

BAUMA MUNICH 2019

8 APRIL - 14 APRIL, NEUE MESSE MÜNCHEN, MUNICH, GERMANY,

EEPC India invites participation

Participate through EEPC India to enjoy
substantial savings!

About the exhibition

EEPC INDIA is participating at the BAUMA 2019 to be held at Neue Messe München, Munich, Germany. The 32nd Edition of the Worlds Leading Trade Fair BAUMA is going to be held in Munich from April 8-14, 2019. Heartbeat of the Industry BAUMA 2019 is both the hub for all markets and pacesetter. Every three

years, BAUMA offers the unique chance to meet with customers from around the world. This show is without a doubt the most important trade fair worldwide for the construction machinery industry and its atmosphere is unique: BAUMA is huge; it is overwhelming, busy, international and always a successful business platform. Experience the construction-machinery industry in

its entirety. With two new exhibition halls and optimized outdoor areas BAUMA, Munich once again surpasses itself. In 2019, the world event will feature 18 halls and an overall exhibition space of 614,000 m². For both exhibitors and visitors this means: more space for doing business.

This would be a unique platform for both industry leaders and SMEs to expand their reach into the growing European Construction industry.

All branches of industry, all leading manufacturers, all important innovations: Those who have been there before always come back. The Worlds Leading Trade Fair BAUMA is the leading platform for experts who deal with construction and building-material machines, construction vehicles, construction equipment and mining machines. This is where international key players meet. This is where significant new developments are presented. This is where suppliers and solutions come together perfectly.

Key facts

- 605,000 m² of exhibition space
- 3,425 exhibitors from 58 countries
- 583,736 visitors from more than 219 countries
- 138,929 visitors from the mining sector alone

Objectives

- To globally promote and showcase construction industry from India
- To further assess the potential of these international markets, on a first hand basis.

Focus products

For construction sites

- Construction vehicles
- Construction machines
- Lifting appliances and conveyors
- Construction equipment / tools and special systems
- Handling and processing concrete and mortar at construction sites
