1.4 India Engineering Sourcing Show (IESS IV) held in Mumbai during December 16-18, 2014

Fourth edition of the India Engineering Sourcing Show (IESS IV) concluded on a promising note in Mumbai. The three-day mega event, the largest engineering sourcing exhibition held over 16-18 December, 2014 at the sprawling Bombay Exhibition & Convention Centre, Goregaon East, Mumbai, was organised by the Union Ministry of Commerce and Industry with EEPC India as the lead agency. For three days, hundreds of exhibitors and visitors, buyers and sellers, technologists and consultants, bureaucrats and diplomats from India

and abroad thronged the exhibition centre where the atmosphere was akin to a fairground.

IESS IV was inaugurated jointly by Mr. Rajeev Kher, Commerce Secretary, Government of India, and Mr. Tomasz Lukaszuk, Ambassador of Poland to India. Poland was the Partner Country at IESS IV and an India-Poland Partnership Forum was organised during the exhibition. The other forums were the UAE Business Forum and the Eurasia Business Forum. This year, the India Engineering Sourcing Show (IESS) 2014 expanded its ambit and included Industrial supply in association with Hannover Milano Fairs India Pvt. Ltd. (HMF), the Indian subsidiary of the largest and oldest engineering trade fair organizer, Deutsche Messe AG, Germany. The Industrial Supply vertical has a very successful track record in Germany, Brazil and China. With Industrial Supply, IESS IV became one of the leading industrial sourcing platform in India for domestic and international audiences.

The fourth India Engineering Sourcing Show was organised with lessons learnt from the first three editions and was even better planned and more extensive than the earlier shows. It expanded its scope and included Industrial Supply in association with Hannover Milano Fairs India Pvt. Ltd (HMF), Deutsche Messe AG, Germany, the Indian subsidiary of the largest and oldest engineering trade fair organiser. Some of the

participants felt quality of foreign delegates was poor and profile of most of the foreign delegates was not up to the mark. A few of them recommended that foreign Delegates should be informed well in advance for B2B meetings. Some participants also thought B2B meets should be more selective, relevant and preplanned with exhibitors. Some of them suggested pre-information regarding B2B meet and other vital affairs should have been communicated earlier. 212 participants submitted their feedback form by the last day of the show. Out of the total respondents, 52% participated in IESS for the first time that speaks for good publicity and advertising of the show. 152 respondents made a total number of 7227 contacts with an average of around 48 contacts per participants. Approximately 70% of them were new contacts. Only a few of the participants mentioned about their orders and total amount of orders booked by them was recorded at US\$1.09 million. Participants generated 274 enquiries during the show. However, only a handful of them mentioned the value of the enquiries generated by them that amounted to US\$5.56 million. Out of the 212 respondents, only 42 mentioned their choice on participation in next IESS. Out of them 36 replied in affirmative and 3 in negative. The rest 3 were still undecided. 18.4% of the respondents were able to identify/appoint their agent/distributor during the show while 65% answered in negative. Rest of them did not comment on this issue.

In his address, he outlined the policy and incentive framework provided by the Government of India, which support heavily the doing business in India, both to Indian & foreign companies, either separately or jointly. He invited Czech technologies, particularly to modernize those plants and machineries, which were set up 50 years ago with active collaboration of the then Czechoslovakia. He recalled long and cordial Indo-Czech industrial relationships,

which spreads from company to company, institutions to institutions and sectors to sector. He mentioned about the “Red Carpet” welcome by the Government of India to foreign companies supporting India’s campaign of “Make in India”.

Czech Side presented business opportunities in their country through a presentation by Mr. Miroslav Veselka, Project Manager, Czech Chamber of Commerce, which was followed by a presentation from Czech Invest. Mr. R. K. Singh, inaugurated the Catalogue Show organized by EEPC India. A number of Indian companies presented their products and services through catalogues. Hon’ble Indian Ambassador Mr. Ashok Venkatesan mentioned about the historic relations between the two countries and their domination by industrial tie-ups. He expressed happiness on holding second meeting of the JWG, which was set up at the visit of Indian Industry, Commerce & Textiles Minister to Czech Republic three years ago. R. K. Singh, mentioned that India as emerging market economy offers largest and fastest growing industry for heavy engineering and advanced manufacturing. Mechanization and modernization are speeding up in Power, Water, Mines and Roads & Highways. Global

scale of projects in other infrastructure sectors is breaking ground, fuelled by huge local demand created by ever young India. Youth aspire global quality of life and demands world-class products and services.

The seminar concluded with a Vote of Thanks. He appreciated the efforts of teams on both sides in organizing a reasonable size delegation and a rich programme for them. He hoped that this visit will pave way to a greater and wider platform in future. He called for celebration of India-Czech Technology day in Czech Republic. He also proposed that JWG on Innovations and Skills might meet as soon as possible. He invited Czech industrial delegations to visit India in order to strengthen the commercial ties. He offered to Czech side for full help and assistance of the Indian Embassy to deepen one to one contacts.

In conclusion, it may be said that the JWG resulted in deepening and widening the co-operation in Indo-Czech Heavy Engineering sector. The JWG itself proved to be the key stone in a major span created in the bridge

of Indo-Czech joint business in the sector of heavy engineering. Each of the B2B contact established may be seen as a brick in the span. The institutional arrangements proposed are the cables that link both the sides. Soon, a number of such JWGs will create the complete bridge and act as a highway between India and Czech Republic for carrying the traffic of business in heavy engineering sector. The contents are reflected in the Protocol signed between the two sides. Record of Discussion of meeting of the Indian Official delegation with H.E. Mr. Jiří Havlíček, Czech 1st deputy Minister for Industry and Trade on the sidelines of JWG has been drafted separately.

INDEPENDENT AUDITOR'S REPORT

To the Members of EEPC INDIA

Report on the Financial Statements

I have audited the accompanying financial statements of EEPC INDIA (Company Limited by Guarantee) ("the Council") which comprise the Balance Sheet as at March 31, 2015, and the Statement of Income & Expenditure and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Council's working committee is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flow of the Council in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Council and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit.

I have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

I conducted audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Council's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Council's Members, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for my audit opinion on the financial statements.

Opinion

In my opinion and to the best of my information and according to the explanations given to me, the aforesaid financial statements subject to and read with the summary of significant accounting policies and other explanatory information, as contained in Note 1 and 3, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;

NOTES ANNEXED TO AND FORMING PART OF THE BALANCE SHEET AS AT 31ST MARCH, 2015 AND STATEMENT OF INCOME & EXPENDITURE FOR THE YEAR ENDED ON THAT DATE.

NOTE-1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- 1.1. Expenses/Income, especially those relating to specific projects, are accounted for in the year for which budget approval has been granted and not necessarily in the year of incurrence of expenditure. Any payment/receipt on that account is kept under advances/liabilities till the year of budget approval.
- 1.2. Expenditure related to various Code and other specific activities are booked under those functional heads to conform to the budgets approved by the Government of India. As such, expenses shown under various natural heads are not necessarily the total expenditure incurred under these particular heads.
- 1.3. The subscription income from members is not taken into account unless received. As such, no accrued income for membership subscription is considered in the accounts. Subscriptions received in advance have been treated as liability.
- 1.4. Items of printing and stationery are charged to Statement of Income & Expenditure of the year in which the same are purchased.
- 1.5. Pursuant to the policy adopted by the management in 1982-83, the expenditure on Publication is directly charged to Income & Expenditure account and no stock of publications at the end of the year is accounted for, as these are considered purely export promotional literature.
- 1.6. Interest accrued on House Building, Vehicle and Computer Advances are accounted for by way of directly crediting the same to "Staff Welfare Fund" account instead of routing them through Statement of Income & Expenditure.
- 1.7. The Building Fund has been directly credited with Rs.4.50 crore out of the total collection of Membership Subscription during the year to facilitate purchase of properties for the use of the Council. Further, the interest amounting to Rs.1,13,51,178/-received/accrued on the earmarked fixed deposits of Building Fund with banks has also been directly credited to the Building Fund. Similarly a fund has been created for the Council's Diamond Jubilee Celebration. This Fund has been directly credited with Rs.1.25 crore out of the total collection of contribution for promotional events during the year to meet the expenditure for this purpose.
- 1.8. Provision for Gratuity & Leave Encashment is based on actuarial valuation on the present value of future liability. Based on actuarial valuation, total provision required for Gratuity & Leave Encashment is Rs.1,17,16,922/- which includes Rs.55,40,780/-, being interest on earmarked investments of Gratuity & Leave Encashment fund directly credited to the Provision for Gratuity & Leave Encashment Account.
- 1.9. Depreciation is being provided under the W.D.V. method. Till 31.03.2014, depreciation was provided at the rates prescribed under schedule XIV of the Companies Act, 1956. In the current year, the depreciation has been provided on the basis of the useful lives of the fixed assets prescribed under Schedule II of the Companies Act, 2013.
- 1.10. Foreign Currency Transaction:
Transactions through the foreign currency bank accounts maintained by the Council have been transacted at the standard fixed rates adopted for the year and not at the actual rate prevailing on the date of transaction. The other transactions in foreign currency have been accounted for at the actual rates prevailing on the date of transaction.

- 3.4. (a) The Council is maintaining a Joint Bank Account for making joint payments on behalf of itself and other occupants in relation to the office space acquired in the International Trade Facilitation Centre at Kolkata. As the Council is only acting as a custodian of this bank account, the same does not form part of its accounts.
(b) The said bank account was opened for the convenience of these occupants in making those payments which are common in nature, such as, premises maintenance expenses, security services, electricity, water supply, lift maintenance etc. The funds required for such expenses are contributed by all these occupants on a mutually agreed basis.
