

Overseas Market Information**Austria****India – Austria Bilateral Trade**

After showing stable advance during the crisis year, India's exports to Austria remain on a constant growth track and registered an increase by approximately 10% y-o-y in 2010 with total export volume amounting •483.1 million. This marks an increase by 55% on 2006 Indian exports volume to Austria and an average exports growth by 12% y-o-y.

Machinery & Transport Equipment represent 26.4% of India's total exports to Austria, where 10% refers to Road Vehicles and 8% refers to Electrical Machinery. This group deserves special attention, for exports of these items have increased by 230% in the past 5 years. The trade of these items have not been hit by the financial crisis. On the contrary, 2009 marked the largest jump in comparison to the previous year.
