

India Pavilion at SUBCON 2026

03 - 04 June 2026 | Birmingham, UK

About the Exhibition

SUBCON is recognised as the UK's premier manufacturing supply-chain and subcontracting exhibition, bringing together experienced buyers, tier-1/2 suppliers, OEMs, engineers and industry decision-makers. It is a platform to source new suppliers, compare subcontract manufacturing capabilities, and benchmark technologies and services across sectors including aerospace, automotive, defence, medical devices, electronics, energy and general engineering. The SUBCON 2026 show will bring together 6,000+ industry visitors, 200+ exhibitors showcasing capabilities and technologies, and hundreds of expert speakers. There will be live demos, product showcases, workshops, and networking activities.

The India-UK Comprehensive Economic and Trade Agreement (CETA) represents a historic milestone in bilateral relations — opening up markets, reducing tariffs for both sides on most traded goods, enhancing services cooperation, and laying the foundation for deeper economic integration and strategic collaboration over the coming decade. The deal aims to double bilateral trade from around USD 56 billion (2024-25) to USD 112 - 120 billion by 2030. Major Indian sectors set to benefit include textiles, leather, gems & jewellery, marine products, engineering goods, toys and footwear due to enhanced duty-free market access in the UK. With rising investments in infrastructure, manufacturing and renewable energy, the demand for high-quality industrial components is growing. By offering competitive pricing and advanced engineering solutions, Indian exporters can enhance their presence and build lasting partnerships in UK's industrial sector.

Who Should Attend

Subcon is designed for professionals and companies involved in:

- Procurement and supply-chain management
- Engineering design and manufacturing
- OEM sourcing and supplier benchmarking
- Industrial automation and manufacturing technology
- Quality, process and production management

Product Profile

▶ Assembly Work

- Mechanical Assembly
- Electro Mechanical Assembly
- Complete Manufacturing Services
- Medium/ High Volume Production

▶ Metal Forming

- Fabrications, CNC Machining
- Aluminum Extrusions
- Bending
- Sheet Metal Work
- Joining and Welding
- Turning
- Spinning
- Gear Manufacturing
- Tube Services
- Casting and Forging

▶ Surface Engineering

- Abrasive Blasting
- Anodising
- Heat Treatment
- Polishing
- Painting
- Plating
- Finishing

▶ Cutting Services

- Laser Cutting
- Water Jet Cutting
- Plasma Profile Cutting

- Sawing
- Press Work
- Stamping and Punching
- Boring
- Milling
- Grinding
- Etching and Marking
- Cutting Fluids

▶ Plastic Moulding

- Plastic Injection Moulding
- Rotational Moulding
- Thermoforming
- Vacuum Forming
- Plastic Components
- Blow Moulding
- Compression Moulding

▶ Electricals & Electronics

Manufacturing Services

- Electronic Contract Manufacturing
- Electrical Components
- Electronic Assembly
- Connectors and Cables
- Wire harnessing
- Electrical Testing

Venue

Hall 3A, NEC, North avenue,
Birmingham, United Kingdom

Date & Time

3 June 2026 - 10.00 - 17.00
4 June 2026 - 10.00 - 17.00
