About the Exhibition

Hannover Messe 2027, the world's leading trade fair for industrial technology, is scheduled to take place from 05 – 08 April 2027, at the Hannover Fairground in Germany. Under the lead theme "Think Tech Forward," the 2027 edition introduces a streamlined concept designed to mirror the increasing convergence of software and hardware in modern factories.

The event is organized into three primary exhibition hubs to provide better orientation and foster technological synergies:

- **Automation & Digitalization:** Focuses on smart manufacturing, robotics, AI-driven production, digital twins, and industrial cybersecurity.
- **Energy & Industrial Infrastructure:** Showcases solutions for hydrogen, electrification, smart grids, and sustainable power systems essential for climate-neutral manufacturing.
- **Research & Technology Transfer:** A platform for universities, research institutes, and over 300 startups to present breakthroughs in quantum technology, new materials, and disruptive innovations.
- **Partner Country:** Brazil
- **Exhibitors:** Over 4,000+ companies
