We feel great pleasure to inform you that for the benefit of its members, EEPC INDIA regularly organises a series of training programmes on different topics taking into consideration the current scenario in International Trade.

In the modern competitive world, Goods and Services are sourced across the Globe. The International purchasers are highly Price sensitive and are certainly not Quality insensitive. This ever pressing demand has effectively resulted in most international suppliers decreasing their prices & enhancing the Quality. Thus Price and Quality which were regarded as two significant parameters to sustain & promote International trade have been corrected by Suppliers across the world to the beneficial Advantage of purchasers.

In this connection, EEPC INDIA, Mumbai is organizing 5 days (Friday & Saturday only) Certification Course in Foreign Trade which will be conducted by various faculties experts in their respective field (profile enclosed). Timing would be 10.00 am - 5.30 pm (lunch break 1.00 pm to 1.30 pm)
