## Council's Activities

### **EEPC India Invites Participation for India Pavilion at Saudi Elenex 2011 Riyadh, Saudi Arabia (29 May-1 June, 2011)**

Saudi Arabia is India's 10<sup>th</sup> largest export destination and the 2<sup>nd</sup> largest among the GCC (Gulf Cooperation Council) countries after UAE. Bilateral trade between India and Saudi Arabia has increased by over 6 times in the last 5 years from 3.4 billion USD in Yr. 2005-06 to 21 billion USD in Yr. 2009-10. Recently Saudi Arabia has made consistent efforts to diversify its economy and power generation has been identified as one of the major sectors for diversification. Saudi Arabia holds immense potential for the Indian trading community particularly in light of the India's Framework agreement with GCC countries.

Saudi Arabia's electricity sector is expanding by 7% a year. Over the coming 20 years, projects worth almost USD 120 billion are going to be undertaken to satisfy demand for electricity generation, distribution and transmission - creating demand, as well, for subsidiary electricity-related products and equipment. Saudi Government spends billions of dollars on constructing and upgrading power plants, and will have to rely strongly on foreign investors and suppliers to satisfy the surge in demand for electricity-related equipment and machinery. An array of investment opportunities in Saudi Arabia exists for electricity industry players from across the region and the world.

**Saudi Elenex** is the International Electrical Engineering, Power Generation and Distribution Exhibition in Saudi Arabia. **Saudi Elenex 2011** taps into rising demand for electrical products, amid powerful construction sector growth. Since the year 2000, Saudi Arabia's power generation equipment market has been growing by around 5% annually, and the oil, gas and petrochemicals sectors are likely to drive electricity demand for a long time to come. Organizers expect another successful year, with key decision makers attending Saudi Elenex on the lookout for lucrative investment deals in this growing market. Saudi Elenex, Saudi Aircon and Saudi Luminex exhibitions will be held concurrently to ensure the large number of visitors.

EEPC INDIA is organizing an India Pavilion in **Saudi Elenex 2011**. Participating in the above exhibition will enable Indian companies to further widen their reach in the highly lucrative Middle East market and also would provide an excellent opportunity for establishing business relationships with customers from all over the world.

## **EEPC India Invites Participation for India Pavilion at Newcast 2011, Düsseldorf, Germany (28 June - 2 July, 2011)**

The third NEWCAST exhibition will be taking place in Düsseldorf, Germany during 28th June – 2nd July 2011. This is the world's leading international trade fair for precision castings offering encouraging conditions for attracting new business.

EEPC INDIA is organizing an India Pavilion at this show. As an exhibitor, at this event you get the opportunity to meet the top decision-makers of the casting industry from all over the world, who are on the look-out for innovative “casting solutions” and sustainable “casting concepts”. More than half of the trade fair visitors and users came to the NEWCAST in 2007 with firm intentions to invest in new business and technology. The NEWCAST has emerged as the most important platform to present highly innovative sustainable solutions in cast iron for all industrial growth markets. It offers high-caliber “business to business” encounters with International purchasers, users and industry leaders in attendance.

### **Focus Sector**

The spectrum of focus ranges from vehicle manufacturing and the aerospace industry to machinery and plant technology and even as far as medical technology. For the sustainable, environmentally-friendly, low-CO<sub>2</sub> energy production of the future, casting products play a central role on the basis of innovative materials.
