**Chairman's Pen**

*My dear fellow exporters,*

*The second meeting of the Board of Trade will be held on June 14, 2010. The Board of Trade is constituted by the Union Commerce & Industry Minister Shri Anand Sharma and is also chaired by him. The Board of Trade is an Advisory Body under the Chairmanship of Hon'ble Commerce & Industry Minister and includes experts in various fields in the Foreign Trade sector as well as industry and trade organization including EPCs and FIEO.*

*I intend to take a large number of issues at the Board of Trade meeting and I look forward to your suggestion, if any, so that we can take up the same with the Hon'ble Minister. If there are any specific issues which have a policy dimension, then kindly let me know at [chairman@eepcindia.org](mailto:chairman@eepcindia.org), [sgupta@eepcindia.net](mailto:sgupta@eepcindia.net)*

*Yours sincerely,*

## Council's Activities

### **EEPC India invites Participation for India Pavilion at PAACE Automechanika, Mexico (14 - 16 July, 2010)**

EEPC INDIA is organizing an India Pavilion at PAACE Automechanika Mexico 2010 which is one of the best automotive shows in Mexico and Latin American countries. This show will be held in conjunction with the International Week of the Automotive Industry and with the support of important industry associations, PAACE Automechanika Mexico has become a growing platform for automotive business in this region. 236 exhibitors from 13 countries participated in the year 2009.

PAACE Automechanika Mexico is the ultimate platform for displaying domestic and international products to Mexico and Central America's top automotive buyers and key industry players. In addition to the thousands of products, services and resources available on the exhibit hall floor, PAACE Automechanika Mexico offers valuable education and training, unmatched business solutions, exciting networking events and more.

The fair has proven a record to meet suppliers, manufacturers face to face, see the latest technology trends and identify the future markets conditions. The fair witnessed 13,433 trade visitors in 2009. APRA - Automotive Parts Remanufacturers Association, MEMA - Motor Equipment Manufacturers Association and SEMA – Specialty Equipment Market Association are some of the key supporters for PAACE Automechanika Mexico.

#### **Automotive Market in Mexico**

The Mexican automotive industry is one of the fastest growing sectors in Mexico. Due to its geographic location and large population of over 100 million people, Mexico is well known for its outstanding opportunities in the automotive industry. Mexico is the world's 11th largest automotive producer and is forecasted to rank 5th by 2011. The auto parts and suppliers industry in Mexico generates approximately 7.5% of the country's GDP. Mexico's automotive production has grown at an astounding rate –approximately ten percent per year over the past three years.

As the Mexican automotive industry experiences tremendous growth, so do the opportunities that exist in the market. Consistent increases in vehicle circulation, parts and accessories imports make Mexico a very lucrative market for business.

Mexico is the 10th largest light vehicle producer in the world and the single largest exporter of auto parts to the US, surpassing Canada and Japan. 90 of the top 100 global auto parts manufacturers have established manufacturing operations in Mexico. From August 2005 to January 2008, 17,76,284 vehicles between 11 and 15 years old and 10,73,654 vehicles 10 years old were imported into Mexico. Mexico is one of the few countries with the largest number of brands participating in its market.

In 2008-09, India exported nearly USD 93.73 million worth of transport equipment, including components, to Mexico. Transport equipment accounted for sizeable percentage of total exports from India to Mexico.

#### **Focus Products**

**Parts & Systems** - Vehicle parts, components and systems of the drive, chassis, body, electrics and electronics groups.

**Accessories & Tuning** - Vehicle accessories, special equipment, tuning, performance systems, design refinement, tyres, wheels, wheel accessories.

**Overseas Market Information****Slovakia****Volkswagen Commences Production of Touareg Hybrid**

Volkswagen, the German car-maker, has invested in Slovakia for serial production of the Touareg Hybrid model at Bratislava, the Slovak unit of the company. According to the Chairman of Volkswagen Slovakia, the Touareg Hybrid model is one of the most mechanically complicated vehicles in terms of manufacturing. Bratislava is the only site at which this sports utility vehicle would be manufactured and exported the world over.

#### **Sub. : Update your CBS Bank Account No. with Customs for smooth credit of Drawback proceeds**

Dear Member,

With the introduction of centralised customs processing system drawback is now credited to the exporters' bank accounts centrally. In this process exporters who have not updated their bank account numbers with the customs as per the newly allotted CBS bank account numbers the drawback credits will be rejected by the banking system. State Bank of India has specifically informed FIEO that many such rejections are presently taking place affecting the exporters.

Members are hereby advised to update their CBS bank account numbers with the customs authorities to ensure smooth credit of their drawback proceeds.

Best regards.

Yours sincerely,

**Sd/-**

Ajay Sahai, ITS  
Director General
