

INDIA PAVILION AT JIMEX 2019

8 – 11 APRIL 2019,
AMMAN, JORDAN,

A view of Amman, Jordan

EEPC India invites participation

Participate through EEPC India to enjoy
substantial savings!

JORDAN has showcased its ability to remain resilient, maintain internal cohesion, and reinvent itself in the face of adversity. Jordan's economy is expected to pick-up marginally to 2.3% growth in 2017; a slightly higher uptick is forecasted in the medium-term to average 2.6% over 2017-2019. The impact of reforms related to stimulating private-sector investments (such as through improving predictability of regulations, improving access to finance for small and medium

enterprises, and trade facilitation) and higher exports due to the European Union's relaxation of Rules of Origin should kick-in, and sectors such as tourism and construction are expected to improve.

In August 2016, Jordan and the IMF agreed to a USD 723 million in order to lower Jordan's debt levels and fiscal imbalance. Jordan's top five contributing sectors to GDP are Government services, finance, manufacturing, transport, and tourism &

hospitality respectively. Doing business in Jordan is becoming easier; the country recognizes the importance of enhancing its doing business eco-system, cutting the red-tape and bureaucracy, upgrading its economic legislation framework, and streamlining its economic judicial transactions. Jordan is moving away from seeing ICT as an isolated sector and towards digitizing the entire Jordanian economy with emphasis on niche markets and global value chains.

About the exhibition

EEPC India regularly participates in JIMEX, Amman, Jordan every year in a big way. JIMEX is the biggest Electrical and Mechanical Machinery Exhibition in this region and is considered as most important industrial, engineering & trading platform targeting markets of Near East Countries covering important infrastructure sectors, all industries, energy, electricity, automation, water, contracting and consultancy. The exhibition is held under the Patronage of His Excellency the Prime Minister of Jordan, with the official support of Jordan Engineers Association (JEA).

EEPC India has been participating in this exhibition since 2012 and considering the excellent response from the exhibitors, EEPC India is contemplating again to participate in the 16th edition of JIMEX scheduled to be held from 8 – 11 April 2019 in Amman, Jordan.

Note: Government approval for financial support to the exhibition is still awaited. Since time is short, we have started the participation process to avoid any delay at a later stage. The confirmation of participation in the Show is subject to the receipt of the said Government approval.

India-Jordan trade ties

India and Jordan discussed ways to increase cooperation in diverse areas like customs taxation and visa to promote trade and investments between the two countries in July 2017. The discussions were held during the 10th India-Jordan Trade and Economic Joint Committee (TEJC) meeting held in New Delhi. A

HIGHLIGHTS OF JIMEX 2018

- 280 exhibitors representing more than 700 global trade marks.
- Countries of exhibitors: India (Pavilion); China (Pavilion), South Korea, Germany, Turkey, Italy, Greece, Saudi Arabia, UAE, Egypt, Palestine, Lebanon and Jordan.
- 9000 trade visitors from Gulf Countries, Europe, Turkey, India, China, Iraq, Syria, Lebanon, Egypt and Jordan.

revised economic and trade cooperation agreement was signed. The Agreement is aimed at boosting and diversifying bilateral trade relations, in addition to promoting economic, trade and investment cooperation based on the principle of equity, non-discrimination. Discussions were also held on ways to increase ties in sectors like maritime, air and rail transport, renewable energy, smart grid development, IT, higher education and vocational training. The two-way trade between the countries stood at \$1.3 billion in 2016-17.

Amman is the gateway to nearby markets like Syria, Iraq, Palestine and others because of Jordan's strategic location, open relationships with neighboring countries and business friendly laws for foreign investors. According to the Heritage Foundation's Index of Economic Freedom, Jordan has the third freest economy in the Middle East and North Africa, behind only Bahrain and Qatar, and the 32nd freest in the world. Jordan ranked as having the 35th best infrastructure in the world, according to the World Economic Forum's Index of Economic Competitiveness. The Kingdom scored higher than many of its peers in the Persian Gulf and Europe like Kuwait, Israel and Ireland.

The growth is evident from the fact that India's engineering exports to Jordan is increasing every year and India's share in Jordan's total engineering imports has also gone up to 6.4 %. This shows Jordan as a very promising market for Indian engineering products.

Product Profile

Industrial Machines:

- Industrial Machines
- Food Machinery
- Production Lines
- Wood Working Machines
- Construction Heavy Machines
- Compressors, Fans & Blowers
- Turning Machines (Lathes)
- Sawing and Cutting Machines
- Screwing and Threading Machines
- Packaging Machines
- Welding and Gas Cutting Machines
- Cutting and Forming Tools
- Plain Bearings & Anti-friction Bearings
- Hydraulic and Pneumatic Systems
- Conveyor Belts & Transportation Machine
- Cranes Forklifts and Lifting Machines
- Storage Systems

- Lifts & Escalators
- Stores & Metal Construction Systems
- Tools and Industrial Supplies.

Automation and Installation

- Distribution & Control-gear
- Installation Technique and Equipment
- Programmable Logical Controllers (PLC)
- Protection Equipment and Systems
- Control, Motion, Drive and Automation
- Instrumentation & Metering
- Power, Communication & Control Cables
- Lighting and LED Lighting.
- Automation for Storage & Transportation
- Fire Alarm Systems
- Electrical & Mechanical Training Equipment
- Traffic Light Systems

Mining

- All Drilling Machines Tools for Mining
- Drilling, Boring, Milling and Grinding Machines

HVAC & Refrigeration

- Air-conditioning systems
- Pumps, Fans, Boilers and Radiators
- Chillers and Central Air- conditioning
- Industrial Refrigeration, Refrigeration Rooms
- Solar Heaters

Water & Gas Technologies

- Water Treatment Systems
- Valves and Flow meters
- Control systems for pumps
- (BMS) Building Management Systems

- Gas Technology and applications
- Filters, Fans and instrumentation

Fire Fighting & Safety Systems

- Safety Equipment and Systems
- Fire Fighting Systems
- Pumps and Fire protection.
- Tools and safety equipment

Energy & Electrical Machines

- High, Medium & Low Voltage Switchgear
- Transformers, Generators & Motors
- UPS Systems
- Computers & Software for Machines and Industries
- Variable Speed Drives
- Scada and Industrial Software
- Other products related to above sectors.

Security & Monitoring Systems

- Cameras and Monitoring Systems
- Security Equipment and Systems
- Engineering Software and Books
- Training and Lab Equipment

Solar & Renewable

Energy Show and Forum

- PV Solar Systems
- Solar Heating & Cooling
- Wind Generation and Smart Grid
- Energy Production Utilizing Renewable & Future Primary Energy Sources
- Rehabilitation of Power Generation Units
- Energy Saving Management
- Energy Efficient HVAC & R

Venue

Halls of Amman International Motors Show Center (AIMS)
Near Ministry of Foreign Affairs (on the way to Amman International Airport)
Amman, Jordan

Date

8 – 11 April 2019
Opening Hours: Daily from 4.00 pm to 10.00 pm.

Participation charges
