Chairman's Pen

My dear fellow exporters,

India's exports during April-October 2005-06 are valued at US\$ 51 billion which is 22.08% higher than the level of US\$ 42 billion during April-October 2004-05.

Exports during October 2005 are valued at US\$ 8082.70 million which is 27.54% higher than the level of US\$ 6337.53 million during October 2004. Witnessing this high export growth rate, the Government is also encouraging the exporters to take India's merchandise export to a level of US\$ 100 billion during the current financial year, even though the target for the year is US\$ 93 billion.

The Government is aiming at doubling the merchandise trade between India and the United States to at least US\$ 40 billion by 2008, thereby aiming for a target of doubling India's economic engagement with the United States with three years. Currently, India's total merchandise trade with the US is US\$ 14 billion. The US is India's largest trading partner and accounts for 11% of India's trade but India accounts for only 1% of total US trade which indicates vast opportunities to explore the highly potential US market.

Council's Buyer Seller Meets in Rio de Janeiro and Sao Paulo later this month have come at a very opportune time when India and Brazil are looking at strengthening their economic partnership. In an interaction with Shri Kamal Nath, Hon'ble Minister of Commerce & Industry, the Governor of Sao Paulo, Dr. Geraldo Jose Rodrigues Alckmin said both the countries have all the favourable conditions to develop a strategic economic partnership that will enable both of them to enhance their influence in the new globalised world economy.

Council's Eastern Region Golden Jubilee Celebrations which were scheduled for 29th November, 2005 in Kolkata have been postponed due to the last minute change in the plans of Shri Buddhadeb Bhattacharjee, Hon'ble Chief Minister of West Bengal who was to grace the occasion as the Chief Guest. I will keep you informed about developments on this issue.

Yours sincerely,

(RAKESH SHAH)

Dear Member,

Subject : India is the Partner Country in Hannover Fair 2006

Hannover Fair needs no special introduction. Easily the most important technology event on the earth, the forthcoming annual show comprises of nine highly specialised trade shows along with seminars and special events that will offer a peek into tomorrow's factories, latest technology and futuristic industrial trends. **In 2006, the fair is slated to happen from April 24 through April 28.**

Owing to the ever-increasing importance of our country in the global arena, India has been invited to be the **Partner Country** for the event in 2006. This is of great significance as the privileges of the partner country are really special. These include a separate pavilion and a 360-degree display of technology and innovations on the offer. The Hannover Fair 2006 is likely to be inaugurated by the Hon'ble Indian Prime Minister and Her Excellency the Chancellor of Germany.

It might be of relevance here to mention that participants from Russia, the partner country in Hannover Fair in 2005, closed deals worth Billions of Euros during the event. However, this was made possible, partly, by a stupendous display of the technological strength of the country by its 150 strong participants. Friends, we must make a resolve to do better.

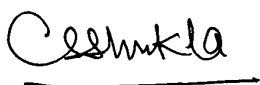

The **India pavilion at Hannover Fair 2006** would be one of the largest exposures ever of our technological advances and prowess. Spread over an area of more than a lakh square feet, it will be right where the action is, at the hall number six, surrounded by the all important Subcontracting Show, the Pipeline Technology Show and the Process Automation Show. Apart from the trade shows and various other sidelight events, we will also organise a few sector specific seminars to be addressed by top line industrialists and government officials from India and Germany.

We are happy to inform to you that your Council has been chosen as the coordinating agency by the Government of India to steer the efforts to make India Pavilion at Hannover Fair, an unprecedented success. I am confident that we will pull all stops and make it so.

Attached, you will find all relevant details you may need to confirm your participation. Should you require any further details or assistance, we shall be only glad to help you. One more thing. We expect a surging demand for space in the India Pavilion from all sorts of companies and institutions from all over the country. Therefore, my suggestion will be that you take a quick decision on your participation. Also, there is a fairly attractive early bird incentive to help you to do so.

See you at Hannover.

Yours sincerely,

(C. S. SHUKLA)
Executive Director

mentation is installed in
nearly all of Eskom's power
stations. Power Transmission
and Distribution (PTD) has
modernised the Mdantsane
township urban power grid
in South Africa and equipped
sub-stations in Namibia and
Cape Town with complete
remote monitoring and
diagnostic systems.

Key projects in the SADC
region include the Kuiseb
sub-station in Namibia,
rehabilitation of electricity
networks in Mozambique
and Zambia, among others.

Public Notice No. 68 (RE-2005)/2004-2009

Dated 10th November, 2005

Dated 16th November, 2005

In exercise of powers conferred under Paragraph 2.4 of the Foreign Trade Policy 2004-2009, the Director General of Foreign Trade hereby makes the following amendments in the Aayaat Niryat Form :-

In exercise of powers conferred under Paragraph 2.4 of the Foreign Trade Policy 2004-2009, the Director General of Foreign Trade hereby makes the following amendments in Handbook of Procedures (Vol. I) :

1. Sl. No. 2 of Sub-Section VIII of the Aayaat Niryat Form, regarding list of documents required for claiming benefit under Vishesh Krishi Upaj Yojana, which reads as **“Export promotion (EP) copy of Shipping Bill(s). In case of exports through notified Land Customs under Paragraph 4.40, Bill of Export may be accepted in lieu of Shipping Bill”** is amended to read as....

1. The first sub-paragraph of paragraph 4.13 stands replaced by the following clause :

The application for grant of advance licence or DFRC for intermediate supply may be made on the basis of a tie-up agreement with the exporter/deemed exporter holding an advance licence or DFRC. The licensing authority concern shall consider such requests.

2. The second sentence of paragraph 4.14 should be replaced by the following sentence :

However, in case of e-commerce application, exports/supplies made from the date of EDI generated file No. for an advance licence may be accepted provided the hard copy is submitted within three months.

“Export promotion (EP) copy of Shipping Bill(s). In case of exports through Land Customs, Bill of Export may be accepted in lieu of Shipping Bill.”
