

Chairman's Pen

My dear fellow exporters,

The impact of the downgrading of the US Treasury Bills from AAA rating by S&P, will have some impact on India's exports given that there would be considerable currency fluctuating. EEPC India would like to carry out a survey of its members and check what its impact of the currency fluctuation will be on India's engineering exports. We hope on the basis of these feedbacks, we will be able to devise an appropriate strategic response for our member exporters.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Aman Chadha'. The signature is fluid and cursive.
