EEPC India Invites Participation for India Pavilion at Saudi Elenex 2011 Riyadh, Saudi Arabia (29 May-1 June, 2011)

Saudi Arabia is India's 10th largest export destination and the 2nd largest among the GCC (Gulf Cooperation Council) countries after UAE. Bilateral trade between India and Saudi Arabia has increased by over 6 times in the last 5 years from 3.4 billion USD in Yr. 2005-06 to 21 billion USD in Yr. 2009-10. Recently Saudi Arabia has made consistent efforts to diversify its economy and power generation has been identified as one of the major sectors for diversification. Saudi Arabia holds immense potential for the Indian trading community particularly in light of the India's Framework agreement with GCC countries.

Saudi Arabia's electricity sector is expanding by 7% a year. Over the coming 20 years, projects worth almost USD 120 billion are going to be undertaken to satisfy demand for electricity generation, distribution and transmission - creating demand, as well, for subsidiary electricity-related products and equipment. Saudi Government spends billions of dollars on constructing and upgrading power plants, and will have to rely strongly on foreign investors and suppliers to satisfy the surge in demand for electricity-related equipment and machinery. An array of investment opportunities in Saudi Arabia exists for electricity industry players from across the region and the world.

Saudi Elenex is the International Electrical Engineering, Power Generation and Distribution Exhibition in Saudi Arabia. **Saudi Elenex 2011** taps into rising demand for electrical products, amid powerful construction sector growth. Since the year 2000, Saudi Arabia's power generation equipment market has been growing by around 5% annually, and the oil, gas and petrochemicals sectors are likely to drive electricity demand for a long time to come. Organizers expect another successful year, with key decision makers attending Saudi Elenex on the lookout for lucrative investment deals in this growing market. Saudi Elenex, Saudi Aircon and Saudi Luminex exhibitions will be held concurrently to ensure the large number of visitors.

EEPC INDIA is organizing an India Pavilion in **Saudi Elenex 2011**. Participating in the above exhibition will enable Indian companies to further widen their reach in the highly lucrative Middle East market and also would provide an excellent opportunity for establishing business relationships with customers from all over the world.
