*On International Forum
"AI — The Future Today"*

Dear Sirs,

The Trade Representation of the Russian Federation in the Republic of India presents its compliments and has the honor to inform as follows.

The third International Forum "AI — The Future Today" (hereinafter — the Forum) will be held on the 2nd June 2026 in Saint Petersburg. The organizers of the Forum: RUSSOFT Association, IT-Dialog Expert Club, Event Management Global LLC, and the Saint Petersburg State University of Economics (SPbSUE).

An artificial intelligence (hereinafter — AI) has confidently taken a leading position in various sectors of the economy, state government and social sphere recently. Its further evolution and mass implementation are expected to act as an accelerator for the sustainable development of the national economy by automating routine processes, advancing professional skills, reviving productivity growth, reducing costs, creating new professions, improving the quality of goods and services, and, as a result, increasing competitiveness and new markets formation.

The International Forum "AI — The Future Today" is an effective site for comprehensive cooperation of public authorities, AI-based solutions developers and consumers in various sectors of the Russian and foreign economy. The goal of the event

program is to hold an expert discussion of the AI technologies, exchange of experience in the AI products development and integration into the business processes, enhance practical interaction of developers and industry consumers, promote export of domestic AI solutions.

Referring to this we suggest that you disseminate the information about the Forum “AI — The Future Today” among the association members.
