METALLOBRABOTKA-2024

24th International Trade Show for Equipment, Instruments and Tools for the
Metalworking Industry

Dear Sirs,

You are kindly invited to join the exhibition **METALLOBRABOTKA-2024**

(<http://www.metobr-expo.ru/>) – a major exhibition project in Russia in the machine tool building and metalworking industry to be held in **May 20-24, 2024** at the Expocentre Fairgrounds, Moscow.

The event is supported by the Russian Ministry of Industry and Trade, the Chamber of Commerce and Industry and industry associations. Each edition of the show becomes an effective platform for presenting advanced high-tech equipment and the latest market developments.

As of the end of 2022, the Russian metalworking equipment market value amounted to \$1.4 billion, consumption volume exceeded 25,500 units. The share of the imported equipment amount to 35% of the consumption volume while the demand for industry products remains at a consistently high level.

Metallobrabotka-2023 sets new records:

- over 40,000 sq. m of exhibition space;
- 1077 exhibitors from 13 countries;
- 5,989 tons of the exhibited equipment;
- more than 44,000 visitors from 47 countries and from all over Russia.

Meanwhile the forecast for the 2024 edition shows that the above results will be outperformed.

The major Russian metalworking enterprises take part in the exhibition. Metallobrabotka attracts top managers of the large and medium sized businesses as well as industry experts. According to a survey about 30% of the visitors are buying decision makers while 65% of them plan to make purchases based on the results of the exhibition.

The exposition presents metalworking machines and equipment, technologies, tools, welding equipment, robotics and industrial automation, components, assembly parts, additive technologies, surface treatment equipment and technologies.

Traditionally, the exhibition is accompanied by over 30 supporting events helping to promote effective contacts between industry manufacturers, suppliers and consumers.
