Dear Sir/Madam,

Seminar on Materials Science and Engineering **Monday, 24th June, 2019: 10.00 AM: Conference Hall, EEPC India, Kolkata**

The development index of a particular country can be better measured by the amount of metal used per capita. While threats abound from alternative material choices, metals continue to be at the forefront and in many cases the only choice for many industrial applications. Today India has replaced Japan as the 2nd highest steel producing country in the world and stands as the 4th largest Aluminum producer. With such significant strength in metal production, appropriate use of metallurgy assumes supreme.

Against this backdrop, EEPC India Technology Centre in collaboration with CSIR-NML, Jamshedpur & CSIR-CMERI Durgapur is organizing a **Seminar on Materials Science and Engineering** on **24th June 2019** from 10.00 am – 1.30 pm at EEPC India Conference Hall, 1/1 Wood Street, Kolkata - 700016, followed by lunch. The registration will be started at 9.45 am.

The core theme of the seminar is educating MSMEs on Material Science and Technologies to move up the Value Chain for Sustainability.

Agenda of the Seminar:

1. Role of Materials in Manufacturing Industries i.e Casting, Forging, Fabrication
2. Selection and Application of Materials in Manufacturing Industries
3. Enabling Heat Treatment in Manufacturing Industries

A mini **Book Fair on "Science and Technology"** will also be organized in the same venue for the participants to derive a techno flavor from this occasion.

To cover a part of the administrative costs we are charging a participation fee as follows.

- ❖ For Members : Rs 500/- plus 18% GST per participant
- ❖ For Non Members : Rs.750/- plus 18% GST per participant
