

Buyer Seller Meet in Russia Moscow & St. Petersburg (21 - 26 November, 2005)

Indo-USSR trade relationship was at its peak prior to disintegration in 1991. Thereafter, export activities have slowed down and presently the Indian industry is generally unaware of the market reforms undergoing in these countries. The Council has conducted a survey of the markets and have found that tremendous potential exists in the region for increasing exports.

EEPC is pleased to announce that a Buyer Seller Meet will be held in Russia (Moscow & St. Petersburg) during 21-26 November, 2005 under the Focus CIS Programme of Government of India. The main objective of the BSM is to increase mutual direct interactions among businessmen for further prospects and expansion in engineering trade.
