

EEPC/TECHCENTRE /2017

29/08/2017

CIRCULAR

Dear Sir,

**SUB: INTERACTIVE WORKSHOP/SEMINAR SESSION ON
"SIMULATION DRIVEN PRODUCT DEVELOPMENT FOR
ENGINEERING INDUSTRIES"**

EEPC INDIA under Ministry of Commerce, has recently inaugurated Technology Center, in Bengaluru , for the benefit of MSME's and Member Exporters, to increase the awareness of recent technologies and help the MSME units to upgrade their technology.

This is an initiative to increase the quality of the products, manufactured in India and eventually boost engineering exports.

The introduction of Advanced Simulation Based Engineering in New Product Development is redefining the Indian Engineering and Manufacturing. An urgent need is felt for creating an adequate infrastructure that provides hand holding support to industry for technology upgradation in new product development.

We are pleased to inform that EEPC along with ANSYS is organizing an interactive workshop/seminar session on "**SIMULATION DRIVEN PRODUCT DEVELOPMENT FOR ENGINEERING INDUSTRIES**" on 6th September 2017 in Bangalore at the following venue:

EEPC INDIA - Technology Centre

**Embassy Square
103, First Floor
No.148, Infantry Road
Bengaluru 560 001**

DATE: 6th September 2017, WEDNESDAY

TIME : 10:00 AM to 4:00 PM

The workshop/ seminar session will be delivered by "ANSYS" themselves

Predict how product designs will behave in real-world environments and continually advance simulation solutions by participating in this programme

The interactive workshop/seminar would deliberate on the following areas:

1. Technologies for Disruptive Innovation

2. ROI from Simulation Driven Product Development

- *Automotive*
- *Industrial Equipment*
- *Pumps & Valves*

3. ANSYS product Demo on FINITE ELEMENT ANALYSIS (FEA)

4. ANSYS product Demo on COMPUTATIONAL FLUID DYNAMICS (CFD) ANALYSIS

5. Possible Collaboration and Intervention on Sample Projects / Live Cases through EEPCC TECHNOLOGY CENTRE

***The participation charges are Rs 1000 /- + 18% GST . Only one person per company can participate**

Seats are limited to 20 . Participation will be on First Come First Serve Basis only

Lunch will be provided

Who should Attend ?

CEO , MD , Senior Functionaries from R&D, Design & Analysis, Manufacturing and Key Decision Makers in New Product Development.

We request you to attend the interactive workshop/seminar session and actively participate in the deliberation.

Kindly confirm your participation by return mail at the earliest.

Best Regards
