INDEE Philippines 2018

The Philippines is the fastest-expanding major ASEAN economy in 2016. The IMF expects the Philippines to maintain a similar GDP growth in 2017 on the back of a series of continued demands and modest fiscal stimulus programs supported by the local government. Backed with US\$50 billion of revenue from remittances and outsourcing which represents approximately,

9.8% of GDP in 2016, was definitely, a major driver of private consumption in the Philippines economy!

Since 2012, the government has implemented new Industrial policies that aimed to improve the country's industrial competitiveness with a business savvy environment. Now seen as a new growth area, the Philippines is well positioned to attract new investment & suppliers that would catalyse industry growth and

development.

According to World Bank & Asian Development Bank, "The Philippines will continue to be the fastest-growing economy in the Association of Southeast Asian Nations (ASEAN) in 2018."

Realizing the immense potential which the country has to offer, EEPC India has identified Philippines as the location of the next edition of its flagship engineering show – Indian Engineering Exhibition (INDEE). This is the first time that EEPC India is venturing into Philippines.

INDEE Philippines will coincide with the **International Metalworking Expo** scheduled from 22 – 25 August 2018. This is the largest metalworking exposition in Philippines and is being organized in partnership with The Die and Mould Association of Philippines (PDMA), the organizer of PDMEX, which is the largest and a focused metalworking show in Philippines. PDMA has organised eight editions of PDMEX till now.

This year PDMEX will be a concurrent show with International Metalworking Expo 2018.

Features of International Metalworking Expo

With a well-structured network of production facilities, the automotive industry is one of the key drivers of the Philippine economy. Supporting industries, such as metalworking, automation tech, and tools and accessories encourage strong backward linkages in automotive manufacturing. These linkages include capital-intensive production and equipment testing, machinery, dyes and moulds, metal stamping, die casting, and machining. This exhibition focuses on professional international exhibitors and is an easily-accessed platform for all exhibitors to expand their overseas markets and increase brand visibility.

- 200 exhibitors to display their products
- 10,000 visitors expected
- 7 Country Pavilions - Germany, Thailand, Philippines, Taiwan, Singapore, China and EU.

Features of PDMEX

- It is the largest metalworking show in Philippines.
- It incorporates eight allied industries such as Auto Car, Machine Tools, Metrology, Outsourcing & Engineering, Plastics, Welding, Sheet Metal etc.
- In the year 2017, over 13,000 sqm allocated for the event was occupied by 187 registered participating companies and 383 combines local and international exhibitors who showcased a numerous state-of-the-art technologies coming from different country origins.
- 9,932 trade visitors and buyers from CEO, Decision Makers to people coming from different industries and other neighbouring countries registered in show.

Key facts of Philippines

- The only ASEAN nation enjoys no tariffs in EU-bound exports
- The fastest GDP growth with over 100 million population in ASEAN

- 6-8 years tax exemption for foreign investors

Engineering trade between India and Philippines

There has been a continuous rise every year in the exports of Indian engineering products to Philippines. During the year 2017-18 (April-February) India exported US\$ 603.56 million worth of engineering products to Philippines which was higher than US\$ 546.51 million worth of engineering exports in the year 2016-17.

Smart Tech Manufacturing Summit 2018

There will be two full days of exciting themes and seminars on selected topics associated with smart manufacturing, IOT & digitalization impact, automation, robotics and industry challenges. The two-day summit will share the technological innovation and thought-leadership that will help pave the way towards a brighter and more connected world.

Strong support of local associations

The event is strongly backed and supported by the following associations:

- The Die & Mould Association of The Philippines
- Aerospace Industries Association of The Philippines
- Electric Vehicle Association of The Philippines
- Metalworking Industries Association of The Philippines
- Philippine (Auto) Part Maker Association of The Philippines
- The Metals Industry Research And Development Center

Product profile of INDEE Philippines

- **Smart Manufacturing Technologies**
 - Boring Machines/ Bridge Type Machines
 - 3D Printing Technologies
 - CAD/CAM/CAE & Prototyping Machine
 - Computer Hardware & Design Software
 - Fluid & Air Power Technology
 - Hoists & Cranes
 - Hydraulics & Pneumatics
 - Industrial Electronics, Controllers and Drives
 - Industrial Health & Safety
 - Injection Moulding Machinery
 - Instrumentation & Controls
 - Lubrication, Coolant and Coating Systems
 - Machine Parts, Components and Accessories
 - Material Handling and Warehousing Equipment
 - Mechanical Seals & Sealing Technology
 - Metal Cutting Machinery & Tools
 - Metrology & Quality Assurance Equipment
 - Mold and Die Materials and Components
 - Precision Measuring Machines & Tools
 - Pumps & Valves Components
 - Sheet Metal Working Machinery & Tools
 - Smart Factory Automation & Robotic Systems
 - Stamping & Punching Machinery
 - Surface Treatment and Polishing Equipment Test &

Measurement

- Tools & Dies Welding
- Cutting, Hardening & Heating Equipment

- **Metal Cutting Machinery**

- Boring Machines/ Bridge Type Machines
- Drilling Machines/ Filling Machines
- Gear Cutting Machines
- Grinding Machines
- Lathe/ Milling/ Multi Task Machines
- Threading Machine/ Turning Machines
- Machining Center
- Sawing & Shaping Machine
- Threading and Turning Machine

- **Industrial Supply**

- Iron, Steel And Its Products
- Tube, Wire, Cable and Accessories
- Forging & Casting Products
- Components & Parts For Industrial Application
- Electrical Insulation Materials, Electrical Cables
- Electrical Wires, Lugs, Cable Rings
- Galvanized Wires, Stainless Steel Wire Mesh
- Industrial Springs, Spring Coils & Fasteners
- Turned Component
- Sheet Metal Components, Fittings & Flanges
- Steel Mills Equipment And Supplies
- Systems/Sub-Assemblies
- Fasteners, Bolts – Nuts & Bearings
- Control, Measurement & Testing Tools

- **Industrial & Electrical Machinery**

- Foundry & Casting equipment

- Rolling Mill machinery & parts
- Steel mills, plants equipment & parts
- Equipment for Oil & Gas sector
- Packaging & Food Processing Machines
- Printing & Plastic Machinery
- Oil extraction Machinery
- Waste management system
- Heavy Engineering Machinery
- Industrial machines for the small-scale industry
- Pollution control equipment
- Diesel engines and generators
- Agricultural Machinery & Equipment
- Construction Machinery
- Electrical Transmission & Distribution Equipment
- Electric Motors, Generators & Transformers
- Electric Power Machinery & Switchgear
- Renewable and Non-renewable Energy Equipment

- **Others (Special promotion is planned for the following products from India)**

- Bicycle, parts and Components
- Auto parts and Components
- Hand Tools, Power Tools
- Garden Tools
- Steel Utensils
- Medical Equipments & Device

- **Sheet Metal Machinery**

- Bending / Forging Machines
- Laser Cutting Machines
- Press / Riveting Machines
- Shearing Machines
- Tube & Wire Processing Machine
