MANUFACTURING EXPO 2011
ASEAN's #1 Exposition for Manufacturing and Processing Technologies

Coincides with MANUFACTURING EXPO 2011
Bangkok International Trade & Exhibition Centre (BITEC)
Bangkok, Thailand • Hall 106 • 23-26 June 2011

EETC India invites you to participate at its next INDEE in Bangkok, Thailand from 23 to 26 June 2011.

The show will be a part of Manufacturing Expo 2011, an event that brings together the most varied and complete exhibition of the latest in Machinery and Technologies in key industries like Automotive, Electronics, Plastic, Mold & Die, Machine Tools, Industrial Tools, Welding & Cutting Equipment, Subcontracting and related services.

INDIA IS THE PARTNER COUNTRY AT MANUFACTURING EXPO 2011

Bangkok's Bhumibol Bridge or Mega Bridge is part of the 13 km long Industrial Ring Road connecting southern Bangkok with Samut Prakan Province. The bridge crosses the Chao Phraya River twice, with two striking cable-stayed spans of lengths of 702 m and 582 m

INDEE | 2011 BANGKOK

Reflections of Bangkok city in the Chao Phraya River

FOCUS PRODUCTS OF INDEE BANGKOK 2011

- Auto parts and spares and components
- Pharmaceutical machinery, medical devices, medical equipment, surgical equipment
- Food processing and packaging
- Mining equipment
- Textile machinery
- Pipes & tubes
- Machine tools and accessories
- Metal fabrication
- Moulds & dies
- Hand tools & cutting tools
- Sheet metal processing
- Hardware & power tools
- Welding & fastening
- Industrial automation
- Castings
- Forgings
- Renewable energy (wind/solar)
- Electrical & electrical power equipment
- Construction machinery including earth moving equipment, cranes, lifts and winches
- Copper alloy/wires
- Primary steel based items
- Stainless steel utensils/kitchenware & cutleries
- Industrial fasteners
- Optical instruments
- Agricultural implements and machinery including tractors and water treatment plants
- Pumps, diesel & gas engines
- Woodworking machinery
- Industrial fans
- Oil mill machinery
- Aluminium & aluminium products
- 2/3-wheelers, CNG kits, oil seals
- Air compressors
- Boilers and heat recovery units
- Bolts, nuts, screws & other fasteners
- Electric wires & cables
- Electrical items
- Electrodes
- Fencing structures
- Heating & cooling equipment
- Mechanical pumps, power generators and turbine
- Non-ferrous metal
- Other industrial machinery
- Plastic injection molding, packaging machinery, welding electrodes
- Prime iron & steel
- Steel pipes & tubes
- Transmission line tower and accessories
- Valves for oil & gas industry
- Machinery & equipment for plastic & rubber
- Extrusion machinery
- Optical fiber
- Engines & turbines

Bangkok's Sky Train which will be one of the ways to reach the exhibition site

INDEE | 2011 BANGKOK

Unique 'shows-within-show'

INDEE Thailand 2011 will also coincide with **Inter Plas Thailand 2011**, **Inter Mold Thailand 2011**, **Automotive Manufacturing 2011** and **Assembly Technology 2011**, all part of Manufacturing Expo 2011. Also, Manufacturing Expo 2011 will be co-located with '**Industrial Energy & Environment Asia 2011**', the first and only international show on energy and environmental management technologies for the manufacturing industry, '**Industrial Components & Subcontracting 2011**', the only ASEAN sourcing hub with the most complete exhibit profile and '**FurnitechAsia 2011**', the only woodworking and furniture manufacturing machinery show in Thailand.

As one of the largest annual manufacturing expos of South East Asia, Manufacturing Expo has long been the connecting point between the manufacturing countries in Asia, Europe, America, the Far East and importer countries. It brings together buyers, sellers and end users from around the world.

In 2010, Manufacturing Expo hosted 1,500 exhibitors from over 30 countries and attracted over 35,000 quality visitors.

40,000 visitors are expected to show up this year to discover new levels of productivity in innovative technologies, information and knowledge in conference sessions, as well as learning and networking opportunities in special concurrent activities like:

- 1. Automotive & Electronics Summit:** learn the visions and strategies from the top gurus in automotive and electronics industry
- 2. Plastic & Rubber Forum:** boost up production efficiency and effectiveness for plastics and rubber
- 3. Mold Maker Pavilion:** meet the best-of-breed mold and die makers and see how the industry evolve
- 4. Live Robot Demonstration Zone:** see robots and automation systems in action

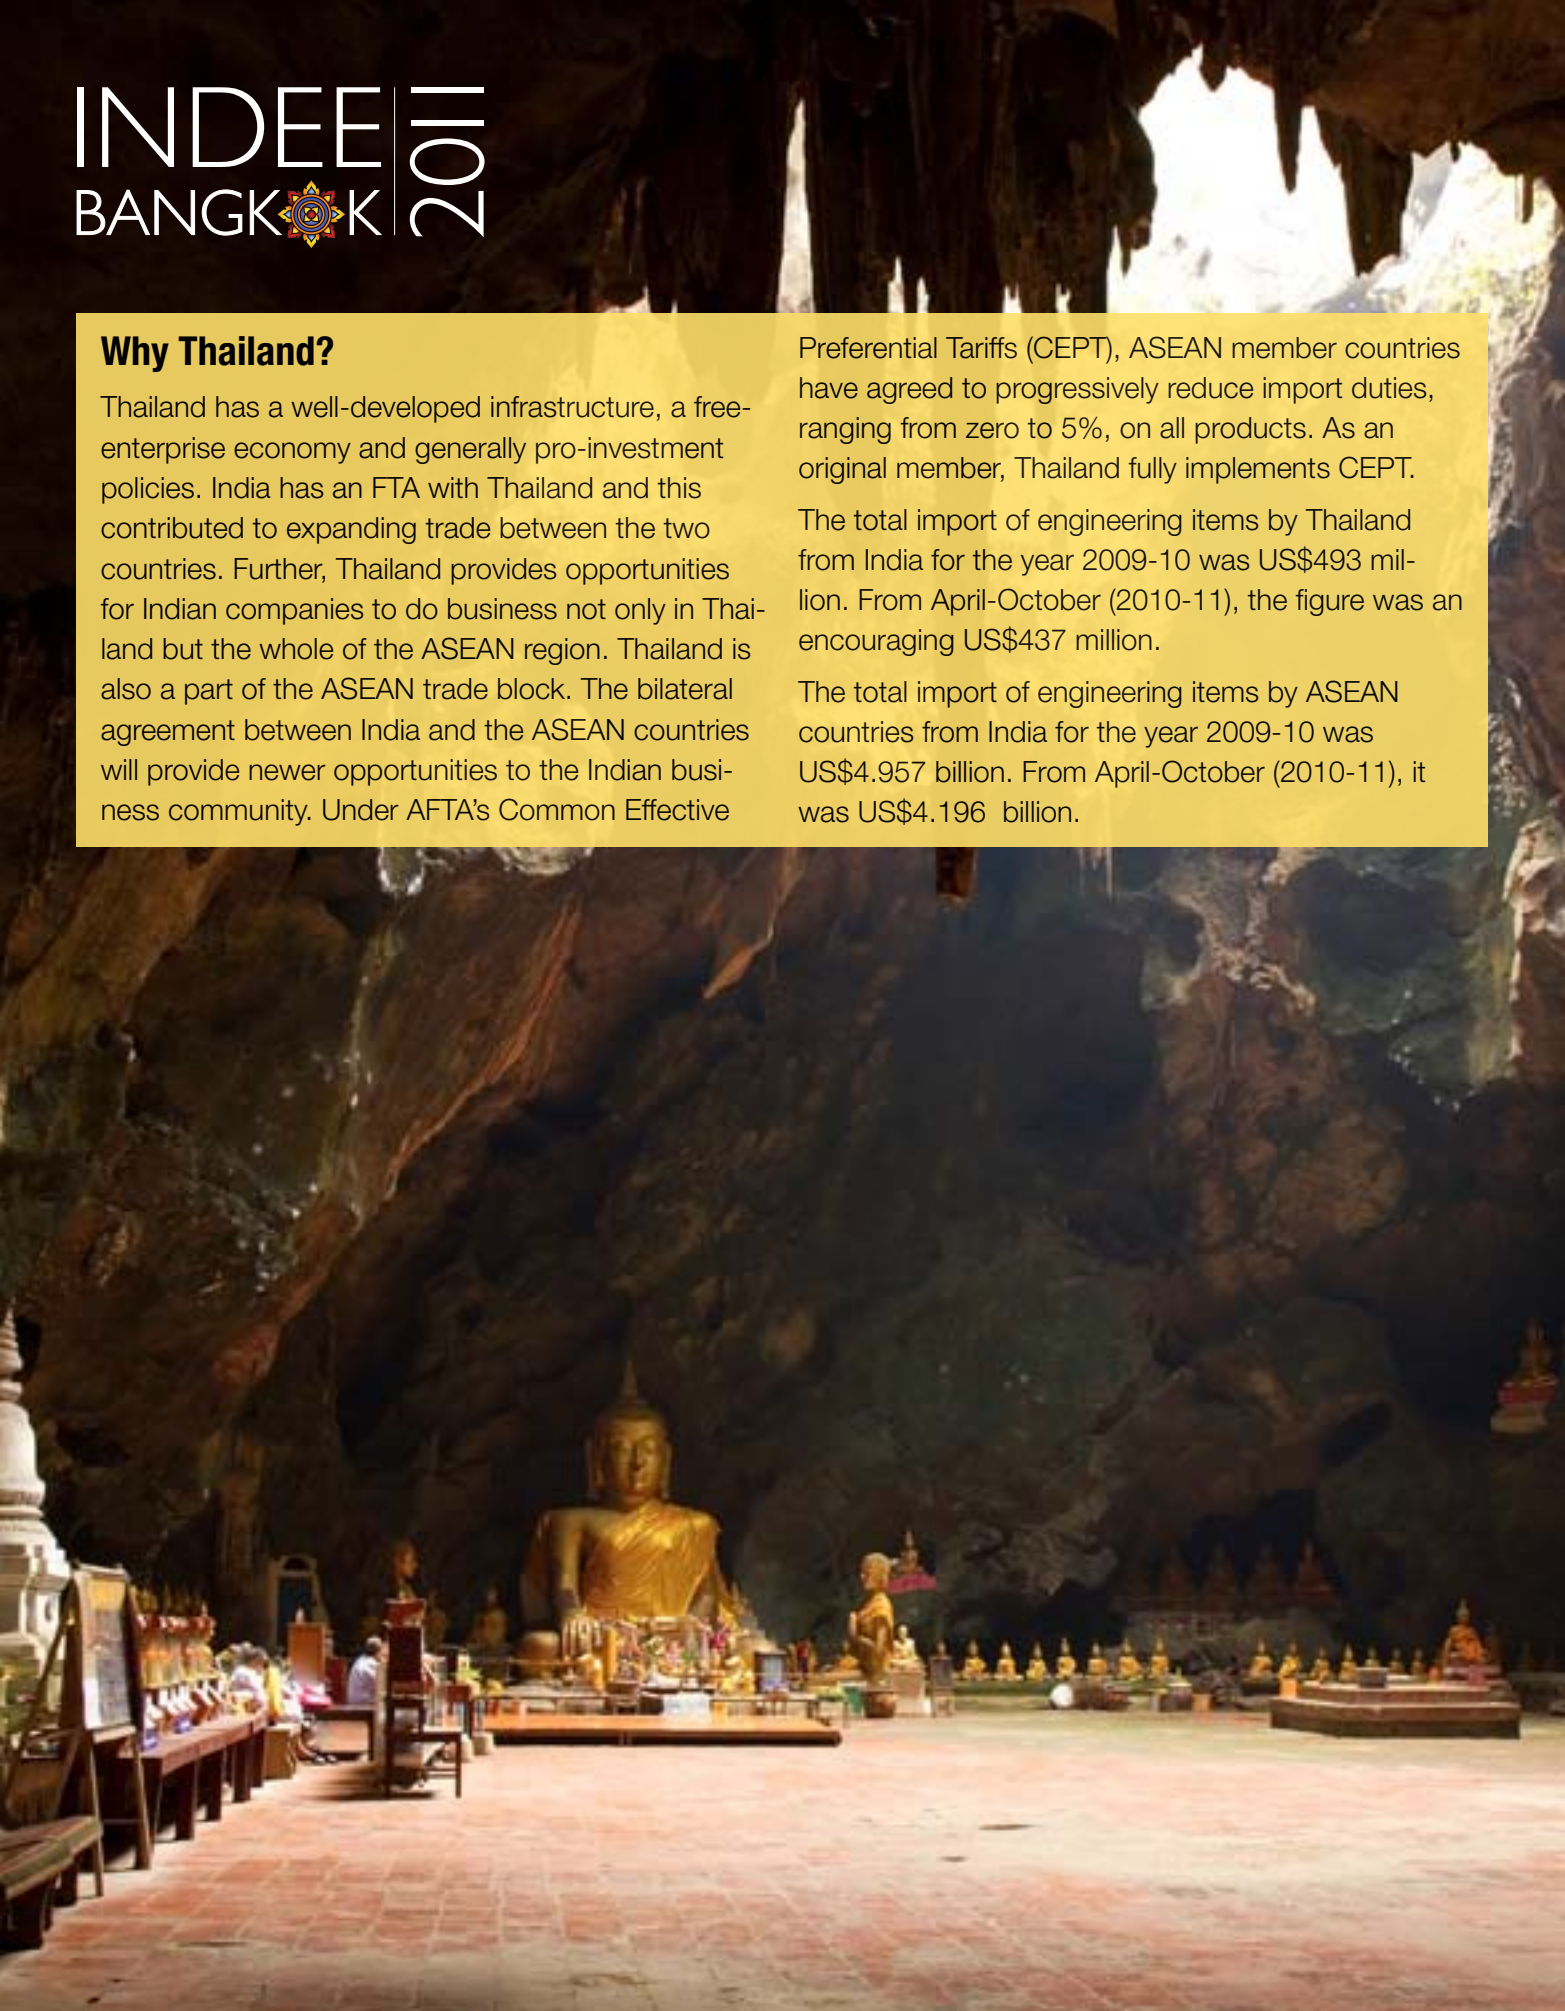

Why Thailand?

Thailand has a well-developed infrastructure, a free-enterprise economy and generally pro-investment policies. India has an FTA with Thailand and this contributed to expanding trade between the two countries. Further, Thailand provides opportunities for Indian companies to do business not only in Thailand but the whole of the ASEAN region. Thailand is also a part of the ASEAN trade block. The bilateral agreement between India and the ASEAN countries will provide newer opportunities to the Indian business community. Under AFTA's Common Effective

Preferential Tariffs (CEPT), ASEAN member countries have agreed to progressively reduce import duties, ranging from zero to 5%, on all products. As an original member, Thailand fully implements CEPT.

The total import of engineering items by Thailand from India for the year 2009-10 was US\$493 million. From April-October (2010-11), the figure was an encouraging US\$437 million.

The total import of engineering items by ASEAN countries from India for the year 2009-10 was US\$4.957 billion. From April-October (2010-11), it was US\$4.196 billion.

BOOTH SIZES, CHARGES AND MODE OF PAYMENT

Display booth and charges

Minimum booth size is 9 sq. mtr. (Larger booths in multiple of 3 sq. mtr. are also available)

- One side open booth: ₹17,000 per sq. mtr. (built-up booth)
