No. CM/06/006/TH/2005)

(2) Heat Resistant Chain

Quantity : 1,200 Nos.; Length : 1594 MM
Type : 1000 Degree C - 1200 Degree C heat proof
Material : 20 Mn; Unit Weight : 19.57 Kgs.
(Drawing No. CM/06/006/TH/2005)

(3) Heat Resistant Chain

Quantity : 800 Nos.; Length : 1594 MM
Type : 1000 Degree C - 1200 Degree C heat proof
Material : ZG4Cr25 Ni 10 Si 2; Unit Weight : 19.57 Kgs.
(Drawing No. CM/06/006/TH/2005)

EEPC INDIA

- (4) Heat Resistant Chain
Length : 4240 MM
Type : 800 Degree C - 1000 Degree C heat proof
Material : JIS G 41053 Cm3
Unit Weight : 52.89 Kgs.
(Drawing No. CM/06/006/TH/2005)
- (5) Bolt and Nut
Quantity : 2000 Sets
Dia 22 MM/125 MM
1000 Degree C - 1200 Degree C heat resistant proof

- (5) Weight of End Ring Per Piece : 0.605 Kg.
- (6) Total Weight of Chain : 28.6 Kg.
- (7) Weight of Bolts & Nut : 0.494 Kg.

Kiln Hanging Chain

Renovation of Kiln Hanging Chain System

- (6) Heat Resisting Chain
Quantity : 756 Sets
Dia 19 MM x 3983 (+ 30 - 0 L) MM
Material : SCM3
Drawing No. : CMK-0843
 - (7) Heat Resisting Chain Bolt & Nut
Quantity : 756 Sets
M 22 x 110 LMM
Material : SCM3
Drawing No. : CMK-0843
- Specification :
- (1) No. of Intermediate Rings Per Chain : 57 Pcs.
 - (2) No. of End Rings Per Chain : 2 Pcs.
 - (3) Total Rings Per Chain : 59 Pcs.
 - (4) Weight of Intermediate Ring Per Piece : 0.4807 Kg.

EEPC OFFERS

Courses on International Trade and Trade Laws under WTO Framework

In partnership with **Institute of International Trade, Center for WTO Studies**, EEPC is launching various types of courses on International Trade to facilitate trade under the WTO framework from *1st June, 2006, onwards*. The objective of these courses are to enlighten and empower the businessmen engaged in international trade on the Rules of trade and the opportunities available in global markets.

Government of India has entered into various Free Trade Agreements (FTAs) and Comprehensive Economic Co-operation Agreement (CECA) with neighbouring countries in Eastern and South Eastern Asia along with the multilateral agreements under World Trade Organisation (WTO). EEPC feels that the increased knowledge on the new dynamics of International trading and financial systems can expand the business horizon and capacity of its members.

The training programme would include various **Crash Courses and Refresher Courses** for one day to five days depending on the type of Course and number of modules chosen by the participant. The programme modules are as follows :

1. Globalisation : Threat and Opportunities

The Course would give a background on the global economic environment, investment climate and emerging opportunities for trade in goods, services and intellectual property rights under WTO era.

2. International Trading System

Various Rules of the game including Foreign Trade Policy under International Trading System such as Rules of Origin, Technical Barriers to Trade (TBTs), Non-Tariff Barriers, Export Inspections, Disputes Settlement Mechanism and Alternate Dispute Resolutions.

3. Trade in Services

Emerging Service Sector under General Agreement on Trade Related Services (GATS) including BPO, KPO and Engineering Process Outsourcing (EPO).

4. Intellectual Property Rights

Various issues on Intellectual Property Rights (IPR) Management including Patents, Trademark, Copyrights, Industrial Design etc. would be covered under the TRIPS Agreement of WTO.

5. Custom Tariff and Custom Valuations

Various types of import duties, Rules for Custom valuation and Road Map under WTO Regime for various negotiations in progress under Non-Agriculture Market Access (NAMA) for industrial goods: the challenges and opportunities arising out thereof.

6. Trade Policy Measures

Trade Policy Measures (TPM) namely, (a) Anti-Dumping, (b) Subsidies and Countervailing Duty and Safeguard measures. The knowledge of TPM is essential to make representation to Government of India for imposition of anti-dumping duty with proper investigations and to redress the problem of Indian exports for illegal anti-dumping duties imposed by the importing countries.

7. International Financial Arrangements

International financial arrangements for Imports, Exports and Investments by learning as to how to take advantage of Interest arbitrage and various financial instruments. The International credit facilities under various programmes of Asian Development Bank, International Finance Corporation, ECGC etc. and various financial Investments would be focus area.

8. Foreign Exchange Management

Exchange Rate System and the modus operandi to cover exchange risk with up to date analysis on the future of Indian Rupees vis-à-vis various foreign currencies.

9. Regional Trade Agreements and Implications

Various Free Trade Agreement (FTAs) with Thailand, Singapore, Sri Lanka and Other East Asian Countries including SAFTA and emerging opportunities for trade and investments through joint ventures or by setting up branch office or subsidiaries abroad and Visa Regulations for persons visiting abroad either to conduct business or to render services.

10. Policies pertaining to SEZ and EOUs

Special Economic Zone (SEZ) and Export Oriented Units (EOU) : Various policies relating to exemptions under Central Excise Law, Service Tax, Custom Tariffs and Income Tax Laws along with infrastructure and other incentives offered by Central and State Governments respectively.

Faculty

The programme would be conducted by highly skilled professionals drawn from reputed institutes and experts on International Trade

Principal Facilitator

Dr. D. R. Agarwal

Director of Institute of International Trade

He is an expert on WTO and has been a Delegate to various WTO conferences including the Ministerial Conferences at Cancun and Hong Kong.

The Fees Structure*

- | | |
|--------------------------------------|------------|
| (i) Half day Crash Programme | Rs. 1500 |
| (ii) Full day Crash Programme | Rs. 3000 |
| (iii) Three days Refresher Programme | Rs. 7500 |
| (iv) Five days Refresher Programme | Rs. 10,000 |

The Fees includes all cost of Course materials and refreshments and Lunch (for full day programme)

**The fee structure is tentative and subject to change*

Public Notice No. 5(RE-2006)/2004-2009

Dated 28th April, 2006

In exercise of the powers conferred under Paragraph 2.4 of the Foreign Trade Policy, 2004-09 and Paragraph 1.1 of Handbook

of Procedures (Vol. I), the Director General of Foreign Trade hereby makes the following amendments in the Handbook of Procedures (Vol. I) :

1. Para 2.32.2 (a) will be amended to read as follows :

“Import will be allowed only from overseas suppliers who are registered with the Directorate General of Foreign Trade and are listed under Appendix 5-B of the Handbook of Procedures. Registration will be required only for those suppliers that directly contract with **importers** located in India.”

2. Para 2.32.2 (g) will be amended to read as follows :

“In case of any violation, the overseas supplier would be deregistered. Action will also be taken against the Indian firm which is importing the scrap under the Foreign Trade (Development & Regulation) Act, 1992.”

The last date for filing the applications will be **31st May, 2006**. Applications can be sent by e-mail, courier, or in person to the Directorate General of Foreign Trade, H-wing, Udyog Bhawan, Maulana Azad Road, New Delhi - 110 011.

The new system of import from registered sources will come into effect from 1st April, 2006. However, **in cases where Bill of Lading is dated 1st August, 2006 and before**, imports will be allowed on the basis of Pre-Shipment Inspection regime in terms of Para 2.32 of the Handbook of Procedures (Vol. I), notified vide Public Notice No. 1 dated 8th April, 2005 and as amended from time to time.

Policy Circular No. 2(RE-06)/2004-2009

Dated 10th April, 2006

**Import of Compressors without ODS and without
Refrigerant Gas**

A number of representations have been received from various quarters seeking clarification regarding importability of Compressors filled with non-Ozone Depleting Substances.

2. The matter has been examined by the Ministry of Environment & Forests who have clarified that “as per rule 12 of the Ozone Depleting Substances (Regulation and Control) Rules, 2000, importers of Compressors have to be registered with the competent

EEPC INDIA

authority for import of Compressors using Ozone Depleting Substances. Registration requirement will not be applicable for importing Compressors using non-Ozone Depleting Substances, or Compressors which do not contain any refrigerant gas". Based on this clarification, Customs may allow import of Compressors filled with non-ODS substances.

Policy Circular No. 4(RE-2006)/2004-2009

Dated 20th April, 2006

Import of re-manufactured/second hand capital goods

Attention is invited to para 2.17 of the FTP which provides for free importability of second hand capital goods.

2. The Trade & Industry has represented that Customs authorities are insisting upon a specific licence for clearance of second hand capital goods on the premise that remanufactured goods are restricted for import. In this context it is clarified that the said restriction is applicable only to remanufactured goods and not to second hand capital goods, which are freely importable without a specific licence.

3. To facilitate clearance of second hand capital goods under free category, a declaration by the importer at the time of clearance that the capital goods imported are second hand capital goods and do not fall under the category of remanufactured capital goods may be accepted by the Customs authorities.

Notification No. 2(RE-2006)/2004-2009

Dated 7th April, 2006

The Directorate General of Foreign Trade, Ministry of Commerce and Industry, Department of Commerce, Government of India, New Delhi vide its Notification No. 2 (RE-2006)/2004-2009 dated 7th April, 2006 has made certain amendments in the

Schedule - I (Imports) of the ITC (HS) Classifications of Export and Import Items, 2004-09 as under :

In exercise of powers conferred by Section 5 of the Foreign Trade (Development and Regulation) Act, 1992 read with paragraph 2.1 of the Foreign Trade Policy – 2004-09, the Central Government hereby amends Schedule – I (Imports) of the ITC(HS) Classifications of Export and Import Items, 2004-09 as under :

1. The Licensing Note to Chapter – 87 will be amended as follows :

“Para 2(II) (e) The above mentioned provisions will not apply to the import of new vehicles :

- (i) For the purpose of certification as per para (c) (i) above;
- (ii) For the purpose of defence requirement.

Para 2(II) (f) : The above mentioned provisions will also not apply to the import of new vehicles for R&D purpose by vehicle manufacturers and auto component manufacturers. However, the vehicles imported by both these categories for R & D will not be registered under the CMVR Rules in the country and will not ply on Indian roads. The Customs will make necessary endorsement at the time of clearance of these vehicles.

Para 2 (II) (g) : In case the country of manufacture is a land locked country and the shipment takes place from another country, the vehicles would deemed to have been exported from the country of manufacture provided there are supporting documents to track the vehicles from the country of manufacture to the Port of Landing and from there, to the Port of Destination.”

4. The following conditions will be added in Chapter 1A : General Notes regarding Import Policy :

“19. Import of any form of metallic waste and scrap will be subject to the provisions of Para 2.32 of the Hand Book of Procedures (Vol-I), 2004-09.”

10. The Import Policy for the following items will be amended as follows :

<i>Exim Code</i>	<i>Item Description</i>	<i>Policy</i>	<i>Policy Conditions</i>
4012 11 00	Of a kind used on Motor cars (including station wagons and racing cars)	Restricted	
4012 12 00	Of a kind used on buses or lorries	Restricted
