Dear Sir/Madam,

Interactive Session on "Transition from 2D to 3D Design"

Wednesday, 7 August, 2019: 05.00 pm: Conference Hall, EEPC India, Kolkata

Traditionally, manufacturers in India are accustomed to work within the limitation of 2D design environment while the outside world consumes products which are essentially having three dimensions. With the progress of industrial designing, modeling etc. transformation of 2D designs into 3D digital prototypes is the call of the day. This way, designers can accelerate their concepts and precisely visualise their projects and products virtually, reducing the need for costly physical prototypes.

Architects, Engineers, Designers and Visual effects artists across the world use Autodesk 3D design and modeling software to move their designs from 2D to 3D, transforming their ideas from concepts to realistic simulations to precise plans for production.

With this background, EEPC India Technology Centre is organising an **Interactive Session on "Transition from 2D to 3D Design"** on **Wednesday, 7 August 2019 at 5 p.m.** at EEPC India Office Premises, 1/1 Wood Street, Kolkata 700016, followed by Hi-Tea. The representatives from AUTODESK, pioneers in this field, will be interacting with the members. The registration starts at 4.45 pm.

I write to request you to make a special effort to attend the session and make the deliberations more fruitful. Your confirmation in the attached Reply Form is essential to enable us to make the necessary arrangements.

We look forward to your confirmation in this regard at the earliest.

With regards,

Anima Pandey
Regional Director (ER) & Director (Membership)
EEPC India

Interactive Session on "Transition from 2D to 3D Design"

Wednesday, 7 August, 2019: 05.00 pm: Conference Hall, EEPC India, Kolkata

INVITEE REGISTRATION FORM

Our organization will be represented by:

	Name	Designation	Mobile
1.	_____	_____	_____
2.	_____	_____	_____

Nominated by:

Name : _____ Designation: _____
Company : _____
Address : _____
: _____
Tel : _____ Fax: _____ Mobile: _____
E-mail : _____ Signature: _____

PLEASE SEND YOUR REPLY TO
