Chairman's Pen

My dear fellow exporters,

A major problem that is affecting members of the Council relates to the disruption in realising payments from Iran. India's imports from Iran is around to US\$ 12 billion while India's export goods worth US\$ 2 billion. Thanks to US sanctions on Iranian banks, it was already very difficult for Indian companies to trade with Iran. The Reserve Bank of India had provided the ACU mechanism through which the Indian companies could realise payments for some time now. However, at the end of December 2010, the Reserve Bank of India stopped this route as well as a result of which many of our member exporters are facing considerable problems in realizing payments from their Iranian buyers. Our member companies belonging to small, medium as well as the large scale are facing tremendous problems as their payments are stuck at various stages of the financial system. In many cases this is despite having followed the UCP 600 guidelines. Further, this also affected India's ability to settle its debt due to the imports it was making from Iran.

As per media reports, India in February 2011, had begun clearing its past dues to Iran by making Euro payment through a German based Bank. But this German based Bank, which is owned by Iran, is a banned entity in the US and Washington used its influence on Germany to stop payments through this route. Media reports also indicates that India is exploring paying for crude oil bills from Iran in Rupees after the US forced Germany to stop routing payment through this German based Iranian owned bank.

Iran is an important market for India and we can increase our exports from US\$ 2 billion currently to US\$ 3 - US\$ 4 billion in the next two years provided this payment problem can be resolved. In fact, it is because of this kind of attitude of certain countries, among others, that many experts are of the view that the time has come for developing an alternative reserve currency to the USD or the Euro. Indeed, with India's share in world trade increasing, may be, there could be by the next decade or so, a time when the Indian Rupee itself could be acceptable to some of our trading partners, if not all!

Yours sincerely,

(AMAN CHADHA)

Council's Activities

EEPC India Invites Participation for India Pavilion at Saudi Elenex 2011 Riyadh, Saudi Arabia (29 May-1 June, 2011)

Saudi Arabia is India's 10th largest export destination and the 2nd largest among the GCC (Gulf Cooperation Council) countries after UAE. Bilateral trade between India and Saudi Arabia has increased by over 6 times in the last 5 years from 3.4 billion USD in Yr. 2005-06 to 21 billion USD in Yr. 2009-10. Recently Saudi Arabia has made consistent efforts to diversify its economy and power generation has been identified as one of the major sectors for diversification. Saudi Arabia holds immense potential for the Indian trading community particularly in light of the India's Framework agreement with GCC countries.

Saudi Arabia's electricity sector is expanding by 7% a year. Over the coming 20 years, projects worth almost USD 120 billion are going to be undertaken to satisfy demand for electricity generation, distribution and transmission - creating demand, as well, for subsidiary electricity-related products and equipment. Saudi Government spends billions of dollars on constructing and upgrading power plants, and will have to rely strongly on foreign investors and suppliers to satisfy the surge in demand for electricity-related equipment and machinery. An array of investment opportunities in Saudi Arabia exists for electricity industry players from across the region and the world.

Saudi Elenex is the International Electrical Engineering, Power Generation and Distribution Exhibition in Saudi Arabia. **Saudi Elenex 2011** taps into rising demand for electrical products, amid powerful construction sector growth. Since the year 2000, Saudi Arabia's power generation equipment market has been growing by around 5% annually, and the oil, gas and petrochemicals sectors are likely to drive electricity demand for a long time to come. Organizers expect another successful year, with key decision makers attending Saudi Elenex on the lookout for lucrative investment deals in this growing market. Saudi Elenex, Saudi Aircon and Saudi Luminex exhibitions will be held concurrently to ensure the large number of visitors.

EEPC INDIA is organizing an India Pavilion in **Saudi Elenex 2011**. Participating in the above exhibition will enable Indian companies to further widen their reach in the highly lucrative Middle East market and also would provide an excellent opportunity for establishing business relationships with customers from all over the world.

Product Category

- Power Stations
- Power Plant Equipment
- High Voltage Transmission
- Distribution Networks
- Switchgear Products
- Transformers
- Diagnostic Equipment
- Monitoring & Control
- Portable Generators
- Electrical Engineering
- Electrical Supplies
- Switches and Controls
- Cable and Wiring
- Power Protection
- Testing Equipment

Venue

Riyadh Exhibition Center
Riyadh, Saudi Arabia

Date

29 May-1 June, 2011 (4 days)

Participation Charges

Minimum booth size is 9 sq mtr. (Larger booths in multiple of 3 sq mtr. are also available)

One side open built-up booth : Rs. 12,000/- per sq. mtr. Or US\$ 250 per sq mtr. (Built up booth)

Two side open booth : 10% extra (subject to availability).

Due to limited availability of corner booths, allocation will be done on first-come, first-served basis subject to full payment.

Mode of Payment

Full payment is to be made by

- ❖ Demand Draft/at par Cheque favoring “EEPC INDIA” along with the duly filled-up application form
- ❖ Swift Transfer in US\$ (to add US\$ 50 per remittance to offset bank charges etc.) as per following details:

Name of the Bank	:	HDFC BANK LTD.
Address of the Bank	:	Central Plaza, 2/6 Sarat Bose Road, Kolkata – 700020
Branch Code	:	0014
Account Number	:	00148580000013
Beneficiary Name	:	EEPC INDIA
SWIFT Code	:	HDFCINBBCAL

THROUGH

JP MORGAN CHASE BANK, NEW YORK, A/C No. 001-1-406717

SWIFT Code	-	CHASUS33
CHIPS ABA	-	0002
FEDWIRE ABA	-	021000021
CHIPS UID #	-	354459

Last Date of Confirmation

Full payment is to be made along with the Application Form latest by **29th April, 2011**.

Cancellation of Participation

Request for cancellation of participation will be accepted if EEPC India receives the same in writing before **29th April, 2011**. EEPC India shall not entertain any cancellation afterwards. Any cancellation after the due date shall result in forfeiture of the amount already paid on this account.

Display Booth

There will be in-built display booths of 9 sq. mtr. Council will provide the following :

- Carpeted floor
- One table
- Two chairs
- One counter
- Three spot lights
- One plug socket
- Fascia

Selection Criteria

Since limited space is available, selection of participation will be done strictly on **first-come, first-served basis**.

Benefit of the member-exporters

EEPC INDIA is organizing this event under the MAI Scheme of Ministry of Commerce & Industry, Government of India. Therefore no MDA grant would be available. The rates mentioned above are highly subsidized as per MAI Scheme of Government of India.

Submission of Application

EEPC India Invites Participation for India Pavilion at Newcast 2011, Düsseldorf, Germany (28 June - 2 July, 2011)

The third NEWCAST exhibition will be taking place in Düsseldorf, Germany during 28th June – 2nd July 2011. This is the world's leading international trade fair for precision castings offering encouraging conditions for attracting new business.

EEPC INDIA is organizing an India Pavilion at this show. As an exhibitor, at this event you get the opportunity to meet the top decision-makers of the casting industry from all over the world, who are on the look-out for innovative "casting solutions" and sustainable "casting concepts". More than half of the trade fair visitors and users came to the NEWCAST in 2007 with firm intentions to invest in new business and technology. The NEWCAST has emerged as the most important platform to present highly innovative sustainable solutions in cast iron for all industrial growth markets. It offers high-caliber "business to business" encounters with International purchasers, users and industry leaders in attendance.

Focus Sector

The spectrum of focus ranges from vehicle manufacturing and the aerospace industry to machinery and plant technology and even as far as medical technology. For the sustainable, environmentally-friendly, low-CO₂ energy production of the future, casting products play a central role on the basis of innovative materials.

Venue

Düsseldorf Exhibition Centre, Düsseldorf, Germany

Date

28 June - 2 July, 2011

Participation Charges

One side open built up booth:

Euro 300 per sq. mtr. or Rs. 19,500/- per sq. mtr.

Two side open built up booth *(Subject to availability):*

Euro 350 per sq. mtr. or Rs. 22,750/- per sq. mtr.
