MESSAGE

Congratulations to all the winners of the 54th EEPC India National Awards.

The fundamentals of the domestic economy remain robust, with a strong external account, calibrated fiscal consolidation and stable private consumption. On balance of these considerations, we expect that the growth in FY 26 would be between 6.3 and 6.8 per cent.

The global manufacturing landscape has undergone significant shifts over the past decade. India has been one of the dynamic economies that gained greater presence in the space gradually vacated by developed countries.

India's engineering sector is one of the fastest-growing and most diverse industrial sectors in the country. The EEPC India National Awards are a recognition of the contribution of each and every Awardee as well as the entire Industry in India's economic growth.

I wish good luck for the Show.

(Vimal Anand)
