Chairman's Pen

My dear fellow exporters,

EEPC India will be releasing three Strategy Papers very shortly. The first deals with a study of the engineering industry and exports in China in comparison with the Indian industry carried out by Indian Institute of Foreign Trade, New Delhi. The second deals with a Strategy Paper for the engineering sector for the next five years carried out by Ernst & Young and the third will be a Strategy Paper on the Auto exports for the next five years also carried out by Ernst & Young.

These three Strategy Papers will give EEPC India the theoretical framework to carry out promotional strategies for the next five years and would also help us in recommending to the Government various policy measures that are required to promote engineering exports in the next five years. The Strategy Papers will be released by the Union Commerce & Industry Minister Shri Anand Sharma very shortly and I shall keep you informed about the developments thereof.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Aman Chadha'.
