### **DRIP CAPITAL:**

Drip Capital offers a unique trade financing product targeted towards SMEs in developing markets. Their comprehensive and automated risk assessment model allows rapidly growing SMEs quick and easy access to finance.

With a focus on technology, Drip aims to eliminate the hassle of paperwork and bureaucracy and create a seamless borrowing experience for its clients.

### **ECGC :**

ECGC Ltd. (Formerly known as Export Credit Guarantee Corporation of India Ltd.) wholly owned by Government of India, was set up in 1957 with the objective of promoting exports from the country by providing credit risk insurance and related services for exports. Over the years it has designed different export credit risk insurance products to suit the requirements of Indian exporters. ECGC is essentially an export promotion organization, seeking to improve the competitiveness of the Indian exports by providing them with credit insurance covers.

### **KEY FEATURES OF IESS – VII (8-10 March, 2018)**

IESS – The largest global engineering congregation in India is getting ready with its VIIth version from 8-10 March, 2018 in Chennai.

Industry is on the brink of the Fourth Revolution. EEPIC India, as an implementing agency of technology upgradation initiatives by the Central Government, has upheld 'Smart Engineering' since the VIIth edition of IESS.

India has become one of the most preferred locations for engineering offshoring. With the help of the Make in India drive, India will soon become a hub for hi-tech manufacturing as global giants such as GE, Siemens, HTC, Toshiba and Boeing have either set up or are setting up manufacturing plants in India. An exclusive technology pavilion will be the prime attraction of the show.

EEPC India under the aegis of the Ministry of Commerce & Industry, Government of India is organizing the seventh edition of International Engineering Sourcing Show (IESS) **from 8-10 March, 2018 at Chennai Trade Centre, Chennai.** IESS is one of the largest and the only international subcontracting exhibition in India in the engineering sector.

The last six editions of International Engineering Sourcing Show (IESS) successfully organized by EEPC India in Mumbai and Chennai with active support from Ministry of Commerce and Industry and support from other Ministries of the Government of India including External Affairs, Department of Heavy Industries and Micro, Small and Medium Enterprises had attracted over 2100 exhibitors from India and abroad with country pavilions from Poland, Czech Republic, Romania, Bulgaria, South Korea, Thailand, South Africa, Canada and COMESA Region. The show has been visited by over 50,000 professionals.

### **WHO SHOULD ATTEND**

Entrepreneurs, Exporters / Importers, Manufacturers/Traders, Employees of export house/status holders, Anyone with interest in Exports, Senior Management Personnel, CEOs, CFOs etc.

**For detailed discussion on the subject, we invite you to join us in the interactive session as per the below program:**
