(An ISO 9001: 2000 organisation)

EEPC India invites Participation for India Pavilion at PAACE Automechanika 2011, Mexico (13 - 15 July, 2011)

EEPC INDIA is organizing an India Pavilion at PAACE Automechanika Mexico 2011 which is one of the leading automotive shows in Mexico as well as Latin American countries. This show will be held in conjunction with the International Week of the Automotive Industry and with the support of important industry associations, PAACE Automechanika Mexico has become a growing platform for automotive business in this region. 647 exhibitors from 19 countries participated in the year 2010.

PAACE Automechanika Mexico is the ultimate platform for displaying domestic and international products to Mexico and Central America's top automotive buyers and key industry players. In addition to the thousands of products, services and resources available on the exhibit hall floor, PAACE Automechanika Mexico offers valuable education and training, unmatched business solutions, exciting networking events and more.

The fair has proven a record to meet suppliers, manufacturers face to face, see the latest technology trends and identify the future markets conditions. The fair witnessed 21,146 trade visitors in 2010. APRA - Automotive Parts Remanufacturers Association, MEMA - Motor Equipment Manufacturers Association and SEMA – Specialty Equipment Market Association are some of the key supporters for PAACE Automechanika Mexico.

Automotive Market in Mexico

The Mexican automotive industry is one of the fastest growing sectors in Mexico. Due to its geographic location and large population of over 100 million people, Mexico is well known for its outstanding opportunities in the automotive industry. Mexico is the world's 11th largest automotive producer and is forecasted to rank 5th by 2011. The auto parts and suppliers industry in Mexico generates approximately 7.5% of the country's GDP. Mexico's automotive production has grown at an astounding rate – approximately ten percent per year over the past three years.

As the Mexican automotive industry experiences tremendous growth, so do the opportunities that exist in the market. Consistent increases in vehicle circulation, parts and accessories imports make Mexico a very lucrative market for business.

Mexico is the 10th largest light vehicle producer in the world and the single largest exporter of auto parts to the US, surpassing Canada and Japan. 90 of the top 100 global auto parts manufacturers have established manufacturing operations in Mexico. From August 2005 to January 2008, 17,76,284 vehicles between 11 and 15 years old and 10,73,654 vehicles 10 years old were imported into Mexico. Mexico is one of the few countries with the largest number of brands participating in its market.

In 2010-11 (April-September), India exported nearly USD 11.48 million worth of auto component to Mexico. Transport equipment accounted for sizeable percentage of total exports from India to Mexico.
