The 3-days long Exhibitions of 2024 edition were attended by more than 14000+ trade visitors.

Economy of Bangladesh

Bangladesh is a country with significant economic potential in the South Asia. The country maintained a strong track record of growth even during the periods of global uncertainty – it maintained growth above 5% since 2005 which came down only in 2020 due to the pandemic and again regained momentum in the coming years. The country is expected to graduate from its LDC status by 2026. IMF predicts that in 2024 Bangladesh will grow at around 6% in 2024 and will continue in a growth path thereafter.

In pharma machinery and medical devices, India is a partner of Bangladesh. In 2023-24, India exported USD 25.93 million worth of medical devices and USD 183.43 million worth of pharma machineries to Bangladesh.

Opportunity for Engineering Exports to Bangladesh

Bangladesh has gained momentum in the recent years and has become the second largest economy of South Asia. As the neighbouring country of India with a common border of length 4096 kms. This makes Bangladesh an important destination for Indian engineering exports. The healthcare sector in the country has also experienced stable growth in the last few years fuelled by increasing demand for better quality healthcare and increase in healthcare spending. As per USTRADE Bangladesh is currently the only LDC that meets nearly 98 percent of its domestic demand for pharmaceutical products, with a market size of approximately \$3 billion. Total Bangladeshi healthcare spending is more than USD 10 billion with double digit annual growth in nearly all sub-sectors including medical devices and pharmaceuticals. Therefore there is significant for exporters of medical devices and pharmaceutical machineries in Bangladesh. In this regards, Asia Pharma exhibition provides significant opportunities to Indian exporters trying to enter the Bangladesh market.
