Chairman's Pen

My dear fellow exporters,

The superlative performance of engineering export growth of 109% in the month of April 2011 over the period April 2010 has been possible due to the DEPB Scheme which is the backbone of this huge growth of engineering exports. If the Government does not extend the DEPB Scheme beyond June 30, 2011, it is expected that the growth of engineering exports will fall considerably.

Member exporters have intimated that they have already started withholding their export orders from July 2011 and unless the DEPB Scheme is extended, they will not be undertaking those export orders. EEPC India had already carried out a detailed analysis pertaining to how the DEPB Scheme has benefited the engineering exporters and has conveyed the same to the Government. The Council had also done a detailed survey of its leading exporters and the results show expectation of considerable drop in engineering exports if the DEPB Scheme is withdrawn. These details have been forwarded to the Department by your Council.

In its representation, EEPC India has "stated that the discontinuation of DEPB Scheme was linked to introduction of GST in the country. However, as the GST is unlikely to be introduced before June 2012, the major reason for discontinuation of DEPB does not hold valid in today's scenario. Also despite the fact that exports have increased by over 37% in 2010-11, the international trading scenario in the present fiscal year is likely to be less robust compared to the last fiscal when most Governments around the world were into an expansionary mode to reverse global recession.

The DGFT also provided a range of export benefits in terms of Focus Product Scheme and Market Linked Focus Product Scheme, which are similar to the DEPB Scheme, for reviving India's exports".

In view of the above, the EEPC India urgently requested the Government that DEPB Scheme should be continued for the whole of Policy period 2009-14. In case, this is not agreed, at least the continuation of DEPB Scheme should be linked to introduction of GST in the country.

Yours sincerely,

Council's Activities

EPEC India invites Participation for India Pavilion at PAACE Automechanika, Mexico

(13 - 15 July, 2011)

EPEC INDIA is organizing an India Pavilion at PAACE Automechanika Mexico 2011 which is one of the leading automotive shows in Mexico as well as Latin American countries. This show will be held in conjunction with the International Week of the Automotive Industry and with the support of important industry associations, PAACE Automechanika Mexico has become a growing platform for automotive business in this region. 647 exhibitors from 19 countries participated in the year 2010.

PAACE Automechanika Mexico is the ultimate platform for displaying domestic and international products to Mexico and Central America's top automotive buyers and key industry players. In addition to the thousands of products, services and resources available on the exhibit hall floor, PAACE Automechanika Mexico offers valuable education and training, unmatched business solutions, exciting networking events and more.

The fair has proven a record to meet suppliers, manufacturers face to face, see the latest technology trends and identify the future markets conditions. The fair witnessed 21,146 trade visitors in 2010. APRA - Automotive Parts Remanufacturers Association, MEMA - Motor Equipment Manufacturers Association and SEMA – Specialty Equipment Market Association are some of the key supporters for PAACE Automechanika Mexico.

Automotive Market in Mexico

The Mexican automotive industry is one of the fastest growing sectors in Mexico. Due to its geographic location and large population of over 100 million people, Mexico is well known for its outstanding opportunities in the automotive industry. Mexico is the world's 11th largest automotive producer and is forecasted to rank 5th by 2011. The auto parts and suppliers industry in Mexico generates approximately 7.5% of the country's GDP. Mexico's automotive production has grown at an astounding rate – approximately ten percent per year over the past three years.

As the Mexican automotive industry experiences tremendous growth, so do the opportunities that exist in the market. Consistent increases in vehicle circulation, parts and accessories imports make Mexico a very lucrative market for business.

Mexico is the 10th largest light vehicle producer in the world and the single largest exporter of auto parts to the US, surpassing Canada and Japan. 90 of the top 100 global auto parts manufacturers have established manufacturing operations in Mexico. From August 2005 to January 2008, 17,76,284 vehicles between 11 and 15 years old and 10,73,654 vehicles 10 years old were imported into Mexico. Mexico is one of the few countries with the largest number of brands participating in its market.

In 2010-11 (April-September), India exported nearly USD 11.48 million worth of auto component to Mexico. Transport equipment accounted for sizeable percentage of total exports from India to Mexico.

EEPC India Invites Participation for India Pavilion at Newcast 2011, Düsseldorf, Germany (28 June - 2 July, 2011)

The third NEWCAST exhibition will be taking place in Düsseldorf, Germany during 28th June – 2nd July 2011. This is the world's leading international trade fair for precision castings offering encouraging conditions for attracting new business.

EEPC INDIA is organizing an India Pavilion at this show. As an exhibitor, at this event you get the opportunity to meet the top decision-makers of the casting industry from all over the world, who are on the look-out for innovative "casting solutions" and sustainable "casting concepts". More than half of the trade fair visitors and users came to the NEWCAST in 2007 with firm intentions to invest in new business and technology. The NEWCAST has emerged as the most important platform to present highly innovative sustainable solutions in cast iron for all industrial growth markets. It offers high-caliber "business to business" encounters with International purchasers, users and industry leaders in attendance.

Focus Sector

The spectrum of focus ranges from vehicle manufacturing and the aerospace industry to machinery and plant technology and even as far as medical technology. For the sustainable, environmentally-friendly, low-CO₂ energy production of the future, casting products play a central role on the basis of innovative materials.

Overseas Market Information**Austria****India – Austria Bilateral Trade**

After showing stable advance during the crisis year, India's exports to Austria remain on a constant growth track and registered an increase by approximately 10% y-o-y in 2010 with total export volume amounting •483.1 million. This marks an increase by 55% on 2006 Indian exports volume to Austria and an average exports growth by 12% y-o-y.

Machinery & Transport Equipment represent 26.4% of India's total exports to Austria, where 10% refers to Road Vehicles and 8% refers to Electrical Machinery. This group deserves special attention, for exports of these items have increased by 230% in the past 5 years. The trade of these items have not been hit by the financial crisis. On the contrary, 2009 marked the largest jump in comparison to the previous year.

Hyperlinking of Home Page of Engineering Firms on EEPC INDIA Website

As you are aware, EEPC India is having its own website www.eepcindia.org (EEPCNet) on Internet URL. The visitors to our site are not only accessing general pages but also the home pages of member-exporters hyperlinked on EEPCNet.

Following are the benefits in availing Home Page Hyperlinking Services

1. Your company will have an opportunity to be listed on India's only website exclusively on Engineering Sector.
2. Overseas buyers will have more confidence in business interactions with Council's members through their home page link on Council's website based on EEPC India's brand image a Government Sponsored Organisation and India's first ISO-9001 Council.
3. Your company may get on-line business enquiries of overseas buyers generated through Council's website.

Apart from hosting of home pages of exporters, the website also carries various useful information like Public Notices, Circulars & Notifications issued by DGFT, Customs and Central Excise, etc.

If interested, please fill-up the enclosed Application Form duly signed and stamped (given overleaf) along with Terms & Conditions duly signed and stamped (given below) as well as DD/Cheque of Rs. 2,500/- for members and Rs. 4,000/- for non-members and text matter of your web page (duly signed and stamped).

Format : EEPC/WEB PAGE APPL./04

Terms & Conditions for Hyperlinking of Home Page/Establishing Link through EEPCNet

1. This facility shall be made available to the community of engineering exporters from India.
2. Any engineering firm can apply to the Council to avail of this service by making an application on this Form.
3. **The prescribed service charges for the period 01.04.2011 - 31.03.2012 (i.e. Rs. 2,500/- p.a. for EEPC India members or Rs. 4,000/- p.a. for non-members) shall be applicable at the beginning of the Financial Year 2011-12.**
4. **The payment should be made by Demand Draft/Cheque in favour of 'EEPC INDIA' payable at Kolkata.**
5. For the above period, the charges shall be for the full year irrespective of the date of enrollment.
6. Before providing the Hyperlinking a representative from Council's Head Office shall visit the website of the exporting firm to find out if the contents are suitable.
7. Connections will be provided only if the contents of the home page of the exporting firm is found suitable.
8. If the subscriber desires to change the contents of the website at any time during the service period, she/he shall intimate the Council beforehand, in writing.
9. If the subscriber desires to discontinue the service at any time during the year, no pro-rata refund shall be made by the Council.
10. While the Council shall provide the service to the subscriber on a continuous basis; in the eventuality of any technical snag/telecommunication failures, etc. resulting in disruption of service, the Council shall not be responsible to provide any compensation whatsoever.
11. **Disclaimer :** The Council may, at its discretion, display Disclaimer clauses on the net wherever felt necessary. The Council shall not be responsible for, and/or holds no guarantee over the accuracy, reliability, completeness or the usefulness of the data included in the home page of the member hosted on EEPCNet.
