

# Metalogic Conference on Steel Service Centers for Auto, Infra and Engineering

11 Feb 2026 | Tip Top International Hotel, Pune (Maharashtra)

## Program Outline

9:00-9.45am

### **Delegate Registrations & Networking Session**

9:45am -11:00am

### **Conference Inaugural Session**

Welcome Note:

Industry Note:

Chief Guest:

Discussion Points:

- Why Steel Service Centers?
- Understanding the models of Primary and secondary steel manufacturers and emerging opportunities
- Steel manufacturers investments and expansions in retail business
- Steel processing under changing market dynamics and meeting customer requirements
- SSC bridging the gap of Steel mills and end users
- Dependencies and expectations of end user segment on SSC
- Digital order management and production planning and Integration with ERP and factory systems

11.00-11.15am: Mementos to the dignitaries by Ms. Monica Bachchan Duvvuri, Founder & CEO  
(Group Photo)

11:00am – 12.00pm (60 minutes) – Presentations & Panel

### **Session 1 – Role of Steel Service Centers in Strengthening Automotive & Auto Component Manufacturing**

**Panel Discussion:**

- Evolution of SSCs in global automotive supply chains
- Position of SSCs between steel mills and auto OEMs / Tier-1 & Tier-2 suppliers
- Role of SSCs in Just-in-Time (JIT) and Just-in-Sequence (JIS) manufacturing
- Costing Impact: How SSCs Optimize Automotive Steel Costs
- Steel Requirements of the Automobile & Auto Component Industry

12:00- 12.15pm - Sponsored Presentation Slot 1

12:15am – 1:15pm (60 minutes) – Presentations & Panel

### **Session 2 – Role of Steel Service Centers in Accelerating Infrastructure Development**

**Discussion Points:**

- Centralized processing and distribution of infrastructure-grade steel
- Enhancing speed, reliability, and customization of steel supply
- Role of SSCs in Supporting EPC Contractors & Developers
- Project-specific sourcing of TMT, Pipes & Tubes, Roofing, and Sheets
- Consolidation of multiple steel products under one supply partner
- Quality Assurance & Traceability - Certified supply of TMT, pipes & tubes, roofing steel, and

# Metalogic Conference on Steel Service Centers for Auto, Infra and Engineering

11 Feb 2026 | Tip Top International Hotel, Pune (Maharashtra)

<p>sheets</p> <ul style="list-style-type: none"> <li>• Investment in regional SSC hubs near infrastructure clusters</li> </ul>
<p><b>1:15pm – 2:15pm - (Lunch Break &amp; Networking Session)</b></p>
<p>2:15- 2.30pm - Sponsored Presentation Slot 2</p>
<p>2:30pm – 3:30pm (60 minutes) – Presentations &amp; Panel <b>Session 3: Role of Steel Service Centers in Strengthening Engineering &amp; Downstream Manufacturing</b></p> <p><b>Discussion Points:</b></p> <ul style="list-style-type: none"> <li>• <b>Steel Consumption in Engineering &amp; Downstream Sectors</b> <ul style="list-style-type: none"> <li>○ Heavy engineering &amp; capital goods</li> <li>○ Industrial machinery &amp; equipment</li> <li>○ Material handling systems</li> <li>○ Electrical equipment &amp; transformers</li> <li>○ White goods and industrial appliances</li> <li>○ Fabrication, welding, and assembly units</li> </ul> </li> <li>• Cost Optimization &amp; Working Capital Efficiency - Reduction in material wastage and yield losses and Lower inventory holding and storage costs</li> <li>• Quality, Precision &amp; Traceability - Consistent material quality across batches and Dimensional accuracy supporting CNC, laser, and robotic fabrication</li> <li>• SSCs as Enablers for MSMEs &amp; Tier-2/Tier-3 Manufacturers - Access to high-quality steel without large minimum order quantities</li> </ul>
<p>3:30pm – 5:30pm (120 minutes) – <b>Open House Sponsored PPTs under Trade Meet And Business Networking Rounds</b></p>
<p>6.30-9.00pm onwards – Dinner &amp; Cocktails</p>
<p>----- <b>Day Ends</b>-----</p>
