

3RD EDITION SUBCONTRACT INDIA 2026

About the Exhibition

Subcontract India Exhibition is a premier B2B engineering and manufacturing trade fair held in Pune, Maharashtra. It connects Indian subcontracting companies with domestic and international buyers across automotive, electrical, machinery, oil & gas, and industrial sectors. The event promotes sourcing partnerships, innovation, exports and global business collaboration opportunities.

Why Subcontracting?

The Government's Vision Plan 2030 aims to position India as a manufacturing and export hub. Subcontracting plays a vital role in growth, helping buyers and suppliers collaborate, access new projects, maintain global standards, and stay competitive. Supported by policy initiatives and strong demand, the sector is poised for transformation, with global platforms like Hannover Messe and SUBCON fostering industry development.

Why Exhibit

Exhibiting at Subcontract India Exhibition offers a powerful platform to grow your business, build global partnerships, and showcase your capabilities in India's fast-growing engineering and manufacturing sector.

● Direct Access to Quality Buyers

Meet OEMs, Tier-1 & Tier-2 suppliers, procurement heads, and decision-makers from automotive, electrical, oil & gas, construction, machinery, and medical sectors.

● International Exposure

Connect with overseas buyers and sourcing delegations, helping you expand into export markets and global supply chains.

● Strong B2B Networking

Pre-scheduled buyer-seller meetings with overseas buyers ensure focused, result-oriented business discussions.

● Brand Visibility

Position your company as a trusted manufacturing partner in front of thousands of industry professionals.

● Showcase Innovation

Demonstrate your precision machining, casting, forging, fabrication, automation, and engineering solutions live.

● Government & Industry Support

Backed by leading trade bodies and state support, ensuring credibility and high-quality participation.

● Market Intelligence

Understand new trends, competitor strategies, and emerging technologies in subcontract manufacturing.

Industry Products Profile

Industrial Supplies & Services

Auto Components

Electricals

Oil and Gas

Construction and Mining

Industrial Machinery
